## House Of Women:

**A Halfway House for Women** Gail A. Caputo, 2014-07-01 Although halfway houses have been touted for years as affirmative rehabilitation locations that ready women for life in the outside world in this remarkable case study Gail Caputo shows how these places reinforce patterns of control and abuse that reaffirm the dependency and victimization of the inmates Based on observations made while living and working alongside women at a halfway house within the prison system in a city in the Northeast Caputo's analysis is anchored in the words and experiences of over a dozen women Organized according to the progression of levels residents traverse during their time in the house and the rules and behaviors associated with each level Caputo offers a riveting look at what passes for rehabilitation and reintegration in such places and delineates the many ways these women retain agency by resisting regulations designed to keep them in their place **The Haunted House in Women's Ghost Stories** Emma Liggins, 2020-06-30 This book explores Victorian and modernist haunted houses in female authored ghost stories as representations of the architectural uncanny It reconsiders the gendering of the supernatural in terms of unease denial disorientation confinement and claustrophobia within domestic space Drawing on spatial theory by Gaston Bachelard Henri Lefebvre and Elizabeth Grosz it analyses the reoccupation and appropriation of space by ghosts women and servants as a means of addressing the opposition between the past and modernity The chapters consider a range of haunted spaces including ancestral mansions ghostly gardens suburban villas Italian churches and houses subject to demolition and ruin The ghost stories are read in the light of women's non-fictional writing on architecture travel interior design sacred space technology the ideal home and the servant problem Women writers discussed include Elizabeth Gaskell Margaret Oliphant Vernon Lee Edith Wharton May Sinclair and Elizabeth Bowen This book will appeal to students and researchers in the ghost story Female Gothic and Victorian and modernist women's writing as well as general readers with an interest in the supernatural **The Women of Hull House** Eleanor J. Stebner, 1997-01-01 This group biography explores the lives work and personal relations of nine white middle and upper middle class women who were involved in the first decade of Chicago's premier social settlement This galaxy of stars as they were called in their own day were active in innumerable political social and religious reform efforts The Women of Hull House refutes the humanistic interpretation of the social settlement movement Its spiritual base is highlighted as the author describes it as the practical ethical side of the social gospel movement and as an attempt to transform late nineteenth century evangelical and doctrinal Christian religion While the women of Hull House differed from one another in their theological beliefs and were often critical of orthodox Christianity they were motivated by Christian ideals By showing the interconnections of spirituality vocation and friendship the author argues that individual actions for social changes must take place within communities which provide a level of uniting vision yet allow for diverse actions and viewpoints **The Women's House of Detention** Hugh Ryan, 2022-05-10 This singular history of a prison and the queer women and trans people held there is a window into

the policing of queerness and radical politics in the twentieth century The Women s House of Detention a landmark that ushered in the modern era of women s imprisonment is now largely forgotten But when it stood in New York City s Greenwich Village from 1929 to 1974 it was a nexus for the tens of thousands of women transgender men and gender nonconforming people who inhabited its crowded cells Some of these inmates Angela Davis Andrea Dworkin Afeni Shakur were famous but the vast majority were incarcerated for the crimes of being poor and improperly feminine Today approximately 40 percent of the people in women s prisons identify as queer in earlier decades that percentage was almost certainly higher Historian Hugh Ryan explores the roots of this crisis and reconstructs the little known lives of incarcerated New Yorkers making a uniquely queer case for prison abolition and demonstrating that by queering the Village the House of D helped defined queerness for the rest of America From the lesbian communities forged through the Women s House of Detention to the turbulent prison riots that presaged Stonewall this is the story of one building and much more the people it caged the neighborhood it changed and the resistance it inspired Winner 2023 Stonewall Book Award Israel Fishman Non Fiction Book Award CrimeReads Best True Crime Books of the Year *Feisty First Ladies and Other Unforgettable White House Women* Autumn Stephens,2009-01-21 First ladies are supposed to be dignified background figures quietly supportive of their husbands agendas Above all they re not supposed to act out or cause even a whiff of scandal Of course reality often overrides conventional wisdom and this book shows how far from the prim ideal many of the Presidents wives have strayed Part irreverent portrait gallery part exuberant expose *Feisty First Ladies and Other Unforgettable White House Women* introduces a remarkable array of wild women from Martha Washington who opposed her own husband s presidential election to Abraham Lincoln s eccentric wife Mary to rebellious daughters like Patti Davis who were the tabloid fodder of their day Laugh out loud funny and filled with amazing stranger than fiction facts from our American history *Feisty First Ladies* journeys into the realm of the eclectic sisterhood whose outrageous words and deeds have rocked the fusty old foundations of the White House and the nation

Analyzing extensive data sets on all major party candidates for 10 elections covering candidate status party affiliation fund raising candidate background variables votes obtained and success rates for both primary and general elections Burrell finds little evidence of categorical discrimination against women candidates Women compete equally with men and often outpace them in raising money gaining interest group and political party support and winning elections Yet the number of women elected to the U S House has expanded only incrementally The electoral structure limits opportunities for newcomers to win congressional seats and there remains a lower presence of women in winnable contests despite growing recruitment efforts Burrell suggests that congressional dysfunction discourages potential candidates from pursuing legislative careers and that ambitious women are finding alternative paths to influence and affect public policy
