Tested Marie C. C. Zoutomou, 2017-07-19 Never doubt the true potential you have in the life God has given you You are strong capable intelligent beautiful and most importantly not alone You have been given the test you are fighting through for a reason You can try your best to plan ahead and prepare for the future but life will always present the unexpected Losing a loved one living through a tragedy or being diagnosed with a life threatening illness are tests that will challenge you and may break you down but they will never destroy you You are being tested of your strengths faith endurance and keeping an optimistic view You are the one who decides what you will overcome and accomplish The results are placed in your own

hands The question is what results are you looking for and how are you going to get there Life gave me my own test to overcome something I least expected I was healthy and never thought twice about my body until my diagnosis My life changed completely when I found out I had breast cancer My diagnosis made me realize that life is too precious to discount any moment I felt despair and wanted to have all the answers to the questions that resonated in my head I didn't know what to do but I knew one thing for sure God was by my side and it was up to me to take the necessary steps to overcome this My test wasn't easy but I fought through the trials making sure I did not become the victim I along with two amazing women share our story on how we overcame the test that changed each of our lives It is up to you to fight to keep moving and never give up because there is always hope
