**What the Hell's Wrong with America** Dr. Lune A. Teek,2021-10-19 What The Hell s Wrong With America is a book about well what the hell s wrong with America It is the author s contention that the one thing that causes more acrimonious intent thoughts and acts than anything anyone can point to is race Are you black or white What makes you black of white How did you become Hispanic How did you become an Arab even if you ve never been to Saudi Arabia The answers may not be what you think According to the author this is due to the lack of the average man and woman s understanding of the truth about what race is and what race is not The author contends that as long as people keep referring to themselves as what they are referring to themselves as this country as well as the world will never experience the peace and prosperity they profess to want The author states Everyone wants to have a Conversation about race but no one wants to consider that both sides will be starting and engaging in dialogue with false premises In short lies In this book you will be is asked powerful common sense questions about race that in the author s words you have never been asked before The author goes on to examine effective problem solving the importance of having not just knowledge but correct knowledge what evil is as well as the different forms that it manifests itself in and how evil relates to the context of race as we have been taught to perceive it the fictitious cultures both black and white people have created in an effort to solidify their concepts of these void constructs of black and white and a lot more The author started this book in 2015 at the height of civil unrest following several incidents of unarmed black men who were killed by police In

Chapter Five the book explains how not to be killed during or at the end of a police interaction There s even a LGBTQ section dealing with the author s views and insights on gay marriage While the author states that the instructions given in this chapter may not be feasible for everyone the chapter is a must read And even though the author states that there will be secrets left untold it will be impossible for you to leave this book without a commitment to reexamine everything you have been taught Starting with race This book is a must read if you have been seeking insights on the truth about an issue that has in one way or another touched us all Is America divided Yes But it doesn t have to be Read this book to understand how we got that way and what we can do to stop being that way This book goes a long way to help one understand What The Hell s Wrong With America And that s a good thing Life in Christ William Robert West,2015-09-29 What do you believe about souls There are many very different doctrines taught in the world today concerning souls that are believed to be in all humans By most a soul is believed to be something that is wholly apart from the person a soul is in that a soul is something that is that is believed to be complete in its self without the person it will live after the person it is in is dead it is believed that a soul will exist forever without the person it will never be dead therefore a soul cannot be resurrected from the dead It is believed that a soul must live someplace forever and it will live either in Heaven or Hell even if there is no resurrection The doctrine of unconditional immortality of a deathless soul being in a person and that soul leaving that person at the death of the person makes it impossible for Christ to have give His life to save that soul from death if a soul had immortality it would already have life and could never not have life all Christ could do is give it a reward or punish it **The Devil's Redemption : 2 Volumes** Michael J. McClymond,2018-06-05 2018 Book Award Winner The Gospel Coalition Academic Theology A Choice Outstanding Academic Title for 2019 Will all evil finally turn to good or does some evil remain stubbornly opposed to God and God s goodness Will even the devil be redeemed Addressing a theological issue of perennial interest this comprehensive book in two volumes surveys the history of Christian universalism from the second to the twenty first century and offers an interpretation of how and why universalist belief arose The author explores what the church has taught about universal salvation and hell and critiques universalism from a biblical philosophical and theological standpoint He shows that the effort to extend grace to everyone undermines the principle of grace for anyone
