A Hot January Robin Morgan, 2015-03-24 Celebrated for her exquisitely crafted poems revealing an alternate female reality award winning poet and bestselling author Robin Morgan gives us in this fifth collection her most intimate work yet The poems gathered here trace a stunning spectrum of love betrayal loss pain rage and survival Skirting madness in the wake of a tempestuous relationship s end these poems slice language with knife edge bitterness but within the deliberate constraints of form Individual poems have become famous Add Water Instant Blues is the most anthologized Cave Dwellers and Acrobats and Clowns have been widely translated and the various disguised subtle sonnet forms throughout the book have been used to teach the art of writing poetry Art itself becomes the healing theme and a number of the poems here are in dialogue with other poets including Marianne Moore Audre Lorde Adrienne Rich Muriel Rukeyser Christopher Marlowe John Donne William Blake and Robert Graves The wise voice that emerges dares celebrate a quiet joy tempered only by fire A *Hot January Night* Kenneth B-z-y Burnette, 2010-08-11 **ITC Publication** United States International Trade Commission, 1982 **January's Thaw** J. Conrad Guest, 2012-01-12 Many people obsess over their past but no one more than I Perchance it s because as a man out of time I left behind so much of it un-lived If that makes little sense consider that I m a time traveler Although the backdrop for my story is time travel and alternate realities the underlying theme is a more human one of love lost another love found only to be lost and of a decision the result of a single regret brought about by the realization that my self professed courage to never risk my heart to love was instead cowardice to rectify a wrong in a life filled with myriad regrets You may judge me as it is man s nature to judge others or discount my story as the ravings of a lunatic mind or simply the fiction of an overactive imagination but before you do I ask that you read on to the end and then ask yourself if you would have acted any differently *Energy Information Data Base* United States.
