Hamarneh, Rosemary Hollis, Khalīl Shiqāqī, Markaz al-Buḥūth wa-al-Dirāsāt al-Filastīniyah (Nablus), 1997 Jordanian Palestinian relations have become hostage to the fate of the troubled Arab Israeli peace process This study seeks to liberate the former from the latter by exploring alternative ways of thinking about the future and thereby identifying choices The Jordanian-Palestinian Relationship Musa S. Braizat, 1998-12-31 Jordanian Palestinian interaction is at the heart of the Middle East peace process This volume presents an assessment of the relationship between Jordan and Palestine their significance and possible future developments **Jordanian-Palestinian Relations** Rosemary Hollis, Mustafa B. Hamarneh, Khalīl Shiqāqī, 1997 **Jordanian-Palestinian Relations**, 2005 Jordanian Palestinian relations are deeply rooted in history They date back to the first quarter of the twentieth century to the period of British and French involvement in the region in the aftermath of World War I and the establishment of the state of Israel in 1948 Since the early days of the British mandate the two peoples Jordanian and Palestinian found themselves obliged to interact with each other due to geographic social economic and demographic considerations Following the decision to unite the West Bank and Transjordan to make up the Hashemite Kingdom of Jordan in 1950 the West Bank and its people were in the process of integration within Jordan until war halted progress in 1967 This study presents the evolution of Jordanian Palestinian relations through history These relations have been both challenged by hardships and influenced by several other Arab states The current peace process between the Israelis and Palestinians which could bring about an independent Palestinian state requires that Jordanians and Palestinians restructure their relations in order to be of mutual benefit **The Transformation of Palestinian Politics** Barry Rubin, 2009-06-01 This book is a comprehensive overview and analysis of the Palestinians travail as they move from revolutionary movement to state Barry Rubin outlines the difficulties in the transition now under way arising from Palestinian history society and diplomatic agreements He writes about the search for a national identity the choice of an economic system and the structure of government Rubin finds the political system interestingly distinctive it appears to be a pluralist dictatorship There are free elections multiple parties and some latitude in civil liberties Yet there is a relatively unrestrained chief executive and arbitrariness in applying the law because of restraints on freedom The new ruling elite is a complex mixture of veteran revolutionaries heirs to large and wealthy families professional soldiers technocrats and Islamic clerics Beyond explaining how the executive and legislative branches work Rubin factors in the role of public opinion in the peace process the place of nongovernmental institutions opposition movements and the Palestinian Authority's foreign relations including Palestinian views and interactions with the Arab world Israel and the United States This book is drawn from documents in Arabic Hebrew and English as well as interviews and direct observations Rubin finds that overall the positive aspects of the Palestinian Authority outweigh the negative and he foresees the establishment of a Palestinian state His charting of the triumphs and difficulties of this state in

The Palestinian Diaspora Helena Lindholm Schulz, 2005-07-27 From the refugee camps of the Lebanon to the relative prosperity of life in the USA the Palestinian diaspora has been dispersed across the world In this pioneering study Helena Lindholm Schulz examines the ways in which Palestinian identity has been formed in the diaspora through constant longing for a homeland lost In so doing the author advances the debate on the relationship between diaspora and the creation of national identity as well as on nationalist politics tied to a particular territory But The Palestinian Diaspora also sheds light on the possibilities opened up by a transnational existence the possibility of new less territorialized identities even in a diaspora as bound to the idea of an idealized homeland as the Palestinian Members of the diaspora form new lives in new settings and the idea of homeland becomes one important but not the only source of identity Ultimately though Schulz argues the strong attachment to Palestine makes the diaspora crucial in any understandings of how to formulate a viable strategy for peace between Israelis and Palestinians

power between Palestinians and East Bankers **Middle East Contemporary Survey, Volume Xv: 1991** Ami Ayalon, 2021-11-18 This is the fifteenth volume in a series that provides up to date summation and evaluation of the rapidly changing events in an exceptionally complex region of the world This volume covers the period January through December 1991 and offers in depth analysis of the Gulf War the U S inspired peace negotiations the surge of Islamic sentiment in a number of countries and inter Arab relations in the wake of the Gulf War In addition a comprehensive survey of the affairs of each country is provided This volume covers the year 1991 a watershed period in the Middle East The Gulf War pitted regional and international forces of unprecedented might against each other in fierce confrontation Local and global developments such as the U S led victory over Iraq and the disintegration of the Soviet Union brought on the struggle for a new order in the region The relevance of Western political modes for Middle Eastern societies was again raised for examination highlighting the formidable complexities of such options One of the local responses to these changes was a surge of Islamic sentiment sometimes militant in nature manifested primarily in Sudan Algeria Jordan Egypt and among the Palestinians Spearheaded by the United States the Middle East peace process entered a more dynamic phase as a multilateral peace conference in Madrid ushered in a new era of direct Arab Israeli negotiations The Arab system was slow to recover from the painful impact of the Gulf War and inter Arab relations continued to be characterized more by mutual vindictiveness than by reconciliation On the whole this was a year of considerable flux and uncertainty with some events promising the inauguration of a new course of development for the region and others passing without long term impact The period surveyed in this volume unless otherwise indicated is from January to December 1991 In order to avoid excessive repetition while achieving a comprehensive survey of the affairs of each country individually extensive cross references have been used **Israel, Jordan, and the Peace Process** Yehuda Lukacs, 1997 Israel and Jordan even though self proclaimed enemies of one another practiced a relationship of interdependence based on corresponding interests In the years following the 1967 war these two countries fates were delicately intertwined because of many factors like mutual reliance on natural resources especially water and parallel interests in the subordination of the Palestinian national movement These conditions of commonality led to extensive ties between the two countries and approximated a state of de facto peace that ironically made an official peace treaty almost impossible to sign A formal peace treaty would have required not only Israel s withdrawal from the West Bank but also Jordan s acknowledgment of the clandestine contacts between the two formal enemies Yehuda Lukacs gives us an account of how this relationship changed in 1988 when Jordan disengaged from the West Bank This event combined with the Palestinian uprising and the Gulf War paved the way for Israel and Jordan in 1994 to sign the Israeli Jordanian peace treaty By systematically examining the impact of functional cooperation between two official enemies Lukacs makes an important contribution to Middle East studies and international conflict resolution
