The Rise of Caring Power Annemieke van Drenth, Francisca de Haan, 1999 This original study discusses the role of women in developing and dispersing caring power and vice versa the role of caring power in constituting women as modern social subjects processes which began around 1800 Based on the historian philosopher Foucault's concept of pastoral power caring power also takes into account the vital role played by gender Both humanitarian and religious motives fostered the ideal of serving the well being of individual others and thereby the interest of society as a whole With the rise of caring power this book argues women began to feel responsible for those of their own sex and to organize themselves in all female organizations In the process they carved out new gender identities for themselves and the women in their care The authors illustrate this profound historical change with the work of the reformers Elizabeth Fry 1780-1845 and Josephine Butler 1828-1906 and trace their impact in Britain and the Netherlands Wax Vainglorious: the Collected Works of li'l boy and Josephine's baby boy Volume 1; Envisioned by Vince Vanguard Vainglorious Vietnamesence Rogers, Vince Rogers, 2008-10 A collection of entertaining energizing and enlightening short literary works written by highly acclaimed writer Vietnamesence Rogers **The Publishers Weekly**, 1907 **Animals, Empathy, and Anthropomorphism** Carlo Salzani, 2025-05-05 This open access book explores the role of imagination in animal ethics and its constitutive links to empathy sympathy and anthropomorphism The book argues for the constitutive role of imagination in ethical deliberation but acknowledges that there exist important limits to its use However limit is here understood not merely negatively as restriction and insufficiency but rather positively as condition of possibility so what the book explores and analyses are the conditions for a positive and fruitful use of the imagination in ethics The book uses as a frame the questions and issues raised in J M Coetzee's *The Lives of Animals* to explore some central and salient themes American Book Publishing Record, 1988 **Mademoiselle Josephine's Fridays, and Other Stories** Matilda Betham-Edwards, 1874 The American Herd Book Lewis Falley Allen, 1882 To which is prefixed a concise history of English and American Short horns compiled from the best authorities **Wilde Writings** William Andrews Clark Memorial Library, University of California, Los Angeles. unanimous election as president of the Confederate States of America Inaugurated at Montgomery Alabama on February 18 Davis quickly set to work to forge a government in a race with events to select a cabinet establish departments and plan for the common defense Hopes for a peaceful separation from the North ended with the firing on Fort Sumter subsequent documents reveal a president absorbed by the problems of waging a war that soon stretched from the Atlantic Coast to the Gulf of Mexico Victory at Manassas produced euphoria among southerners but plunged the president into the first of several unfortunate controversies with his generals this one over the failure to pursue the enemy and capitalize on success Throughout 1861 the Confederate commissioners in Europe reported to Davis on their expectations of recognition convinced that the demand for cotton would induce Great Britain and France to break the North s blockade of southern ports and help supply arms for the defense of the fledgling nation Volume 7 provides a rare opportunity to assess anew Davis strengths and weaknesses as executive to reexamine his relationship with generals governors congressmen cabinet officers the press and the public Davis ended the year as he begun aware of the difficulties of the course the South had adopted and confident that its cause would ultimately triumph Containing illustrations maps and more than 2 500 documents drawn from numerous printed sources and more than seventy repositories and private collections Volume 7 covers a year of paramount importance in our country s history

All or Nothing Jessica Warner,2010-01-26 A completely original exploration of the abstinence movement in America from alcohol to sex to meat America s long love affair with abstinence goes back to the early nineteenth century when thousands of men and women suddenly stopped drinking hard liquor Consistency then demanded that they give up all their other vices beer and cider tobacco coffee meat pickles pies masturbation and more Two centuries later the ideal of abstinence has lost none of its power to influence how Americans live and how they want you to live With her trademark wit and irony acclaimed author Jessica Warner tells the story of one of America s most enduring and powerful ideals There are many surprises along the way starting with the abolitionists feminists and other do gooders who were the first and most thoroughgoing of America s abstainers And always there are the colourful people who brought the idea to life the visionaries preachers college professors feminists and cranks who practiced what they preached

Moving Performances Jeanne Scheper,2016-12-13 Fabulous yet fierce imperious yet impetuous boss yet bitchy divas are figures of paradox Their place in culture is equally contradictory as they are simultaneously venerated and marginalized hailed as timeless but then frequently forgotten or exhumed as cult icons by future generations Focusing on four early twentieth century divas Aida Overton Walker Lo e Fuller Libby Holman and Josephine Baker who were icons in their own time Moving Performances considers what their past and current reception reveals about changing ideas of race and gender Jeanne Scheper examines how iconicity can actually work to the diva s detriment reducing her to a fetish object a

grotesque or a figure of nostalgia Yet she also locates more productive modes of reception that reach to revive the diva's moving performances imbuing her with an affective afterlife As it offers innovative theorizations of performance reception and affect Moving Performances also introduces readers to four remarkable women who worked as both cultural producers and critics deftly subverting the tropes of exoticism orientalism and primitivism commonly used to dismiss women of color Rejecting iconic depictions of these divas as frozen in a past moment Scheper vividly demonstrates how their performances continue to inspire ongoing movements
