linen after it has dried in Ink on Carpet Conclusion Author Bio Introduction I began looking at grandma s household hints when I saw that most of us were using chemical based cleaners to clean our greasy kitchen utensils every morning and evening Not only was this bad for our general health because there could be a side effect due to any possible residue of chemicals which had not been washed away during the last rinsing This is why this collection of grandma s household hints is going to be very useful for all those people who prefer natural or easily available remedies and solutions available right there in the kitchen or gardens Apart from your home and kitchen you are going to find long forgotten hints which were used by your and my grandma to get rid of stains preserve clothes from pests and other tips which may sound very amusing and surprising in this day and age But you should remember that grandma was brought up in times when she had to watch every penny of grandpa s limited income and make it stretch until it screeched That is why she was more prone to using her own natural good sense inborn shrewdness or knowledge passed to her from her own grandmother friends relatives and from her neighbors too In fact they used to meet once in a while and exchange household tips which may have gone something like this Oh Mrs I have found it so easy to remove stains from my hands by just rubbing a lemon over them and I prevent chapping by drying my hands after I have done the washing and then rubbing a pinch of starch all over the surface all the while waving those same unchapped stainless hands in the air     *Household Hints and Tips* ,1989 Contains helpful hints over food drink cleaning laundry household painting repairs home sewing child care pet care health and safety
