**The Dawn of Conservation Diplomacy** Kurkpatrick

Dorsey, 2009-11-17 In the first decades of the twentieth century fish in the Great Lakes and Puget Sound seals in the North Pacific and birds across North America faced a common threat over harvesting that threatened extinction for many species Progressive era conservationists saw a need for government intervention to protect threatened animals And because so many species migrated across international political boundaries their protectors saw the necessity of international conservation agreements In The Dawn of Conservation Diplomacy Kurkpatrick Dorsey examines the first three comprehensive wildlife conservation treaties in history all between the United States and Canada the Inland Fisheries Treaty of 1908 the North Pacific Fur Seal Convention of 1911 and the Migratory Bird Treaty of 1916 In his highly readable text Dorsey argues that

successful conservation treaties came only after conservationists learned to marshal scientific evidence public sentiment and economic incentives in their campaigns for protective legislation The first treaty intended to rescue the overfished boundary waters failed to gain the necessary support and never became law Despite scientific evidence of the need for conservation politicians and the general public were unable to counter the vocal opposition of fishermen across the continent A few years later conservationists successfully rallied popular sympathy for fur seals threatened with slaughter and the North Pacific Fur Seal Convention was adopted By the time of the Migratory Bird Treaty of 1916 the importance of aesthetic appeal was clear North American citizens were joining chapters of the Audubon Society in efforts to protect beautiful songbirds

Conservationists also presented economic evidence to support their efforts as they argued that threatened bird species provided invaluable service to farmers Dorsey recounts the story of each of these early treaties examining the scientific research that provided the basis for each effort acknowledging the complexity of the issues and presenting the personalities behind the politics He argues that these decades old treaties both directly affect us today and offer lessons for future conservation efforts

**Jumpman** Johnny Smith,2023-11-07 How Michael Jordan s path to greatness was shaped by race politics and the consequences of fame To become the most revered basketball player in America it wasn t enough for Michael Jordan to merely excel on the court He also had to become something he never intended a hero Reconstructing the defining moment of Jordan s career winning his first NBA championship during the 1990 1991 season sports historian Johnny Smith examines Jordan s ubiquitous rise in American culture and the burden he carried as a national symbol of racial progress Jumpman reveals how Jordan maintained a mystique that allowed him to seem more likable to Americans who wanted to believe race no longer mattered In the process of achieving greatness he remade himself into a paradox universally known yet distant and unknowable Blending dramatic game action with grand evocations of the social forces sweeping the early nineties Jumpman demonstrates how the man and the myth together created the legend we remember today

*Prehistoric* Alex Wong,2023-10-24 The improbable story of the birth of modern day pro basketball in Toronto In just over 25 years the Toronto Raptors have evolved from an intrepid expansion team to an NBA champion But for all the triumphs of the past decade the beginning looked a bit different When the franchise began its first season in 1995 a pro basketball team in Toronto was viewed as an experiment There was no playbook to follow and very few people gave them a chance to succeed In Prehistoric irreverent Raptors voice and culture writer Alex Wong explores the franchise s fascinating and unconventional inception through 140 original interviews with those involved with the team s very beginning examining the process of how the team came up with their name and logo inspired by the blockbuster film Jurassic Park taking a behind the scenes look at the drafting of star point guard Damon Stoudamire telling the backstories of a group of misfits who formed the first year roster and providing an in depth look at the team s opening night victory at the SkyDome and the expansion franchise s signature win over Michael Jordan and a 72 win Chicago Bulls team The Raptors boldly and intentionally pursued a much
