Subject Guide to Books in Print ,1997 *National Union Catalog* ,1982 ,1983 Religious Books and Serials in Print ,1980-1981 ,1980 *National Union Catalog* ,1983 **Sex, Love, and Families** Julie Hanlon Rubio,Jason Edward King,2020-03-30 2021 Association of Catholic Publishers first place award in theology 2021 Catholic Media Association Award first place award in marriage and family living Six years into the papacy of Pope Francis Catholics are still figuring out how to respond to his image of the church as a field hospital a church that goes into the streets rather than remaining locked up behind closed doors Marriage and family are primary sites of the field hospital called to meet people s need for healing and accompaniment with compassion and love The authors of this collection all lay a mix of single and married traditional and progressive Catholics take up this work They offer practical wisdom from and critical engagement with the Catholic tradition but avoid rehashing decades old theological debates Instead their essays engage with and respond to realities shaping contemporary family life like religious pluralism technology migration racism sex and gender incarceration consumerism and the call to holiness The result is a collection that envisions ways that families can be places of healing and love in and for the world **Volume 4: Kierkegaard and the Patristic and Medieval Traditions** Jon Stewart,2016-12-05 This volume features articles which employ source work research to trace Kierkegaard s understanding and use of authors from the Patristic and Medieval traditions It covers an extraordinarily long period of time from Cyprian and Tertullian in the second century to Thomas Kempis in the fifteenth Despite its heterogeneity and diversity in many aspects this volume has a clear point of commonality in all its featured sources Christianity Kierkegaard s relation to the Patristic and Medieval traditions has been a rather neglected area of research in Kierkegaard studies This is somewhat surprising given the fact that the young Kierkegaard learned about the Patristic authors during his studies at the University of Copenhagen and was clearly fascinated by many aspects of their writings and the conceptions of Christian religiosity found there With regard to the medieval tradition in addition to any number of theological issues medieval mysticism medieval art the medieval church troubadour poetry and the monastic movement were all themes that exercised Kierkegaard during different periods of his life Although far from uncritical he seems at times to idolize both the Patristic tradition and the Middle Ages as contrastive terms to the corrupt and decadent modern world with its complacent Christianity While he clearly regards the specific forms of this Medieval appropriation of Christianity to be misguided he is nonetheless positively disposed toward the general understanding of it as something to be lived and realized by each individual Religious Books and Serials in Print ,1982 The Publishers' Trade List Annual ,1985 *Cistercian Studies* Cistercians,1986 **Shenoute and the Women of the White Monastery** Rebecca Krawiec,2002-01-24 This book depicts the lives of female monks within a monastery located in upper Egypt in the period 385 464 CE During this period the monastery was headed by a monk named Shenoute thirteen of

his letters to the women under his care survive These writings are fragmentary only partially translated little studied and written in difficult to decipher Coptic Despite these problems Krawiec has used the letters to reconstruct a series of quarrels and events in the life of the White Monastery and to discern some of the key patterns in the participants relationships to one another within the world as they perceived it

War and Memory at the Time of the Fifth Crusade Megan

Cassidy-Welch,2019-07-01 In this book Megan Cassidy Welch challenges the notion that using memories of war to articulate and communicate collective identity is exclusively a modern phenomenon War and Memory at the Time of the Fifth Crusade explores how and why remembering war came to be culturally meaningful during the early thirteenth century By the 1200s discourses of crusading were deeply steeped in the language of memory crusaders understood themselves to be acting in remembrance of Christ s sacrifice and following in the footsteps of their ancestors At the same time the foundational narratives of the First Crusade began to be transformed by vernacular histories and the advent of crusading romance Examining how the Fifth Crusade was remembered and commemorated during its triumphs and immediately after its disastrous conclusion Cassidy Welch brings a nuanced perspective to the prevailing historiography on war memory showing that remembering war was significant and meaningful centuries before the advent of the nation state This thoughtful and novel study of the Fifth Crusade shows it to be a key moment in the history of remembering war and provides new insights into medieval communication It will be invaluable reading for scholars interested in the Fifth Crusade medieval war memory and the use of war memory

Reading Medieval Anchoritism Mari Hughes-Edwards,2012-06-15 This interdisciplinary study of medieval English anchoritism from 1080 1450 explodes the myth of the anchorhold as solitary death cell reveals it instead as the site of potential intellectual exchange and demonstrates an anchoritic spirituality in synch with the wider medieval world
