Yeats** Stephen Maxfield Parrish, 2019-06-30 Now it is possible for the first time to trace in a systematic way the language patterns of one of the greatest poets who have written in English W B Yeats Like *A Concordance to the Poems of Matthew Arnold* the first of the Cornell Concordances that are under the general editorship of Professor Parrish this volume was produced on an IBM 704 electronic data processing machine Computer technique has so advanced that the Yeats concordance includes punctuation and gives cross references for the second parts of hyphenated words The frequency of every word in Yeats's poems is given and an appendix lists all indexed words in order of frequency The body of this book consists of an index of all significant words in Yeats each word listed in the line or lines in which it occurs The concordance is based on the variorum text of Yeats edited by Alspach and Allt and includes all variants that occur in printed versions of Yeats's poems ON THE RIDE HOME Robin Miller, 2024-10-16 This collection of fictional short stories is a look into the musings of the author It pulls the curtain back to see past human existence into the spiritual realm of where we reside as tripart beings We are reminded through these stories that circumstances aren't just what we see and experience through our physical senses but what we sometimes easily ignore from our spiritual senses that are important The perspectives shared by the author help to see events differently and provide light to shadows reintroducing us to the agenda of spirits to derail man's relationship with God Her stories also illustrate the outcome of those attempts both successful and failed The author weaves the reader into simple everyday events to embark on journey after journey of decisions that must be made by the characters walking us through each occasion with often surprising outcomes The reader is able to connect with these stories because each one is relatable and touches on some part

of their life whether through personal experience or observation Each story is an illustration of 2 Corinthians 4 18 While we look not at the things which are seen but at the things which are not seen for the things which are seen are temporal but the things which are not seen are eternal
