The Journal of Plumbing, Heating, Air Conditioning Contractors, 1912 **Protocol for Treatment of Post Traumatic Stress Disorder** Miki Doron, 2010-07-02

Psychic trauma is as old as mankind itself but it is still not fully understood how or why the exposure to single or multiple horrific events can overwhelm some people to the extent that they are haunted day and night by the terrible things they have witnessed Most will recover spontaneously but others become victims of the most common psychological disorder stemming from such an experience post traumatic stress disorder PTSD It is estimated that 8% of the Western population suffer from this disorder and that 40% of them will continue to suffer from symptoms even ten years after the trigger event For many years it was believed that there was no remedy for those suffering from severe psychic trauma but in the last decade a major breakthrough has seen the development of new and effective therapy methods Regaining a sense of control is key to helping clients suffering from PTSD and its accompanying disorders The authors of this book have spent many years working in the field Here they distill those elements common to all the accepted methods of treatment and they add the unique aspect of imagination and fantasy described in a concept they call Fantastic Reality Whilst not claiming to have a remedy or solution for every sufferer this book will help to provide solutions for some of the aspects lacking in other models This book will prove a valuable addition to the resources of all those who work in this field where effective treatment though much needed is still scarce

News and the Human Interest Story Helen MacGill Hughes, 1981

In this account of the growth of newspapers in modern industrial society Helen Hughes traces the development of a mass audience through analysis of the origins of the human interest story in the popular ballads of an earlier day She shows how such commonly found interests as a taste for news of the town ordinary gossip and moving or gripping tales with a legendary or mythic quality have reflected the tastes of ordinary folk from the days of illiterate audiences to the present She explains how these

interests ultimately were combined with practical economic and political information to create the substance and demand for a popular press In describing the rise and fall of newspaper empires each with their special readership attractions Dr Hughes shows how technological innovation and idiosyncratic creativity were used by owners to capture and hold a reading audience Once this audience developed it could be fed a variety of messages beamed at reinforcing and maintaining both general and specific publics as well as a view of the world consonant with that of the publisher and major advertisers Hughes offers a persuasive argument for the continuing viability of this method for combined social control instruction and amusement captured by the association of news and the human interest story **Encyclopedia of American Short Films, 1926-1959**

Graham Webb,2020-07-27 Short subject films have a long history in American cinemas These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon a newsreel possibly a serial and a short before launching into the feature film Shorts could tackle any topic of interest an unusual travelogue a comedy musical revues sports nature or popular vaudeville acts With the advent of sound on film in the mid to late 1920s makers of earlier silent short subjects began experimenting with the short films using them as a testing ground for the use of sound in feature movies After the Second World War and the rising popularity of television short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s Two of Hearts Christina Lee,2015-05-05 From the

Ohio,1895 The Historical Christ Bruce W. Behrman,2023-02-16 This book uses the recent findings of cognitive and clinical psychology to draw a picture of the historical Jesus The author uses recent research on conversational memory and clinical psychology in order to shine a light on the way Jesus was This book argues that Jesus suffered from manic depressive illness He identified with God He suffered from extreme mood changes and felt great compassion towards people All of these are mental states which may be triggered by manic depression Manic depression is not a dementing illness This author is not saying that Jesus suffered from a backward type of psychosis But manic depression when manifested in talented persons acts as a catalyst to trigger artistic creativity Many great artists and poets have suffered from manic depression Byron Schumann Tennyson van Gogh Fitzgerald and Lowell to name a few It is among great poets and artists such as these that the author place the historical Jesus This book therefore argues that the writers of the Gospels when they record Jesus as asserting his divinity were conveying an accurate picture of him His assertions of divinity were not fabrications of the early church

Toler,2024-08-06 For fans of unheralded women s stories a captivating look at Sigrid Schultz one of the earliest reporters to warn Americans of the rising threat of the Nazi regime No other American correspondent in Berlin knew so much of what was going on behind the scene as did Sigrid Schultz William L Shirer author of The Rise and Fall of the Third Reich We are facing an alarming upsurge in the spread of misinformation and attempts by powerful figures to discredit facts so they can seize control of narratives These are threats American journalist Sigrid Schultz knew all too well The Chicago Tribune s Berlin bureau chief and primary foreign correspondent for Central Europe from 1925 to January 1941 Schultz witnessed Hitler s rise to power and was one of the first reporters male or female to warn American readers of the growing dangers of Nazism In The Dragon From Chicago Pamela D Toler draws on extensive archival research to unearth

the largely forgotten story of Schultz's years spent courageously reporting the news from Berlin from the revolts of 1919 through the Nazi rise to power and Allied air raids over Berlin in 1941. At a time when women reporters rarely wrote front page stories and her male colleagues saw a powerful unmarried woman as a freak, Schultz pulled back the curtain on how the Nazis misreported the news to their own people and how they attempted to control the foreign press through bribery and threats. Sharp and enlightening, Schultz's story provides a powerful example for how we can reclaim truth in an era marked by the spread of disinformation and claims of fake news.

3 Stories Of The Fantastic Chuck Swope, 2013-07-27

3 short stories that will fascinate and amaze you. The first story is about Robots; we all know how unstable they can be, but more it's about love and loyalty too. The 2nd story is about a strange visitor from another world who has a penchant for earthly things and a reporter who's trying to track the alien down. Is the alien a bad one or just curious? The third story is about a lonely scientist who builds an Android woman to be his companion. What possibly could go wrong?

Revolt Of The Robots

A lonely miner whose only companions are his partner and a bunch of metal robots visits earth to buy supplies and meets a beautiful nurse who saves him from choking to death on a piece of steak. A whirlwind romance ensues; they marry and she agrees to go back to the asteroid with him. It's not all peaches and roses from there. Is it ever?

The Collectore strange things

A strange tip to reporter that a collector is in town. When reporter investigates the tip, all he finds is a hot empty building, but strangely one floor is amazingly cool with a strange machine. When he comes back with his Editor and a suit from the power company to investigate the strange machine, it's gone and reporter almost loses his job. Next reporter is sent to investigate the strange occurrence of zoo animals disappearing. Gets another tip, he follows up and sees the collector and some strange things. When he can't prove it to his editor, he's fired. Find out what happens when he meets the collector face to face again.

The Man Who Built Himself A Woman

His Lonely scientist builds himself a beautiful android woman. He shows her to his best friend who is somewhat of a ladies man. His creation seems attracted to his friend, but he knows better; he has programmed her to be his and his alone. He decides to prove it to himself by inviting his friend over and leaving the two alone. I wonder what happens next.
