Smith, 2004 The first ready reference on a topic of perpetual relevance offers 185 key entries covering the historical scope and magnitude of the issue in the United States and globally *Encyclopedia of Rape and Sexual Violence* Merrill D. Smith, 2018 This encyclopedia focuses on rape in contemporary society Different categories of rape and sexual assault are examined both in the United States and globally Though underreported the data that are available clearly indicate that sexual violence is a global problem that affects not only women but men and children too Perhaps some minds will be informed by reading the twenty entries in this volume *Far From the Tree* Andrew Solomon, 2012-11-13 Selected as One of the Best Books of the 21st Century by The New York Times WINNER of the National Book Critics Circle Award Books for a Better Life Award The New York Times Book Review s 10 Best Books of the Year This masterpiece by the National Book Award winning author of *The Noonday Demon* features stories of parents who not only learn to deal with their exceptional children but also find profound meaning in doing so a brave beautiful book that will expand your humanity People Solomon s startling proposition in *Far from the Tree* is that being exceptional is at the core of the human condition that difference is what unites us He writes about families coping with deafness dwarfism Down syndrome autism schizophrenia or multiple severe disabilities with children who are prodigies who are conceived in rape who become criminals who are transgender While each of these characteristics is potentially isolating the experience of difference within families is universal and Solomon documents triumphs of love over prejudice in every chapter All parenting turns on a crucial question to what extent should parents accept their children for who they are and to what extent they should help them become their best selves Drawing on ten years of research and interviews with more than three hundred families Solomon mines the eloquence of ordinary people facing extreme challenges Elegantly reported by a spectacularly original and compassionate thinker *Far from the Tree* explores how people who love each other must struggle

to accept each other a theme in every family's life *Representing Kink* Sara K. Howe, Susan E. Cook, 2019-09-06

Representing Kink raises awareness about non normative texts and non normative erotic practices and desires It defines kink broadly encompassing a range of inappropriate texts and understanding it in frequent reference to non normative erotic fantasies and experiences Kink is treated as both a set of practices as well as a category of texts at the nexus of subject and form In addition to canonical texts that take up erotic and marginalized themes the collection also studies forms that are themselves fringe and feature kink taboo literature self published erotica SM narratives fan fiction role playing games and other disavowed texts The purpose of this study is to focus attention on the margins of an already marginalized subject in order to highlight the extent to which non normative textuality and eroticism both shape and are shaped by culture and context It sheds light on a category of subjects that is at once mainstream in the form of texts such as *Fifty Shades of Grey* and yet nevertheless repeatedly disparaged and undertheorized This book advocates for conversations about kinky texts that transcend dichotomous frameworks of good and bad and normal and deviant thinking instead in new theoretically rigorous and flexible directions *Handbook on the Study of Multiple Perpetrator Rape* Miranda Horvath, Jessica Woodhams, 2013-03-05

Whilst there is considerable literature on rape from various perspectives there is very little that focuses on rape committed by multiple perpetrators also referred to as group or gang rape For the first time this handbook brings together international multi disciplinary perspectives on multiple perpetrator rape The book is organised to provide readers with a comprehensive account of the thinking theorising and empirical evidence on multiple perpetrator rape to date Aspects covered include different contexts in which multiple perpetrator rape occurs such as gangs war fraternities South Africa experiences of women and girls as victims and perpetrators offence characteristics such as leadership and role taking aggression and violence the importance of group size the prosecution of and treatment of offenders and approaches to prevention The contributions to this collection are written by leading academics and practitioners from a variety of disciplines who bring together research and practice on multiple perpetrator rape by presenting new data from a strong theoretical and contextual base This book will be a key text for students and academics studying multiple perpetrator rape and an essential reference tool for professionals working in the field including police officers educationalists forensic psychologists youth workers probation staff lawyers judges and policy makers **The Reference Librarian's Bible** Steven W. Sowards, Juneal Chenoweth, 2018-07-26

Paul Chrystal,2015-10-15 An entertaining and intriguing account of sex in Rome and the exploits of some of Rome s celebrated exponents of sexual permissiveness and perversion *Criminalizing Sex* Stuart P. Green,2020-04-15 Starting in the latter part of the 20th century the law of sexual offenses especially in the West began to reflect a striking divergence On the one hand the law became significantly more punitive in its approach to sexual conduct that is nonconsensual as evidenced by a major expansion in the definition of rape and sexual assault and the creation of new offenses like sex trafficking child grooming and revenge porn On the other hand it became markedly more permissive in how it dealt with conduct that is consensual a trend that can be seen for example in the legalization or decriminalization of sodomy adultery

and adult pornography This book explores the conceptual and normative implications of this divergence At the heart of the book is a consideration of a deeply contested question How should a liberal system of criminal law adequately protect individuals in their right not to be subjected to sexual contact against their will while also safeguarding their right to engage in private consensual sexual conduct in which they do wish to participate The book develops a framework for harmonizing these goals in the context of a wide range of nonconsensual consensual and aconsensual sexual offenses hence the unified nature of the theory including rape and sexual assault in a variety of forms sexual harassment voyeurism indecent exposure incest sadomasochistic assault prostitution bestiality and necrophilia Intellectually rigorous fair minded and deeply humane Criminalizing Sex offers a fascinating discussion of a wide range of moral and legal puzzles arising out of real world cases of alleged sexual misconduct a discussion that is all the more urgent in the age of MeToo

Pareja, 2017-06-19 We are witnessing today women being elected as presidents or prime ministers women that have been awarded Nobel prizes that perform exceedingly in sports winning Olympic medals women that excel in art that have defended the rights of the oppressed that have gone to space that are active in politics and are CEOs of businesses and corporations Women today are found in the most difficult jobs such as urgency paramedics workers in heavy machinery factories and in the construction of skyscrapers they are in research laboratories or as members of toxic materials management teams This was not the scenario 175 years ago On the contrary women since the cave times until the dawn of the twentieth century have been oppressed by the fact they were born as women Social cultural economic and political roles defined by men in those times obliged women to stay at home raising children without being allowed to aspire to play a significant role in the construction of human history The explosion of women participating today in the social political and

economic arenas of the advanced countries might give the impression that this was their situation in the past Not true This modern movement of women engaged in a tenacious struggle for equality with men has given them unquestionable victories and a powerful consciousness of their role in the development of the history of humanity Their victories were not given to them by men On the contrary it has been a slow process that has demanded extraordinary effort from women all over the world We are just beginning to be witnesses of the potential that women have and can foresee the brilliant future they are going to create for humanity Appreciating defending and promoting this evolution is the invitation to participate in such a noble journey
