The Jewish herald and record of Christian effort for the spiritual good of God's ancient people [afterw.] The Jewish missionary herald and record of the British society for the propagation of the gospel among the Jews [afterw.] The Herald International society for the evangelization of the Jews, 1875 **The New Synagogue** ,1929 Forthcoming Books Rose Army, 2002-04 **Subject Guide to Books in Print** ,1997 Paperbound Books in Print 1995 Reed Reference Publishing, R5ference Reed, 1995-12 **A Sacred Argument** Christopher M. Leighton, 2024-01-26 Our society is sharply divided along political racial and religious lines People of faith often feel debilitated in the face of these divisions understanding neither their nature nor how best to respond As these divisions become more intense the need to get at their roots becomes more urgent A Sacred Argument addresses this need equipping readers with practical and theoretical resources to engage problems that all too often break down trust shut down honest conversations and disrupt collaborative action This story aims to renew within each reader the sense of compassion and the deep yearning for understandings that can come from the encounter with those who see the world differently *The New Schaff-Herzog Encyclopedia of Religious Knowledge* Johann Jakob Herzog, Albert Hauck, Samuel Macauley Jackson, Charles Colebrook Sherman, George William Gilmore, 1910 The Open Shelf ,1919 The Index ... Benjamin Franklin Underwood, 1881 **The American Jewish Chronicle** ,1917 Jewish Religious Music in Nineteenth-Century America Judah M. Cohen, 2019-02-14 This study of synagogue music in the United States in the second half of the nineteenth century sets a high standard for historical musicology *Musica Judaica In Jewish Religious Music in Nineteenth Century America* Restoring the Synagogue Soundtrack Judah M Cohen demonstrates that Jews constructed a robust religious musical conversation in the United States during the mid to late nineteenth century While previous studies of American Jewish music history have looked to Europe as a source of innovation during this time Cohen s careful analysis of primary archival sources tells a different story Far from seeing a fallow musical landscape Cohen finds that Central European Jews in the United States spearheaded a major revision of the sounds and traditions of synagogue music during this period of rapid liturgical change Focusing on the influences of both individuals and texts Cohen demonstrates how American Jewish musicians sought to balance artistry and group singing rather than progressing from solo chant to choir and organ Congregations shifted between musical genres and practices during this period in response to such factors as finances personnel and communal cohesiveness Cohen concludes that the soundtrack of nineteenth century Jewish American music heavily shapes how we look at Jewish American music and life in the first part of the twenty first century arguing that how we see and especially hear history plays a key role in our understanding of the contemporary world around us Supplemented with an interactive website that includes the primary source materials recordings of the music discussed and a map that highlights the movement of key individuals Cohen s research defines more clearly the sound of nineteenth century American Jewry Unity ,1923 The Christian Century

,1918 **Truth Seeker** ,1895 *The Broken Body* Sarah Coakley,2024-05-06 A fascinating collection of essays exploring a fresh contemporary approach to the person and doctrine of Jesus Christ How should Christians think about the person of Jesus Christ today In this volume Sarah Coakley argues that this question has to be broken open in new and unexpected ways by an awareness of the deep spiritual demands of the christological task and its strikingly apophatic dimensions by a probing of the paradoxical ways in which Judaism and Christianity are drawn together in Christ even by those issues which seem to break them most decisively apart and by an exploration of the mode of Christ's presence in the eucharist with its intensification breaking and re-gathering of human desires In this sequel to her celebrated earlier volume of essays *Powers and Submissions* Coakley returns to its unifying theme of divine power and contemplative submission and weaves a new web of christological outcomes which remain replete with controversial implications for gender spirituality and ethics *The Broken Body* will be of interest to those working in the fields of systematic theology philosophy of religion early Christian studies Jewish Christian relations and feminist and gender theory Fusing biblical and patristic theology analytic philosophy and spiritual tradition Sarah Coakley has produced a fascinating inspiring and compelling account of Christ's identity and its importance for questions of life Professor Mark Wynn University of Oxford Coakley argues that good Christology arises only from intellectual and spiritual postures learnt by encountering Christ openly This volume subtly and powerfully facilitates such encounter with God and in him with our neighbours especially the Jewish people Professor Judith Wolfe University of St Andrews Everything we have come to expect from Sarah Coakley is here in this extraordinary collection wonderful clarity startling and fruitful comparisons within and beyond the theological canon a brisk defiance of feminist conventions that in turn sharpens and deepens feminist analysis a resistance to cheap theological certainties and an abiding faithfulness anchored in Christ borne aloft by the Spirit Christology is here shown to embrace abjection and jouissance to advocate sacrifice that is itself the end of patriarchal violence and to demand a eucharistic sharing that is incomplete without solidarity to the outcast and the poor themselves the face of the living Christ In these essays Coakley exemplifies the semiotic richness of priest and scholar a breaking open of theological reserves that will transgress startle renew instruct This is sacrifice re-made Professor Katherine Sonderegger Virginia Theological Seminary *The Arts as Witness in Multifaith Contexts* Roberta R. King,William A. Dyrness,2019-11-05 In search of holistic Christian witness we must cultivate new approaches for integrating the arts into mission praxis Written by missiologists art critics ethnodoxologists and theologians from around the world these essays present historical and contemporary case studies while calling Christians to understand the power of art for expressing cultural and religious identity opening spaces for transformative encounters and resisting injustice **Inspiring Faith in Schools** Marius Felderhof,2016-05-23 Inspiring Faith in Schools addresses the privileging of secularism that appears to affect RE in countries influenced by modern western thought The authors argue that a more engaging form of RE would emerge if religious life were to inhabit centre stage Currently religious faith is made to hover in

the wings awaiting the call to face the inquisitorial challenge of the modern day enquirer The consequent relationship between pupil and the Divine as the purpose of study is then already intrinsically irreligious as indicated in the Book of Job by putting God in the dock whereas it is the pupil who should be cross examining his or her life What are the ways of exciting and engaging the young so that they begin to entertain the possibility of religious life as a genuine option for themselves Leading scholars in philosophy and theology from the UK Australia Canada and the USA come together to address these questions together with RE experts Marius Felderhof writes an Afterword summing up the challenges faced by such a re visioning of RE

Political Papacy Chester Gillis, 2016-01-08 Pope John Paul II was famous as the most visible and politically active Pope of all time He took his positions with great personal integrity yet his views variously pleased and angered citizens on the right and the left His inaugural appearance as Pope in his native Poland helped spur Solidarity and the fall of the communist bloc yet he recently chided George W Bush and Western world leaders for excessive capitalist policies citing their actions as a factor in deepening world poverty He took exception to the Liberation Theology of Central American Church leaders who viewed the philosophy as vital to the region s future well being His positions on family sexuality and reproductive issues have been welcomed by many but viewed as out of step with the reality of the times by many Church members The book also considers Benedict XVI and his continuance of the conservative agenda set by John Paul II This compact anthology is the first book to focus on the political legacy of Popes John Paul II and Benedict XVI It brings together articles to present this legacy from a variety of viewpoints to give the reader a well considered portrait of John Paul II and Benedict XVI as men as world citizens and as religious leaders of a Church of one billion members who today comprise one sixth of all humanity The final pages look to the future of the Papacy and Catholicism in the twenty first century
