Hostage Singapore Signed:

Little Red Dot, The: Reflections By Singapore's Diplomats Tommy Koh, Li Lin Chang, 2005-07-27 2005 was the 40th anniversary of Singapore's independence. This collection of essays by Singapore's past and present diplomats tells the remarkable story of how this small and vulnerable country has become a stable, prosperous and respected member of the international community. The essays include those from the late President Wee Kim Wee and President S R Nathan as well as seminal contributions from the four former Foreign Ministers: Mr S Rajaratnam, Mr S Dhanabalan, Mr Wong Kan Seng and Professor S Jayakumar. The current Foreign Minister, Mr George Yeo, has written the foreword. The absorbing stories about people, places and international politics make this book a highly enjoyable read for all who are interested in Singapore's history and foreign policy. In the stories contained in this book, you will find and discover **The Singapore Water Story**

Cecilia Tortajada, Yugal Kishore Joshi, Asit K. Biswas, 2013-03-05 Singapore's journey during the past 45 years is an outstanding example that in spite of multiple hardships, pragmatic policies, clear visions, long-term planning, forward-looking strategies and political will, as well as a relentless urge to improve, can result in strong foundations for sustainable development. This book describes the journey of Singapore's development and the fundamental role that water has had in shaping it. What makes this case so unique is that the quest for self-sufficiency in terms of water availability in a fast-changing urban context has been crucial to the way development policies and agendas have been planned throughout the years. The authors analyse plans, policies, institutions, laws and regulations, water demand and water supply strategies, water quality and water conservation considerations, partnerships and importance of the media. They assess overall how all these issues have evolved in response to the dynamic needs of the city-state. The study of Singapore shows how a dynamic society can address development without losing its focus on the environment. In the city-state, environmental concerns in general and water concerns in particular have played a major role in its transformation from a third-world to a first-world country. How and why this transformation took place is the main focus of this authoritative book. *Chronicle of Singapore, 1959-2009*

Peter H. L. Lim, 2009 This lavishly illustrated volume captures the entire dramatic sweep of Singapore's modern history from its declaration of independence in 1959 to today. Organised in chronological order with each year's coverage starting with a succinct summary of its key events, *Chronicle of Singapore* covers not only the nation's defining political and economic events but also the more human side of Singapore: sports, fashion, music, the arts, architecture and culture, giving readers the broadest possible coverage. Anyone who has visited or lived in this most unique of modern city-nations will be enthralled by this pictorial and narrative history. **Little Red Dot, The: Reflections By Singapore's Diplomats - Volume II** Tommy Koh, Li Lin Chang, 2009-07-21 This is the sequel to the bestselling book *The Little Red Dot* published in 2005. The Fall of Singapore 1942 Timothy Hall, 2015-06-05 Singapore fell to the Japanese on 15 September 1942 but in 1941 Europeans on the island felt still untouched by war lulled into security by the belief that Singapore was impregnable from the sea However the Planning Chief of Imperial Army Headquarters in Tokyo had realised a successful invasion could come from the north down the Malay peninsula Requests from less naive members of the allied forces for more men arms and equipment were not filled Authorities were unwilling to reveal to the civilian population the true situation And so through accident or miscalculation Singapore was totally unable to repel the Japanese attack This accessible book illustrated with black and white photos charts the course of these events
