Understanding David Mamet Brenda Murphy, 2012-08-27 Understanding David Mamet analyzes the broad range of David Mamet s plays and places them in the context of his career as a prolific writer of fiction and nonfiction prose as well as drama Over the past three decades Mamet has written more than thirty produced plays and garnered recognition as one of the most significant and influential American playwrights of the post World War II generation In addition to playwriting and directing for the theater Mamet also writes directs and produces for film and television and he writes essays fiction poetry and even children s books The author remains best known for depicting men in gritty competitive work environments and for his vernacular dialogue known in the theater as Mamet speak which has raised the expletive to an art form In this insightful survey of Mamet s body of work Brenda Murphy explores the broad range of his writing for the theater and introduces

readers to Mamet's major writing in other literary genres as well as some of his neglected pieces. Murphy centers her discussion around Mamet's most significant plays: *Glengarry Glen Ross*, *Oleanna*, *American Buffalo*, *Speed the Plow*, *The Cryptogram*, *Sexual Perversity in Chicago*, *Edmond*, *The Woods*, *Lakeboat*, *Boston Marriage*, and *The Duck Variations*, as well as his three novels: *The Village*, *The Old Religion*, and *Wilson*. Murphy also notes how Mamet's one-act and less-known plays provide important context for the major plays and help to give a fuller sense of the scope of his art. A chapter on his numerous essays, including his most anthologized piece of writing, the autobiographical essay *The Rake*, reflects Mamet's controversial and evolving ideas about the theater, film, politics, religion, and masculinity. Throughout her study, Murphy incorporates references to Mamet's popular films as useful waypoints for contextualizing his literary works and understanding his continuing evolution as a writer for multiple mediums.

[Con Artists in Cinema](#) Joseph Kupfer, 2023-08-03 This book examines the con artist film as a genre, exploring its main features while also addressing variations within it. The volume explores three diverse themes of the con artist film: edification, self-awareness, and liberation through con games; the femme fatale as con artist; and romantic love as a plot point. Analyzing movies such as *Matchstick Men* (2003), *House of Games* (1987), *Body Heat* (1981), *The Last Seduction* (1994), *Birthday Girl* (2001), and *The Game* (1997), the book also explores their psychological investigation of the con artist figure, the con artist's mark, and how the dynamic between these roles implicates us as the audience. It also addresses the con artist film genre's close association with neo-noir, especially through the femme fatale.

Creating the Couple Virginia Wright Wexman,1993-06-21 This examination of the changing relationships between men and women in modern culture argues that Hollywood film has often been a powerful mirror of American romance and sexuality The author notes also how changing acting styles have led to new types of relationships being depicted on screen

Screening the Stage Bert Cardullo,2006 This book examines the historical cultural and aesthetic relationships between theater and film As we enter the 21st century almost all artists students and critics working in theater will have had earlier and greater exposure to film than to theater In fact film has become central to the way in which we perceive and formulate stories images ideas and sounds At the same time film and video occupy an increasingly significant place in theater study both for the adaptation of plays and for the documentation and preservation of theatrical performances Yet far too often theater and film artists as well as educators make the jump from one medium to the other without being fully aware of the ways in which the qualities of each medium affect content and artistic expression This book is intended to fill such a gap by providing a theoretical and practical foundation for understanding the effect that film and drama have had and continue to have on each other s development Moreover this study provides a history of the relationship between drama and cinema starting with the pre cinematic late 19th century impulse towards capturing spectacular action on the stage and examining the artistic and commercial interaction between movies and plays both in popular and experimental work throughout the 20th century Important subjects treated in this book include stage versus screen acting the adaptation process itself the theatrical as well as the cinematic avant garde and the portability or adaptability of dramatic character
