It collects nine essays by nine scholars from five nations, each approaching Pinter's work from a different perspective. Together, these essays offer a compelling argument for thinking of Pinter not merely as a unique writer whose individual genius has introduced the world to a particular aesthetic, but more importantly as an artist working within numerous traditions, influencing and influenced by the work of painters, installation artists, film directors, photographers, poets, and of course theatre makers. *PINTER ET CETERA* is a bold step toward expanding our understanding of Pinter and establishing its importance beyond the absurdist stage.
