Foyer Pleasure John Kobal, V. A. Wilson, 1982 **Foyer Pleasure** John Kobal, V. A. Wilson, 1982 **The New Historical Dictionary of the American Film Industry** Anthony Slide, 2014-02-25 The New Historical Dictionary of the American Film Industry is a completely revised and updated edition of Anthony Slide's *The American Film Industry* originally published in 1986 and recipient of the American Library Association's Outstanding Reference Book award for that year. More than 200 new entries have been added and all original entries have been updated; each entry is followed by a short bibliography. As its predecessor, the new dictionary is unique in that it is not a who's who of the industry but rather a what's what: a dictionary of producing and releasing companies, technical innovations, industry terms, studios, genres, color systems, institutions, and organizations, etc. More than 800 entries include everything from Academy of Motion Pictures Arts and Sciences to Zoom Lens, from Astoria Studios to Zoetrope. Outstanding Reference Source, American Library Association.

Shared Pleasures Douglas Gomery, 1992 Gomery's *The coming of sound to the American cinema* (1975) and *The Hollywood studio system* (1986) draw upon his earlier work and that of other scholars to address the broader social functions of the film industry, showing how Hollywood adapted its business policies to diversity and change within American society. Includes 31 black and white photographs. Paper edition, unseen. 159 pages. Annotation copyrighted by Book News, Inc., Portland, OR.

Saul Bass Jan-Christopher Horak, 2014-11-18 Iconic graphic designer and Academy Award-winning filmmaker Saul Bass (1920-1996) defined an innovative era in cinema. His title sequences for films such as Otto Preminger's *The Man with the Golden Arm* (1955) and *Anatomy of a Murder* (1959), Alfred Hitchcock's *Vertigo* (1958) and *North by Northwest* (1959), and Billy Wilder's *The Seven Year Itch* (1955) introduced the idea that opening credits could tell a story, setting the mood for the movie to follow. Bass's stylistic influence can be seen in popular Hollywood franchises from the Pink Panther to James Bond, as well as in more contemporary works such as Steven Spielberg's *Catch Me If You Can* (2002) and television's *Mad Men*. The first book to examine the life and work of this fascinating figure, *Saul Bass: Anatomy of Film Design* explores the designer's revolutionary career and his lasting impact on the entertainment and advertising industries. Jan-Christopher Horak traces Bass from his humble beginnings as a self-taught artist to his professional peak when auteur directors like Stanley Kubrick, Robert Aldrich, and Martin Scorsese sought him as a collaborator. He also discusses how Bass incorporated aesthetic concepts borrowed from modern art in his work, presenting them in a new way that made them easily recognizable to the public. This long-overdue book sheds light on the creative process of the undisputed master of film title design: a man whose multidimensional talents and unique ability to blend high art and commercial imperatives profoundly influenced generations of filmmakers, designers, and advertisers.

Gloria Swanson Stephen Michael Shearer, 2013-08-27 Gloria Swanson defined what it meant to be a movie star, but her unforgettable role in *Sunset Boulevard* overshadowed the true story of her life. Now Stephen Michael Shearer sets the record straight in the first in-depth biography of the film legend. Swanson was Hollywood's first successful glamour queen. Her

stardom as an actress in the mid 1920s earned her millions of fans and millions of dollars Realizing her box office value early in her career she took control of her life Soon she was not only producing her own films she was choosing her scripts selecting her leading men casting her projects creating her own fashions guiding her publicity and living an extravagant and sometimes extraordinary celebrity lifestyle She also collected a long line of lovers including Joseph P Kennedy and married men of her choosing including a French marquis thus becoming America s first member of nobility As a devoted and loving mother she managed a quiet success of raising three children Perhaps most important as a keen businesswoman she also was able to extend her career more than sixty years Her astounding comeback as Norma Desmond in Billy Wilder s *Sunset Boulevard* catapulted her back into the limelight But it also created her long misunderstood persona one that this meticulous biography shows was only part of this independent and unparalleled woman
