American Houses: Literary Spaces of Resistance and Desire, 2022-08-15. Already in 1854, Henry David Thoreau had declared in *Walden* that most men appear never to have considered what a house is. Like Thoreau, many other renowned American writers have considered what houses are and particularly what houses do, and they have created fictional dwellings that function not only as settings but as actual central characters in their works. The volume is specifically concerned with the structure, the organization, and the objects inside houses and argues that the space defined by rooms and their contents influences the consciousness, the imaginations, and the experiences of the humans who inhabit them. Winner of the Spanish Association for American Studies Javier Coy Award 2022 for best edited volume. Contributors are Cristina Alsina, R. Squez, Rodrigo Andr s, Vicent Cucarella, Ramon Arturo Corujo, Mar Gallego, Ian Green, Michael Jonik, Wyn Kelley, Cynthia Lytle, Carme Manuel, Paula Mart n Salv n, Elena Ortells, Eva Puyuelo, Ure, a Dolores Resano, and Cynthia Stretch.

Ancient Architecture of the Southwest William N. Morgan,1994-01-01

During more than a thousand years before Europeans arrived in 1540 the native peoples of what is now the southwestern United States and northern Mexico developed an architecture of rich diversity and beauty Vestiges of thousands of these dwellings and villages still remain in locations ranging from Colorado in the north to Chihuahua in the south and from Nevada in the west to eastern New Mexico This study presents the most comprehensive architectural survey of the region currently available Organized in five chronological sections that include 132 professionally

rendered site drawings the book examines architectural evolution from humble pit houses to sophisticated multistory pueblos The sections explore concurrent Mogollon Hohokam and Anasazi developments as well as those in the Salado Sinagua Virgin River Kayenta and other areas and compare their architecture to contemporary developments in parts of eastern North America and Mesoamerica The book concludes with a discussion of changes in Native American architecture in response to European influences **Hearings Before Subcommittee of House Committee on Appropriations** United States.
