**A History of Silence** Alain Corbin, 2018-05-29 Silence is not simply the absence of noise It is within us in the inner citadel that great writers thinkers scholars and people of faith have cultivated over the centuries It characterizes our most intimate and sacred spaces from private bedrooms to grand cathedrals those vast reservoirs of silence Philosophers and novelists have long sought solitude and inspiration in mountains and forests Yet despite the centrality of silence to some of our most intense experiences the transformations of the twentieth century have gradually diminished its value Today raucous urban spaces and a continual bombardment from different media pressure us into constant activity We are losing a sense of our inner selves a process that is changing the very nature of the individual This book rediscovers the wonder of silence and with this a richer experience of life With his predilection for the elusive Corbin calls us to listen to another history

**The Figure of Joseph in Post-Biblical Jewish Literature** Niehoff, 2018-12-10 This book is a comparative study in the hermeneutics of the ancient interpretations of the biblical Joseph story Assuming that every interpretation results from a creative encounter between the ultimately open text of Scripture and the specific thought world of the interpreter it examines the particular way in which each exegete construes

the biblical outline of Joseph's character. Paying special attention to the literary nature of the sources the study begins with an analysis of the narrative methods and the hermeneutic potential of the biblical story and then proceeds to the intertestamental evidence. The central concern of this study is to compare the different interpretations of the philosopher Philo the historian Josephus and the Midrash Genesis Rabbah. These sources do not only range over a considerable amount of time but significantly derive respectively from the Greek and Hebrew cultural realm. Consequently their figures of Joseph fulfil distinctly different purposes ranging from an idealisation of Joseph as a Hellenistic politician to autobiographical apologetics and religious instruction.
