Joint Training For Night Air Warfare:

Joint training for night air warfare ,1992 *Joint Training for Night Air Warfare* Brian W. McLean,1992 This book briefly examines the history of joint air operations and some night air operations from World War II through Operation Desert Storm Colonel McLean focuses on the need for increased training for joint operations at night He describes a hypothetical contingency in Korea to illustrate some of the challenges of conducting joint night operations He offers recommendations for a building block approach to improve training in our joint night air warfare capability **Joint Training for Night Air Warfare**

Brian W. McLean,1992 This book briefly examines the history of joint air operations and some night air operations from World War II through Operation Desert Storm Colonel McLean focuses on the need for increased training for joint operations at night He describes a hypothetical contingency in Korea to illustrate some of the challenges of conducting joint night operations He offers recommendations for a building block approach to improve training in our joint night air warfare capability **The Air Force Way of War** Brian D. Laslie,2015-06-23 Laslie chronicles how the Air Force worked its way from the catastrophe of Vietnam through the triumph of the Gulf War and beyond Robert M Farley author of Grounded The U S Air Force s poor performance in Operation Linebacker II and other missions during Vietnam was partly due to the fact that they had trained their pilots according to methods devised during World War II and the Korean War when strategic bombers attacking targets were expected to take heavy losses Warfare had changed by the 1960s but the USAF had not adapted Between 1972 and 1991 however the Air Force dramatically changed its doctrines and began to overhaul the way it trained pilots through the introduction of a groundbreaking new training program called Red Flag In The Air Force Way of War Brian D Laslie examines the revolution in pilot instruction that Red Flag brought about after Vietnam The program s new instruction methods were dubbed realistic because they prepared pilots for real life situations better than the simple cockpit simulations of the past and students gained proficiency on primary and secondary missions instead of superficially training for numerous possible scenarios In addition to discussing the program s methods Laslie analyzes the way its graduates actually functioned in combat during the 1980s and 90s in places such as Grenada Panama Libya and Iraq Military historians have traditionally emphasized the primacy of technological developments during this period and have overlooked the vital importance of advances in training but Laslie s unprecedented study of Red Flag addresses this oversight through its examination of the seminal program A refreshing look at the people and operational practices whose import far exceeds technological advances The Strategy Bridgei **Joint Training for Night Air Warfare** Lt Col Usaf Brian W McLean,USAF, Brian W., Brian McLean, Lt. , USAF,2012-08-07 The genesis of this book can be traced to two specific assignments the author s Air Force Navy officer exchange duty in F 14s and his tour on the staff in the Special Management Organization for low altitude navigation and targeting infrared for night LANTIRN From his experiences with the Navy he gained an appreciation for how well the services can work together if we can overcome the challenges to joint operations The author s experiences

since then with Marine and Army personnel convinced him that the same discipline pride and expertise run through any warrior regardless of what color uniform he or she wears or what service insignia is painted on the side of the airplane This ingrained devotion to duty properly directed toward mission accomplishment can override any sense of interservice rivalry and greatly increase the sum total of military power through joint operations This inherent capability is limited though because of a lack of an in depth aware of each other s capabilities and limitations Following this exposure to the possibilities of joint operation the author s tour in the LANTIRN office at Headquarters TAC convinced him that future air warfare must include night combat He felt that the tactical capability provided by the emerging night technology was too great to be neglected Each of the armed services had or was developing the technology for night warfare but there was no formal program to develop or train for joint night tactics or operations When offered the opportunity to compete for the PACAF command sponsored research fellowship at AUCADRE he saw this as an opportunity to point out what he considered an oversight and propose a solution to the issue Although this book was started well before the events of Operations Desert Shield Desert Storm the author was gratified to see his initial assumptions validated Joint operations including joint night operations are a critically important part of modern war The success of Operation Desert Storm was the result of joint development and training efforts during the months of Desert Shield Continuous efforts must be made to ensure a future capability This report has a proposed training method for ensuring that capability

AU Press, Your Air and Space Power Publisher, 2003 ,2003 Professional Journal of the United States Army ,1994 Military Review ,1994 Monthly Catalog of United States Government Publications ,2004-07

Joint Training for Night Air Warfare - Red Flag, Cope Thunder, and the National Training Center, Close Air Support, Counterair Air University Press,U. S.

Military,Department of Defense (DoD),Brian W. McLean,U. S. Air Force (USAF),2017-10-15 The reality of today s world is that although the threat of World War III may be greatly reduced the possibility of wars involving American troops remains high These wars probably will be conducted by large and complex joint staffs and likely will be characterized by intense activity carried out regardless of weather time of day or seasons of the year Our most recent experiences in Panama Grenada Libya and the Persian Gulf have proven that modern war requires joint air land and naval forces fighting both day and night Are we preparing to do this Are we training for air operations using all forces at our disposal in a war that may begin in the middle of the night The author s contention is that training for night air operations particularly with our sister services is in its infancy Using his personal experience he sets out to recommend better uses of the training facilities of all the services to improve the situation After examining the history of joint operations and night air operations presenting a hypothetical joint night scenario to show the tremendous challenges of such operations and describing the current status of joint night training programs the author recommends a phased building block approach that should increase the Air Force s capability to perform both single service and joint operations any time of the day or night This will ensure that we train as we plan to fight

in future air operations Chapter 1 addresses the history and background of both joint air operations and night warfare to explain how we reached the point where we are today Chapter 2 addresses the current status of our night air warfare equipment and our system for planning and conducting joint warfare The author uses a hypothetical air operation against North Korean forces to illustrate some of this capability Chapter 3 examines the various large scale training programs and exercises used to practice for night warfare particularly to determine where weaknesses or limitations might exist Chapter 4 discusses possible ways of making better use of available equipment and resources for more realistic training in joint night warfare Contents 1 HISTORY AND BACKGROUND Joint Operations Night Operations Summary Notes 2 DOING IT IN THE DARK THE CHALLENGE Operation Tae Kwon Do Mission Planning Offensive Counterair Defensive Counterair On Call Close Air Support Mission Execution Offensive Counterair Defensive Counterair On Call Close Air Support Mission Feasibility Summary Notes PHOTO SECTION 3 CURRENT TRAINING PROGRAMS Requirements for Realistic Training Red Flag Naval Strike Warfare Center National Training Center Twentynine Palms Cope Thunder Team Spirit Summary Notes 4 CONCLUSIONS AND RECOMMENDATIONS Expanding Air Force Night Capability Recommendation 1 Implement Red Flag 2000 Proposal Recommendation 2 Initiate Annual Night Cope Thunder Expanding Joint Capability Recommendation 3 Develop More Extensive Joint Force Tactics Recommendation 4 Expand Formal Joint Training Programs Recommendation 5 Begin Mission Commanders School at Red Flag Recommendation 6 Initiate Annual Unified Command Red Flag Developing Joint Night Capability Recommendation 7 Expand Joint Night Training at Each Center Recommendation 8 Increase Joint Night Operations at Team Spirit Recommendation 9 Develop an Annual Unified Command Exercise Summary Notes

Monthly Catalogue, United States Public Documents ,1993

The Praetorian STARShip : the untold story of the

Combat Talon ,2001 Jerry Thigpen s study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C 130 derivative ever produced First modified and sent to Southeast Asia SEA in 1966 to replace theater unconventional warfare UW assets that were limited in both lift capability and speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam After spending four years in SEA and maturing into a highly respected UW weapons system the Joint Chief of Staff JCS chose the Combat Talon to lead the night low level raid on the North Vietnamese prison camp at Son Tay Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long range clandestine operations In the period following the Vietnam War United States Air Force USAF special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever increasing threat to our nation Under the leadership of such committed

hard driven officers as Brenci Uttaro Ferkes Meller and Thigpen the crew force became the most disciplined in our Air Force It was capable of penetrating hostile airspace at night in a low level mountainous environment covertly to execute any number of unconventional warfare missions **Quarterly Supplement to the ... Annual Department of Defense Bibliography of Logistics Studies and Related Documents** United States. Defense Logistics Studies Information Exchange,1992 *Case Studies in the Development of Close Air Support* Benjamin Franklin Cooling (III),1990 En gennemgang af udviklingen inden for taktisk flyst tte **Case studies in the development of close air support** Benjamin Franklin Cooling,1990 **On target : organizing and executing the strategic air campaign against Iraq , Signal** ,2010 **On Target** Richard G. Davis,2002 Advise and Dissent is the personal odyssey of James Abourezk from his coming of age as the son of Lebanese immigrants in South Dakota through his hardscrabble days as a farmhand bartender bouncer and cook to his entrance into and voluntary exit from the U S Senate His is a quintessentially American story that entertains as it challenges the thinking of our nation Abourezk refused to compromise his beliefs He championed Native American self determination and demanded the creation of a Palestinian state He challenged the flow of special interest money through political action committees and tried to overthrow the structure that keeps small farmers in an economic stranglehold His memoir takes the reader on a remarkable and wise tour through the corridors of power At a time of waning public confidence in government he makes us realize the importance of participatory democracy **Special Warfare** ,1989 A Guide to the Sources of United States Military History Robin Higham,Donald J. Mrozek,1998
