westward toward the sand and sea of Santa Monica Bay throughout the twentieth century as land grant ranchos gave way to capitalists and promoters. Developers subdivided the coastal land into neighborhoods and communities: Santa Monica, Brentwood, Bel Air, Westwood, Venice, Ocean Park, Pacific Palisades, Malibu, and Marina del Rey. These became places known to the nation at large for movie stars, moguls, and business tycoons: for Will Rogers, Henry Huntington, and UCLA, and for estate homes, amusement piers, and surfing beaches. Join Jan Loomis, a former West L A magazine publisher and historian, as she tells the stories behind how it all came to be West Los Angeles.

Not so fast. Despite the city's reputation for spontaneous evolution, a deliberate planning process shapes the way Los Angeles looks and lives. Editor David C. Sloane, a planning professor at the University of Southern California, has enlisted 30 essayists for a lively, richly illustrated view of this vibrant metropolis. *Planning Los Angeles* launches a new series from APA Planners Press. Chasing Hope. Nicholas D. Kristof, 2025-09-09. From New York Times columnist, Pulitzer Prize winner, and best-selling author, Nicholas D. Kristof, an intimate and gripping memoir about a life in journalism. This is the kind of memoir that changes the world. Read it. Bonnie Garmus, author of *Lessons in Chemistry*, inspiring. May this book be read by every budding journalist and even experienced ones, and indeed by anyone who hopes for the future of humanity. Ann Curry, journalist. Since 1984, Nicholas Kristof has worked for The New York Times as a reporter, foreign correspondent, bureau chief, and now columnist, becoming one of the foremost reporters of his generation. Here he recounts his event-filled path from a small town farm in Oregon to every corner of the world. Reporting from Hong Kong, Beijing, and Tokyo, and traveling far afield to India, Africa, and Europe, Kristof witnessed and wrote about century-defining events: the Tiananmen Square protests and massacre, the Yemeni civil war, the Darfur genocide in Sudan, and the wave of addiction and despair that swept through his own town and a broad swath of working-class America. Fully aware that coverage of atrocities generates considerably fewer page views than the coverage of politics, he nevertheless continued to weaponize his pen against regimes and groups violating basic human rights, raising the cost of oppression and torture. Some of the risks he took while doing so make for hair-raising reading. Kristof introduces us to extraordinary people he has met, such as a dissident he helped escape from China and a Catholic nun who browbeat a warlord into releasing schoolgirls he had kidnapped. These are the people, the heroes, who have allowed Kristof to remain optimistic. Side by side with the worst of humanity, Kristof shows us the best. This is a candid memoir of vulnerability and courage, humility and purpose, mistakes and
