The Hospital, 1920 Vol 14 41 have separately paged nursing section Modern Hospital, 1923 **Detention Houses and Reformatories as Protective Social Agencies** U.S. Interdepartmental social hygiene board, Mary Macey Dietzler, Thomas Andrew Storey, 1922 **Directory of Social Agencies of the City of New York**, 1921 **Charity and Children in Renaissance Florence** Philip Gavitt, 1990 A study in the ideology of wealth and poverty *Transactions of the American Hospital Association* American Hospital Association, 1912 **Orphans of Empire** Helen Berry, 2019-01-31

Eighteenth century London was teeming with humanity and poverty was never far from politeness Legend has it that on his daily commute through this thronging metropolis Captain Thomas Coram witnessed one of the city's most shocking sights the widespread abandonment of infant corpses by the roadside He could have just passed by Instead he devised a plan to create a charity that would care for these infants one that was to have enormous consequences for children born into poverty in Britain over the next two hundred years Orphans of Empire tells the story of what happened to the thousands of children who were raised at the London Foundling Hospital Coram's brainchild which opened in 1741 and grew to become the most famous charity in Georgian England It provides vivid insights into the lives and fortunes of London's poorest children from the earliest days of the Foundling Hospital to the mid Victorian era when Charles Dickens was moved by his observations of the charity's work to campaign on behalf of orphans Through the lives of London's foundlings this book provides readers with a street level insight into the wider global history of a period of monumental change in British history as the nation grew into the world's leading superpower Some foundling children were destined for Britain's outer Empire overseas but many more toiled in the inner Empire labouring in the cotton mills and factories of northern England at the dawn of the new industrial age Through extensive archival research Helen Berry uncovers previously untold stories of what happened to former foundlings including the suffering and small triumphs they experienced as child workers during the upheavals of the Industrial Revolution Sometimes using many different fragments of evidence the voices of the children themselves emerge Extracts from George King's autobiography the only surviving first hand account written by a Foundling Hospital child born in the eighteenth century published here for the first time provide touching insights into how he came to terms with his upbringing Remarkably he played a part in Trafalgar one of the most iconic battles in British Naval history His personal courage and resilience in overcoming the disadvantages of his birth form a lasting testimony to the strength of the human spirit *Transactions of the American Hospital Association* American Hospital Association. Report New York (State). Department of Social Welfare, 1899 Reports for 1943 1966 include report of the New York State Board of Social Welfare *Annual Report* New York (State). Board of Charities, 1899 Women in Ireland, 1800-1918 Maria Luddy, 1995 Women in Ireland 1800 1918 presents a valuable and significant collection of over 100 sources and

documents relating to the public and private aspects of women's lives in Ireland during the period 1800-1918. The documents reveal aspects of the women's working lives, educational experiences, involvement in politics, and of their private lives such as contraception, childbirth, love, marriage, and religion. Each section has a comprehensive introduction which discusses the contents of the documents. As the first major survey of Irish women's lives during this period, it will appeal to those who want a deeper understanding of how women of all classes lived their lives, and it will prove indispensable to second and third level students, those attending women's studies courses, as well as a wide general readership interested in assessing the role of women in nineteenth and early twentieth century Irish history. **Annual Report** New York (State). Office of the Fiscal Supervisor of State Charities, 1915. Mayor's Message Saint Louis (Mo.), 1910. Includes reports of the heads of the various municipal departments. Report of the Department of Public Welfare Maine. Dept. of Public Welfare, 1918. The Least of These Mark B. Roe, 2022-05-05. Lying at the very edge of the eighteenth century city behind high walls and forbidding gates, the Dublin Foundling Hospital was long viewed with horror and suspicion. Yet following its closure, it seemed to have slipped from the city's memory. The Least of These uncovers the story of the Hospital from its origins as a workhouse in 1703, during the Penal Laws, to its demise in 1830. Its mission to take in the children of poor Catholics and raise them as Protestants loyal to king and empire. This was an institution where every infant was tattooed with an identification number, where thousands of children were fed opium, and where, as with many foundling hospitals, the death toll was vast. But why did it endure for so long? And why did quite so many die? Based on original research, Mark B. Roe brings together eyewitness accounts, letters from desperate parents, and individual life stories to finally bring the tragic story of Dublin's Foundling Hospital to light.

Biennial Report of the Treasurer West Virginia. Office of the Treasurer, 1902. *The Cultural Politics of Duke Cosimo I de' Medici* Konrad Eisenbichler, 2017-03-02. When he suddenly came to power in Italy in 1537, the young Duke Cosimo I de' Medici amazed friends and foes alike with his ability to extricate himself from mortal danger, affirm his authority, and revive a dying state. He doubled the size of his duchy and established a dynasty that ruled unchallenged for 200 years. This volume is the first book-length study in any language to approach the figure of Duke Cosimo I from the point of view of his cultural agenda. The contributors examine the political, economic, cultural, and linguistic strategies that made Cosimo a successful leader, and in the process illuminate the cultural world of mid-sixteenth century Tuscany. Hope Deferred (Routledge Revivals) Josephine Kamm, 2010-04-16. Hope Deferred, initially published in 1965, traces the history of girls' education from Anglo-Saxon England to modern times, telling the story largely through the leading personalities whose opinions and prejudices shaped this history. It outlines the progress of popular education and the work of the pioneers who fought to bring girls' education at every level into line with boys', and it carries the story into the second half of the twentieth century to discuss the problem of whether girls are really receiving the right kind of education. Annual Report New York (State). Department of Social Welfare, 1882.
