stance and role in the feminist sex wars of the 1980s Radical feminist author Andrea Dworkin was a caricature of misandrist extremism in the popular imagination and a polarizing figure within the women's movement infamous for her antipornography stance and her role in the feminist sex wars of the 1980s She still looms large in feminist demands for sexual freedom evoked as a censorial demagogue more than a decade after her death Among the very first writers to use her own experiences of rape and battery in a revolutionary analysis of male supremacy Dworkin was a philosopher outside and against the academy who wrote with a singular apocalyptic urgency *Last Days at Hot Slit* brings together selections from Dworkin's work both fiction and nonfiction with the aim of putting the contentious positions she's best known for in dialogue with her literary oeuvre The collection charts her path from the militant primer *Woman Hating* 1974 to the formally complex polemics of *Pornography* 1979 and *Intercourse* 1987 and the raw experimentalism of her final novel *Mercy* 1990 It also includes *Goodbye to All This* 1983 a scathing chapter from an unpublished manuscript that calls out her feminist adversaries and *My Suicide* 1999 a despairing long form essay found on her hard drive after her death in 2005 *Stone Cold* Devon Monk, 2023 Book 2 in USA Today Bestselling author Devon Monk's dark gritty magic fueled urban fantasy adventure *Life and Death* duke it out in this enemies to brothers hell to heaven twisty thrill ride Fully updated author edition bursting with extra Heart Snark and Ass kicking Shame Flynn is one of the most powerful Death magic users in the world He has pushed himself and magic to the limit even though there's hell to pay But he's finally miscalculated and pushed magic too far The price for breaking magic Death magic is eating him alive The only thing stopping it from slipping his grip and killing everything in a hundred mile radius is the Life magic user Terric Conely Bad news Terric is losing his own battle with magic Worse news A powerful old enemy bent on revenge found out about the broken magic He stole forbidden technology so he can weaponize magic against the people who destroyed his life People like Shame and Terric People like their family and friends Shame and Terric are holding on by a thread But that won't stop them from fighting for the people they love Even if it means losing their humanity Even if it means losing control of magic Even if it means they have to die to do it *The Washington, D.C. of Fiction* James A. Kaser, 2006 In *The Washington D.C. of Fiction: A Research Guide* James A Kaser provides detailed synopses for nearly four hundred works published between 1822 and 1976 and bibliographic information for hundreds more published since Plot summaries names of major characters and location lists are also presented Although this book was written to assist researchers in locating works of fiction for analysis the plot summaries have enough detail for general readers so they can develop an understanding of the way attitudes toward Washington and what the city symbolizes have changed over the years Similarly the biographical section demonstrates the wide range of journalists politicians society women and freelance writers who were motivated to write about the city **BOOK JACKET** *This Upside Down in Reverse: Conspired Creation in Breach of Original Law* Dillon Swart, 2018-10-11 This book is about the original reason for life from the viewpoint of the author The author could not agree with any of the reasons that have historically been given for life He therefore made a decision to

research what is written in this book as having been the original reason for life It is the opinion of the author that everybody despite their conditioning has it within themselves to understand the original reason for life Anybody can agree to disagree with the writings in this book They can stay in the comfort of whatever is their own beliefs They could also agree with the writings in this book *Mystery Women, Volume Three (Revised)* Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008 **Moon of Bitter Cold** Frederick J.
