Joseph Stalin Selected Writings:

Joseph Stalin Joseph Stalin, 1945 *Leninism* Joseph Stalin, 1975 Joseph Stalin Joseph Stalin, 1942 **Joseph Stalin** Helen Rappaport, 1999-12-13 To get to the top Joseph Stalin outmaneuvered Lenin Trotsky Kirov and a legion of equally ruthless revolutionaries This accessible and easy to read reference work reveals the more personal side of the Machiavellian mastermind who not only orchestrated the Great Terror but also forged the USSR into a world power Joseph Stalin A Biographical Companion offers balanced coverage and makes use of new information from Soviet archives while at the same time avoids mind numbing communist jargon and terminology Also included are scores of rare illustrations some never before published in the West *Selected Writings* Joseph Stalin, 1970 Freedom Betrayed George H. Nash, 2013-09-01 Herbert Hoover s magnum opus at last published nearly fifty years after its completion offers a revisionist reexamination of World War II and its cold war aftermath and a sweeping indictment of the lost statesmanship of Franklin Roosevelt Hoover offers his frank evaluation of Roosevelt s foreign policies before Pearl Harbor and policies during the war as well as an examination of the war s consequences including the expansion of the Soviet empire at war s end and the eruption of the cold war against the Communists **Stalin** Marty Bloomberg, Buckley Barry Barrett, 1993-01-01 A comprehensive annotated survey of English language literature on Stalin *One Man Talking: Selected Essays of Shao Xunmei, 1929-1939* Paul Bevan, Susan Daruvala, 2023-07-19 Shao Xunmei poet essayist publisher and printer played a significant role in the publication and dissemination of journals and pictorial magazines in Shanghai during the 1920s and 1930s His poetry has been translated by several prominent scholars through the years but remarkably few of his essays have received the same attention and this is the first collection of his prose writings to be published in English Shao has been described by a phalanx of scholars as the most seriously underestimated modern cultural Chinese figure This collection of his writings joins several recent publications that aim to raise Shao s literary and historical profile It will appeal to a broad swathe of readers interested in the transnational and transcultural dimensions of twentieth century experience that have become so important for contemporary scholarship The essays in this book some of which were selected by the writer s daughter Shao Xiaohong include long essays such as One Man Talking and A Year in Shanghai as well as several shorter essays on subjects as diverse as the caricatures of Miguel Covarrubias woodblock printing and pictorial magazines all of which were published in Shao s own magazines Although his essays may be less well known than those of other writers of the same period without his unique and valuable contribution the literary artistic and poetic worlds of twentieth century Shanghai would have been very different indeed **The Stalin Years** Evan Mawdsley, 2003-09-06 Looking at the entire Stalin era this book contains chapters on ideology politics economic development social change nationalities culture and external relations and the Great Terror An updated bibliography including a wealth of recent English language work on the rule of Stalin is included *Publications Relating to Various Aspects of Communism* , 1959 **Reports and Documents** United States. Congress. Senate. Committee on the Judiciary, 1947 **The Soviet Union, from Lenin to Khrushchev** United States. Congress. House. Committee on Un-American Activities, 1961 Congressional Record United States. Congress, 1948 The Domestic Context Of Soviet Foreign Policy Seweryn Bialer, 2019-07-15 This volume highlights those aspects of Soviet internal dynamics that influence foreign policy and international relationships It reflects a growing awareness of the importance of internal factors as a critical determinant shaping the making and effectiveness of Soviet foreign policy *Western Marxism* Domenico Losurdo, 2024-09-17 A stinging critique of Western Marxism counterposing its complicity with imperialist logic against a resurgent anti imperialism Western Marxism How It Was Born How It Died How It Can Be Reborn is a paradigm shifting book that provides a trenchant critique of the Western left intelligentsia It reveals how its dominant ideological orientation characterized by defeatism utopianism and anti communism is rooted in the political economy of imperialism Internationally acclaimed theorist Domenico Losurdo thus provides a fresh and challenging perspective on purportedly radical thinkers who have been widely promoted in the imperial core including those affiliated with the Frankfurt School French Theory and operaismo as well as Hannah Arendt Giorgio Agamben Michael Hardt and Slavoj Žižek among others His critique also has wide reaching implications for trend setting discourses inspired by this coterie of intellectuals from postcolonial and decolonial theory to subaltern studies and beyond Far from being a negative undertaking however this book is grounded in the positive project of reigniting anti imperialist Marxism As a complement to the Italian edition of Western Marxism this first ever English translation also features the unprecedented publication of a major lecture that demystifies Western Marxism and its role in imperialists efforts to denigrate the achievements of actually existing socialism Raising the stakes of what it means to produce critical theory Western Marxism will surely provoke wide debate and a reevaluation of hallowed canons Deep Republicanism Donald C. Hodges, 2008-01-01 Deep Republicanism Prelude to Professionalism reveals a subversive republicanism in Machiavelli's political theories that is at odds with the demoliberalism often perceived as his primary political agenda It also establishes the importance of this republican agenda in understanding the major revolutions of the modern world **For They Know Not What They Do** Slavoj Žižek, 2020-05-05 Psychoanalysis is less merciful than Christianity Where God the Father forgives our ignorance psychoanalysis holds out no such hope Ignorance is not a sufficient ground for forgiveness since it masks enjoyment an enjoyment which erupts in those black holes in our symbolic universe that escape the Father's prohibition Today with the disintegration of state socialism we are witnessing this eruption of enjoyment in the re emergence of

aggressive nationalism and racism With the lid of repression lifted the desires that have emerged are far from democratic To explain this apparent paradox says Slavoj Žižek socialist critical thought must turn to psychoanalysis For They Know Not What They Do seeks to understand the status of enjoyment within ideological discourse from Hegel through Lacan to these political and ideological deadlocks The author's own enjoyment of popular culture makes this an engaging and lucid exposition in which Hegel joins hands with Rossellini Marx with Hitchcock Lacan with Frankenstein high theory with Hollywood melodrama
