Joseph Campbell Phenomenon:

The Joseph Campbell Phenomenon Lawrence J. Madden, 1992 This premier collection of presentations analyzes mythologist Joseph Campbell's life and work

7 Books That Rocked the Church Daniel A Crane, 2021-12-14 7 Books That Rocked the Church by Daniel Crane explores controversial books throughout history that the Christian church has famously disavowed and asks the question Why Engagingly written and thoughtfully researched this book explores what the fuss was all about with books ranging in date from the second century after Christ to more contemporary authors Books by Karl Marx Charles Darwin Galileo Galilei and many others profoundly upset the church by calling into question foundational Christian doctrines or beliefs Most of the books discussed here were banned at some time by Christian authorities The author's aim is to challenge Christians to respond critically but open mindedly to books that oppose a Christian worldview Readers of 7 Books That Rocked the Church will come away better equipped to answer the charge that the church is intolerant of competing ideas They will also develop the ability to interact with new and possibly dangerous ideas that comport with Jesus' admonition to be wise as serpents but gentle as doves This book also includes discussion questions for further study

The Secret Yoga of the Vikings Steven A. Key, 2019-09-13 With their secretive poetic lore and even more mysterious pantheon of gods led by Odin the All Father Thor the great Hammer Striker Loki the Evil One and Heimdal the Cosmic Horn Blower it is almost impossible not to love the Vikings But there are even more fans of the multi faceted yoga

systems devised by the ancient Hindustani in India more than five thousand years ago Steven A Key makes the case that transcendental yoga has not only endured over the millennia but that it has traveled in different forms of spiritual or religious expression in *The Secret Yoga of the Vikings* Drawing on the writings of Joseph Campbell the famous mythologist who hinted at a link between the cultures of the Eastern Hindus and the Northern Vikings as well as other great thinkers the author shows that yoga has influenced Buddhism Christianity and yes even the tenth century Vikings Discover how a spiritual cult of anonymous Odin warriors who died long ago was likely responsible for the writing of the Poetic Edda itself as well as the role transcendental yoga played in the life of the Vikings *Harry Potter and the Myth of Millennials* Priscilla Hobbs,2022-05-16

The publication of the Harry Potter series in the United States coincided with the coming of age of its main target audience the millennial generation *Harry Potter and the Myth of Millennials* Identity Reception and Politics takes an interdisciplinary view of Harry Potter as a series and a phenomenon to uncover how the appeal of Harry became a lifestyle a moral compass and a guiding light in an era fraught with turbulence and disharmony As a new phenomenon at the time Harry Potter provided comfort through the heroism of the main characters showing that perseverance and constant vigilance to quote one of the professors could overcome the darkest of times Hobbs argues that Harry Potter prepared an entire generation for the chaotic present marked by the 2016 Election and 2020 Pandemic by shaping the political attitudes of its readers many of whom were developing their political identities alongside Harry Her analysis focuses on both the novels themselves and the ways in which fans connected globally through the Internet to discuss the books commiserate about the events swirling around them and answer calls to action through Harry Potter inspired activism In short *Harry Potter and the Myth of Millennials* examines how Harry Potter became a generation's defining mythology of love unity and transformation

Vocation and the Politics of Work Jeffrey Scholes,2013-03-08 This book surveys the theological and cultural appropriations of the Protestant concept of vocation in order to argue for a vocation that has political traction in modern workplaces It uniquely brings together insights from recent works in political theology and consumer cult **God Beyond**

Gender Gail Ramshaw,1995 The debate about God language has two opposing extremes One side maintains that biblical language and masculine pronouns must be retained The other argues that female imagery for God is preferable Now Gail Ramshaw presents a third position urging the inclusion of many images for God the correction of others and the total avoidance of any pronouns *Reinventing Religious Studies* Scott S. Elliott,2014-10-20 *Reinventing Religious Studies* offers readers an opportunity to trace the important trends and developments in Religious Studies over the last forty years Over this time the study of religion has been transformed into a critical discipline informed by a wide range of perspectives from sociology to anthropology politics to material culture and economics to cultural theory *Reinventing Religious Studies* brings together key writings which have helped shape scholarship teaching and learning in the field All the essays are drawn from the CSSR Bulletin a provocative occasionally irreverent and always critical journal which has long been at the centre of

The Jedi in the Lotus Steven Rosen, 2010 The Jedi in the Lotus is the first ever examination of the Star Wars universe from a Hindu perspective illuminating many hitherto undiscovered aspects of the background and meaning of the widely acclaimed film series We are shown how its creators were influenced by the famed mythologist Joseph Campbell whose reading of the ancient Indian Epics the Ramayana and Mahabharata can be seen throughout the Star Wars films This book also demonstrates how the metaphysical understanding of the Jedi Knights and the divinity conceived of as the Force have resonances with teachings passed down by Hindu gurus and mystics for centuries and how fantastic worlds and technology similar to that of the Star Wars universe were described in myths that are millennia old and may even have had some basis in reality Finally The Jedi in the Lotus shows us how the Hindu traditions at the basis of Star Wars offer an alternative vision to the purely materialistic soulless world of modernity Steven J Rosen Satyaraja Dasa is an initiated disciple of His Divine Grace A C Bhaktivedanta Swami Prabhupada He is also founding editor of the Journal of Vaishnava Studies and associate editor of Back to Godhead He has published twenty one books in numerous languages including the recent Essential Hinduism Rowman The Yoga of Kirtan Conversations on the Sacred Art of Chanting FOLK Books 2008 and Krishna's Other Song A New Look at the Uddhava Gita Praeger Greenwood 2010 In conclusion I can only say that The Jedi in the Lotus is a breakthrough book when it comes to understanding the mythic depth of the Star Wars epics Steven J Rosen uses his masterful grasp of the Eastern traditions to explain the secrets of the most successful film series ever This book also shows us why Joseph Campbell loved the wisdom tales from India and for those who found the Star Wars adventures memorable this is a truly illuminating book Dr Jonathan Young from the Foreword

Kobler, 1991 This book provides a phenomenological analysis of the corporate ecclesial consciousness as manifested in the major documents of Vatican II The primary focus is on the deep structures of *Lumen Gentium* This phenomenology of the ecclesial thought processes involves a uniquely new sacramental theology or mystagogical catechesis whereby the Church is appreciated as a theophany of the Glorified Christ transfiguring its contemporary human dynamisms The result is a pastoral anthropogony for the People of God implying a new theological anthropology in order to achieve the ultimate practical goal of the Council as outlined by Pope John XXIII The key roles of Paul VI and Cardinal Suenens are emphasized in this new style of pastoral reflection
