## Joseph Conrad Times Remembered:

*Joseph Conrad: Times Remembered* John Conrad, 2008-08-28 Though others have published reminiscences of Joseph Conrad these accounts have frequently contained inaccuracies sometimes even simple fabrications It is partly in an attempt to set the record straight that John Conrad the novelist's only surviving son has committed these memoirs to print Mr Conrad has not tried to import into the book the biographical interpretations or speculations of others but rather to recall and set down as honestly and directly as possible what he remembers from around 1909 to the point of his father's death in 1924 Through his vivid and detailed account of the day to day existence in the various houses the family inhabited during this period Mr Conrad is able both to throw light on many aspects of his father's life and to invoke the sense of an era of English social life which has now disappeared His memoirs are informal often anecdotal recording what amused irritated or moved his father

**Joseph Conrad** Zdzisław Najder,2007 Up to date and extensive revision of Najder s much acclaimed scholarly biography of Conrad employing newly accessible sources Joseph Conrad is not only one of the world s great writers of English and world literature but was a writer who lived a particularly full and interesting life For the biographer this is a double edged sword however thereare many periods for which documentation is uncommonly difficult Zdzisław Najder s meticulously

documented biography first appeared in English in 1983 garnering high praise as the best most complete biography of Conrad. Najder's command of English, French, Polish, and Russian allowed him access to a greater variety of sources than any other biographer, and his Polish background and his own experience as an exile have afforded him a unique affinity for Conrad and his milieu. All this has come into play once again in the present extensively revised edition; much of its extensive new material was unearthed in newly opened former east bloc archives. There is new material on Conrad's father's genealogy and his role in Polish politics, Conrad's service in the French and British merchant marines, his early English reading and correspondence, his experiences in the Congo, the circumstances of writing his memoirs, and much more. In addition, several aspects of Conrad's life and works are more thoroughly analyzed: his problems with the English language, his borrowings from French writers, his attitude toward socialism, his reaction to the reception of his books. Zdzislaw Najder teaches at the European Academy Cracow.

A Preface to Conrad Cedric, M.A. Ph.D. (Professor) Watts, 2014-10-20. Widely recommended, this guide to Conrad offers a vivid and incisive account of his life and literary career and gives detailed attention to the contexts, themes, problems, and paradoxes of his works.

*Portraits from Life* Jerome Boyd Maunsell, 2018-01-05. What happens when novelists write about their own lives directly in memoirs and autobiographies rather than in novels? How do they present themselves, and what do their self-portraits reveal? In a series of biographical case studies, *Portraits from Life* examines how seven canonical Modernist writers—Joseph Conrad, Ford Madox Ford, Henry James, Wyndham Lewis, Gertrude Stein, H. G. Wells, and Edith Wharton—depicted themselves in their memoirs and autobiographies during the first half of the twentieth century. Drawing on a range of life-writing sources, in this innovative group portrait Jerome Boyd Maunsell reconstructs the periods during which these authors worked on their memoirs, often towards the end of their lives, and shows how memoirs and autobiographies are just as artful as novels. The seven portraits in the book also create a rich network of encounters, as many of these writers knew each other and wrote about each other in their reminiscences. *Portraits from Life* investigates the difficulties and possibilities of autobiography, the relation of fact and fiction, biography and autobiography, the ethical issues of dealing with real people, the thin generic lines between novels and autobiographies, and the deceptive workings of memory, and how all these writers dealt with these concerns as they looked back on their lives. An act of portraiture and biography as well as an act of criticism, moving from London to Paris and through two world wars, it also pieces together a fresh and constantly interconnecting narrative of the Modernist era in England and France.

*Conrad's Reading* Helen Chambers, 2018-04-18. This book aligns concepts and methods from book history with new literary research on a globally studied writer. An innovative three-part approach combining close reading, the evidence of reading, scrutiny of international book distribution circuits, and of Conrad's many fictional representations of reading illuminates his childhood, maritime, and later shore-based reading. After an overview of the empirical evidence of Conrad's reading, his sparsely documented twenty years reading at sea and in port is reconstructed. An examination of the reading practices of his famous

narrator Marlow then serves to link Conrad's own maritime and shore based reading. Conrad's subsequent networked reading shared with his closest male friends and with literate multilingual women is examined within the context of Edwardian reading practices. His fictional representations of reading and material texts are highlighted throughout including genre trends, periodical reading, reading spaces and their lighting and the use of reading as therapy. The book should appeal both to Conrad scholars and to historians of reading.

**The Dawn Watch** Maya Jasanoff, 2017-11-07 Enlightening, compassionate, superb. John Le Carr Winner of the 2018 Cundhill History Prize. A New York Times Book Review Notable Book of 2017. One of the New York Times 100 Notable Books of 2017. A visionary exploration of the life and times of Joseph Conrad, his turbulent age of globalization and our own, from one of the most exciting young historians writing today. Migration, terrorism, the tensions between global capitalism and nationalism and a communications revolution: these forces shaped Joseph Conrad's destiny at the dawn of the twentieth century. In this brilliant new interpretation of one of the great voices in modern literature, Maya Jasanoff reveals Conrad as a prophet of globalization. As an immigrant from Poland to England and in travels from Malaya to Congo to the Caribbean, Conrad navigated an interconnected world and captured it in a literary oeuvre of extraordinary depth. His life story delivers a history of globalization from the inside out and reflects powerfully on the aspirations and challenges of the modern world. Joseph Conrad was born Józef Teodor Konrad Korzeniowski in 1857 to Polish parents in the Russian Empire. At sixteen he left the landlocked heart of Europe to become a sailor and for the next twenty years travelled the world's oceans before settling permanently in England as an author. He saw the surging competitive new imperialism that planted a flag in almost every populated part of the globe. He got a close look too at the places beyond the end of telegraph cables and mail boat lines and the hypocrisy of the west's most cherished ideals. In a compelling blend of history, biography and travelogue, Maya Jasanoff follows Conrad's routes and the stories of his four greatest works: *The Secret Agent*, *Lord Jim*, *Heart of Darkness* and *Nostromo*. Genre bending, intellectually thrilling and deeply humane, *The Dawn Watch* embarks on a spell binding expedition into the dark heart of Conrad's world and through it to our own.

**Conrad's Fiction as Critical Discourse** Richard Ambrosini, 1991-07-26 Joseph Conrad's comments about his works have commonly been dismissed as theoretically unsophisticated, while the critical notions of James Woolf and Joyce have come to shape our understanding of the modern novel. Richard Ambrosini's study of Conrad's *Fiction as Critical Discourse* makes an original claim for the importance of his theoretical ideas as they are formed, tested and eventually redefined in *Heart of Darkness* and *Lord Jim*. Setting the narrator's discourse in these tales in the context of the dynamic interplay of Conrad's fictional with his non-fictional writings and of the transformations in his narrative forms, Ambrosini defines Conrad's view of fiction and the artistic ideal underlying his commitment as a writer in a new and challenging way. Conrad's innovative techniques as a novelist are

shown in the continuity of his theoretical enterprise from the early search for an artistic prose and a personal novel form to the later dislocations of perspective achieved by manipulation of conventions drawn from popular fiction This reassessment of Conrad s critical thought offers a new perspective on the transition from the Victorian novel to contemporary fiction     **A**
