House Of World:

The Gentleman's House in the British Atlantic World 1680-1780 S. Hague, 2015-06-23 The Gentleman's House analyses the architecture decoration and furnishings of small classical houses in the eighteenth century By examining nearly two hundred houses it offers a new interpretation of social mobility in the British Atlantic World characterized by incremental social change

House and Society in the Ancient Greek World Lisa C. Nevett, 2001-05-10 This 1999 book re-examines traditional assumptions about the nature of social relationships in Greek households during the Classical and Hellenistic periods Through detailed exploration of archaeological evidence from individual houses Lisa Nevett identifies a recognisable concept of the citizen household as a social unit and suggests that this was present in numerous Greek cities She argues that in such households relations between men and women traditionally perceived as dominating the domestic environment should be placed within the wider context of domestic activity Although gender was an important cultural factor which helped to shape the organisation of the house this was balanced against other influences notably the relationship between household members and outsiders At the same time the role of the household in relation to the wider social structures of the polis or city state changed rapidly through time with the house itself coming to represent an important symbol of personal prestige

The World of the Country House in Seventeenth-century England John Trevor Cliffe, 1999-01-01 This engaging and beautifully illustrated book takes us back to the domestic world of the landed gentry in seventeenth century England Relating countless stories and case histories drawn from a wide range of primary sources the book describes the physical environment staffing and functioning of gentry households the inhabitants and their activities and the role of these houses in the social and economic life of their localities J T Cliffe begins by exploring the exterior and interior of houses and the outbuildings parks and gardens that surrounded them He then investigates the people who lived in the country houses and the relationships between them He provides colorful details about the responsibilities of the squire and his wife the duties remuneration food clothing accommodation and treatment of servants and the special duties of estate stewards coachmen chaplains and tutors Cliffe explains various aspects of housekeeping such as the tradition of hospitality and the factors militating against it He also discusses other kinds of activity religious practices outdoor sports and indoor pastimes including music and billiards and such intellectual pursuits as antiquarian research poetry and scientific experiments He concludes with a fascinating survey of scandal in the world of the gentry telling of domestic strife financial disaster lunacy and other disasters that marred this idyllic existence

The White House World Martha Joynt Kumar, Terry O. Sullivan, 2003 When George W Bush and his staff finally got word he had officially won the 2000 presidential election they had only thirty seven days left to shift from campaign mode to governing Fortunately for the Bush team a group of presidency scholars had gathered and provided them with a wealth of substantive analysis about presidential transitions and White House operations With information covering six administrations and interviews with seventy five former senior White House

officials as well as with President Gerald Ford the White House Interview Program proved an important resource for the new occupants of the West Wing The White House World gathers and digests the same material that was provided to the incoming White House staff Its individual chapters contain a veritable how to manual information on the dynamics of White House operations the functions of seven critical White House offices and the actual transition of President Bush In a final section scholars and Bush administration insiders offer brief views of George W Bush s unique transition into office In addition to Kumar and Sullivan scholars contributing to the volume include Peri E Arnold MaryAnne Borrelli John P Burke George C Edwards III John Fortier Karen Hult Nancy Kassop John H Kessel G Calvin Mackenzie Norman Ornstein Bradley H Patterson Jr James P Pfiffner Kathryn Dunn Tenpas Charles Walcott Shirley Anne Warshaw and Stephen J Wayne The section on the Bush transition also contains an essay by Clay Johnson executive director of the Bush Cheney Transition and now director of the White House Office of Presidential Personnel The project was sponsored by the Pew Charitable Trustsand carried out by members of the Presidency Research Group of the American Political Science Association This is a must have book for all current and aspiring participants and all serious observers of the American presidency The order of the world in house and state Wolf Rainer Wendt,2022-09-28 In the world the home and the state prove themselves and change as basic institutions of human coexistence They are the subject of a comparative study on an ecotheoretical basis In the global context the modes of social control have developed differently in the home and the state In and with them order is created in the world and for the individual and collective conduct of life The institutional frameworks of house and state in the world are ways of shaping existence that are juxtaposed in their European Occidental and East Asian forms Their discussion takes place along the ancient Greek basic concepts and forms of thought of the oikos the polis and the cosmos on the one hand and the ancient Chinese categories jia guo and tianxia on the other They are discussed with their ethical political and economic references in their traditional and contemporary meaning and with regard to their ecological sustainability The interest in a discursive understanding of sustainable life serving orders in the face of global challenges is the guiding principle

Narrative Architecture Sylvain De Bleeckere,Sebastiaan Gerards,2017-02-24 Narrative Architecture explores the postmodern concept of narrative architecture from four perspectives thinking imagining educating and designing to give you an original view on our postmodern era and architectural culture Authors Sylvain De Bleeckere and Sebastiaan Gerards outline the ideas of thinkers such as Edmund Husserl Paul Ricoeur Emmanuel Levinas and Peter Sloterdijk and explore important work of famous architects such as Daniel Libeskind and Frank Gehry as well as rather underestimated architects like G nter Behnisch and Sep Ruf With more than 100 black and white images this book will help you to adopt the design method in your own work **Documentary Archaeology in the New World** Mary C. Beaudry,1988 It outlines a fresh approach to the archaeological study of the historic cultures of North America Gardens of the Roman World Patrick Bowe,2004 Romans loved their gardens whether they were the grand gardens of imperial country estates or the small private

spaces tucked behind city houses They treasured gardens both as places for relaxation and as plots to grow ornamental plants as well as fruits and vegetables The soothing sound of bubbling fountains often added further to the pleasures of life in the garden Romans constructed gardens in every corner of their empire from Britain to North Africa and from Portugal to Asia Minor Long after their empire collapsed the gardens they had so carefully planted continued to exert influence in the farflung corners of their former world This book describes the variety of Roman gardens throughout the empire from the humblest to the most lavish including such well known places as Hadrian s Villa in Tivoli and the gardens of Pompeii and Herculaneum The continued influence of Roman gardens is traced though Arabic medieval and Renaissance gardens to the present day Many of the lavish illustrations were commissioned for this book

House Prices: Changing the City World

Pengfei Ni,Marco Kamiya,Haibo Wang,2019-11-20 This report was jointly launched by the National Academy of Economic Strategy of the Chinese Academy of Social Sciences and UN HABITAT Using the indicator system and objective data the competitiveness of 1 035 global cities was evaluated in detail The report measures the development pattern of global urban competitiveness as a whole and the gap between the relevant parties and the ideal state It has refreshed people s past perceptions of urban rankings and confirmed that the science and technology innovation center cities and central cities of emerging economies have begun to break the inherent global cities and they have entered the ranks of the most urban competitiveness While paying attention to the comparison of competitiveness among cities this report further promotes the perspective to the pattern and trend change of global economic and social development from the perspective of city The followings are new findings First information technology has increasingly become the primary driving force for urban development Second it is the three meridians that divide the global urban population and economic differentiation Third the soft links between cities gradually dominate the global urban system Fourth the formation of new global cities is beginning

Lewis V. Baldwin, Vicki L. Crawford, 2019 Reclaiming the Great World House in the 21st Century Cross Disciplinary Explorations of the Vision of Martin Luther King Jr does just that Established and emerging scholars explore Martin Luther King Jr s global vision and his lasting relevance to a globalized rights culture The editors further explain that this edited collection looks at King afresh in his own historical context while also refocusing his legacy of ideas and social praxis in broader directions for today and tomorrow Employing King s metaphor of the great world house with major attention to racism poverty and war or what he called the evil triumvirate the focus is on King s appraisal of and approach to the global human struggle in the 1950s and 60s and on the extent to which his social witness and praxis takes on new hues and pertinence not only in the ongoing struggles against racism poverty and economic injustice and violence and human destruction but also in the mounting efforts to eliminate problems such sexism homophobia and religious bigotry and intolerance from the global landscape The conclusion is that King s ideas and models of social protest are not only alive but also growing in vitality and popularity in the 21st century especially as humans worldwide are struggling daily with the lingering antiquated thinking and behavior around race and ethnicity the widening gap between the haves and the have nots the mounting cycles of violence torture and terrorism and the frustrating and growing chasms resulting from religious pluralism and the subordination and marginalization of certain sectors of the human family based on gender and sexuality

Westminster and the World Bulmer, W., 2020-10-23 Constitutional scholar Elliot Bulmer considers what Britain might learn from Westminster derived constitutions around the world Exploring the principles of Westminster Model constitutions and their impact on democracy human rights and good government this book builds to a bold re imagining of the United Kingdom s future written framework The New World Government-Structure and Constitution Prof. Dr. D.

Swaminadhan,2019-03-24 Two issues are bothering the humanity at present Firstly the contemporary national and international scenarios in socioeconomic political ethnic and cultural domains are throwing up many issues problems and challenges relating to development environment human rights human security communal harmony peaceful coexistence among nations and world peace and security Secondly existing global institutions are proving to be wanting in their structures and authorities in solving these problems Alternatively a new global independent organization with enforcing authority is needed to act upon and solve these issues The need for replacement of UNO seems to be justified because of failure to solve global problems The nineteenth and twentieth centuries witnessed revivals of proposals for world government that were fueled by positive developments such as technological progress in travel and communications that enabled rapid economic globalization as well as negative developments such as the devastating impact of wars fought with modern technology The author s approach of the formation of the world parliament is through proportional representation of nation s parliaments thus avoids direct election process for its formation All the nations and their people s representatives are involved in the formation of the World Parliament and the world government Based on this line of thinking the structure for a new federal world government and the new federal world constitution are presented in this book **World Criminal**
