SHORTLISTED FOR THE 2018 WOLFSON HISTORY PRIZE The extraordinary and essential story of how China became the powerful country it is today Even at the high noon of Europe s empires China managed to be one of the handful of countries not to succumb Invaded humiliated and looted China nonetheless kept its sovereignty Robert Bickers major new book is the first to describe fully what has proved to be one of the modern era s most important stories the long often agonising process by which the Chinese had by the end of the 20th century regained control of their own country Out of China uses a brilliant array of unusual strange and vivid sources to recreate a now fantastically remote world the corrupt lurid modernity of pre War Shanghai the often tiny patches of extra territorial land controlled by European powers one of which unnoticed had mostly toppled into a river the entrep ts of Hong Kong and Macao and the myriad means through armed threats technology and legal chicanery by which China was kept subservient Today Chinese nationalism stays firmly rooted in memories of its degraded past the quest for self sufficiency a determination both to assert China s standing in the world and its outstanding territorial claims and never to be vulnerable to renewed attack History matters deeply to Beijing s current rulers and Out of China explains why **Mao's Last Revolution** Roderick MACFARQUHAR,Michael Schoenhals,2009-06-30 The Cultural Revolution was a watershed event in the history of the People s Republic of China the defining decade of half a century of communist rule Before 1966 China was a typical communist state with a command economy and a powerful party able to keep the population under control But during the Cultural Revolution in a move unprecedented in any communist country Mao unleashed the Red Guards against the party Tens of thousands of officials were humiliated tortured and even killed Order had to be restored by the military whose methods were often equally brutal In a masterly book Roderick MacFarquhar and Michael Schoenhals explain why Mao launched the Cultural Revolution and show his Machiavellian role in masterminding it which Chinese publications conceal In often horrifying detail they document the Hobbesian state that ensued The movement veered out of control and terror paralyzed the country Power struggles raged among Lin Biao Zhou Enlai Deng Xiaoping and Jiang Qing Mao s wife and leader of the Gang of Four while Mao often played one against the other After Mao s death in reaction to the killing and the chaos Deng Xiaoping led China into a reform era in which capitalism flourishes and the party has lost its former authority In its invaluable critical analysis of Chairman Mao and its brilliant portrait of a culture in turmoil Mao s Last Revolution offers the most authoritative and compelling account to date of this

Jongman,2017-07-28 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences

terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against
