Earnshaw, 2001-02-21 Since the turn of the century Sherlock Holmes has captured the imagination of readers and after his move to both television and movies generations of viewers While Holmes has been portrayed by many distinguished actors few have done it with the class humor and aplomb that Peter Cushing brought to the role Written by noted British film journalist Tony Earnshaw An Actor and a Rare One Peter Cushing as Sherlock Holmes follows the career of Peter Cushing one of England s finest actors as he worked his way up from regional theater to the role of the world s most famous consulting detective This book details Cushing s career as Holmes through anecdotes and reminiscences as told by his colleagues and Cushing himself A fascinating often humorous behind the scenes look at one of the century s great actors in

one of the century's greatest roles Ingrid Pitt, Queen of Horror Robert Michael "Bobb" Cotter, 2014-01-10 Ingrid Pitt icon of horror cinema her life and career Full cast and production credits synopses reviews and notes are offered for all of her film stage and television appearances along with a critical listing of her novels and other published works An analysis of Hammer Films Karnstein Trilogy of which Pitt's celebrated *The Vampire Lovers* 1970 was the first installment is included and also examined is the trilogy's original literary source Sheridan Le Fanu's *Carmilla* Other features are rare photographs and other movie related graphics from every phase of the actress career and a foreword by Ingrid Pitt herself Shadow Cinema James Fenwick, Kieran Foster, David Eldridge, 2020-11-12 Filmmakers and cinema industries across the globe invest more time money and creative energy in projects and ideas that never get produced than in the movies that actually make it to the screens Thousands of projects are abandoned in pre production halted cut short or even made and never distributed a shadow cinema that exists only in the archives This collection of essays by leading scholars and researchers opens those archives to draw on a wealth of previously unexamined scripts correspondence and production material reconstructing many of the hidden histories of the last hundred years of world cinema Highlighting the fact that the movies we see are actually the exception to the rule this study uncovers the myriad reasons why failures occur and considers how understanding those failures can transform the disciplines of film and media history The first survey of this new area of empirical study across transnational borders *Shadow Cinema* is a vital and fascinating demonstration of the importance of the unmade unseen and unknown history of cinema A History of Horrors Denis Meikle, 2001-09-24 New in paperback Most critics historians and filmmakers agree that no single entity has had more influence over the genre of horror and fantasy film than Hammer Film Productions a small independent British film company This volume traces the life and spirit of the House of Hammer from its fledgling days of the late 1940s through its successes of the 1950s and 60s to its decline in the 1970s Paperback edition available 2001 **Vampire Legends in Contemporary American Culture** William Patrick Day, 2021-02-15 While vampire stories have been part of popular culture since the beginning of the nineteenth century it has been in recent decades that they have become a central part of American culture *Vampire Legends in Contemporary American Culture* looks at how vampire stories from Bram Stoker's *Dracula* to *Blacula* from Bela Lugosi's films to *Love at First Bite* have become part of our ongoing debate about what it means to be human William Patrick Day looks at how writers and filmmakers as diverse as Anne Rice and Andy Warhol present the vampire as an archetype of human identity as well as how many post modern vampire stories reflect our fear and attraction to stories of addiction and violence He argues that contemporary stories use the character of *Dracula* to explore modern values and that stories of vampire slayers such as the popular television series *Buffy the Vampire Slayer* integrate current feminist ideas and the image of the Vietnam veteran into a new heroic version of the vampire story The Dinosaur Films of Ray Harryhausen Roy P. Webber, 2004 Ray Harryhausens animated creatures sparkled with predatory alertness and subtle quirks of behavior that stamped each with a distinct and memorable personality

His use of stop motion animation a method of animating movable models and puppets brought dinosaurs and monsters to life on the silver screen Many animators and special effects wizards like Phil Tippett of Jurassic Park and Jim Aupperle of Planet of Dinosaurs who are still working on prehistoric based films openly credit Ray Harryhausen as having influenced their careers His films are famous for being among the very best of the genre The first chapter of this book chronicles Harryhausens for mative years and work on numerous 16mm experiments beginning with his viewing of King Kong in 1933 The next four chapters cover his four feature length dinosaur films The Beast from 20 000 Fathoms The Animal World One Million Years B C and The Valley of Gwangi These chapters provide extensive information about all aspects of the staging of their stop motion content and many additional facets of the overall production process The paleontological accuracy of his saurians from a modern perspective is also examined A chapter on his work and experiences in the 1970s and beyond discusses potential dinosaur projects as well as The Golden Voyage of Sinbad which is not a saurian film but does include the bat winged homunculus An appendix covers a number of dinosaur related films that Harryhausen had a hand in
