Journal of a Residence on a Georgian Plantation: 1838-1839 Fanny Kemble, 2019-11-19 Fanny Kemble's *Journal of a Residence on a Georgian Plantation* 1838 1839 serves as a poignant and nuanced eyewitness account of life on a Southern plantation during a time of profound social and moral upheaval in America Written in a reflective and observational style Kemble's journal captures the complexities of plantation life including the brutal realities of slavery and the intricate dynamics between slaves and plantation owners Her prose is imbued with a sharp sense of irony and a profound empathy for the enslaved offering an essential historical context that challenges contemporary notions of Southern gentility and prosperity Fanny Kemble was not only a renowned actress and writer but also a vocal abolitionist who was profoundly affected by her experiences on her husband's plantation Her first hand observations came during her marriage to Pierce Butler a prominent slaveholder which inevitably influenced her perspectives on race gender and class Kemble's privileged background allowed her unique access to a world that many sought to understand but few spoke of openly making her documentation invaluable *Journal of a Residence on a Georgian Plantation* is a must read for those interested in American history literature and the lived experiences of women during this tumultuous period Kemble's courage in narrating these truths provides critical insights into the moral dilemmas of her time making the book an essential addition to any scholarly collection

Journal of a Residence on a Georgian Plantation in 1838-1839 Fanny Kemble, 1984 Originally published in 1863 out of print and unavailable for almost a century Frances Anne Kemble's *Journal* has long been recognized by historians as unique in the literature of American slavery and invaluable for obtaining a clear view of the peculiar institution and of life in the antebellum South Fanny Kemble was one of the leading lights of the English stage in the nineteenth century During a tour of America in the 1830s she met and married a wealthy Philadelphian Pierce Butler part of whose fortune derived from his family's vast cotton and rice plantation on the Sea

Islands of Georgia After their marriage she spent several months living on the plantation Profoundly shocked by what she saw she recorded her observations of plantation life in a series of journal entries written as letters to a friend But she never sent the letters and not until the Civil War was on and Fanny was divorced from Pierce Butler and living in England were they published This Brown Thrasher edition incorporates the valuable introduction written by John A Scott for the 1961 edition published by Alfred A Knopf together with the editor s appendices to that edition It provides the modern reader with the historical and biographical background to move freely and with ease in Mrs Kemble s world *Journal of a Residence on a Georgian Plantation 1838-1839* Frances Kemble,2016-02-22 The following diary was kept in the winter and spring of 1838 9 on an estate consisting of rice and cotton plantations in the islands at the entrance of the Altamaha on the coast of Georgia The slaves in whom I then had an unfortunate interest were sold some years ago The islands themselves are at present in the power of the Northern troops The record contained in the following pages is a picture of conditions of human existence which I hope and believe have passed away LONDON January 16 1863 Originally published in 1863 out of print and unavailable for almost a century Frances Anne Kemble s Journal has long been recognized by historians as unique in the literature of American slavery and invaluable for obtaining a clear view of the peculiar institution and of life in the antebellum South Fanny Kemble was one of the leading lights of the English stage in the nineteenth century During a tour of America in the 1830s she met and married a wealthy Philadelphian Pierce Butler part of whose fortune derived from his family s vast cotton and rice plantation on the Sea Islands of Georgia After their marriage she spent several months living on the plantation Profoundly shocked by what she saw she recorded her observations of plantation life in a series of journal entries written as letters to a friend But she never sent the letters and not until the Civil War was on and Fanny was divorced from Pierce Butler and living in England were they published **Journal of a Residence on a Georgian Plantation In 1838-1839** Frances Anne Kemble,2019-09-30 A few years after her marriage to a wealthy American the English stage actress Frances Anne Kemble 1809 1893 moved with her husband to his residence in Georgia where he had inherited two plantations There she kept a journal of her shocking observations of the practice of slavery Written over a period of less than four months Kemble s journal records her day to day encounters with her husband s slaves and attempts to expose the moral injustice of slavery The journal circulated privately among her friends but was not published until 1863 long after Kemble s divorce in 1849 Her book is credited with influencing Britain s position of neutrality during the American Civil War despite the cotton industry s lobbying in favour of the South Kemble s journal remains a lasting and important critique of slavery and a valuable document about the nineteenth century American south **Journal of a Residence on a Georgian Plantation in 1838-1839** Fanny Kemble,2006 **Journal of a Residence on a Georgian Plantation in 1839-1893** Fanny Kemble,1961 Bibliographical notes p 406 415 Bibliographical footnotes **Journal of a Residence on a Georgian Plantation in 1838-1839** Francis Anne Kemble,1863 **Journal of a Residence on a Georgian Plantation 1838-1839** Fanny

Kemble, 2017-07-10 The most outspoken damning record against slavery that we have read for many years past The book should be read by everyone who believes in Southern chivalry Reader There is but one argument for slavery which is openly produced in England and that is something like this slavery is after all but a name in every country the laborer is subjected to the power of the capitalist and the compulsion of hunger if not more severe is more regular and persistent than the compulsion of physical pain For the rest slavery as a form of labor has large compensations the workman being saved from anxiety from the dread of starvation and from the terror of an old age of poverty and want Except for the immutability of his condition an incident accompanying free labor everywhere except in the United States and a small section of Europe the slave is as well off as the unskilled white artisan We would recommend all to whom this line of argument seems effective to read a series of letters written in 1848 by Miss F A Kemble then the English wife of a planter in Georgia Not moved apparently by any strong religious ideas Miss Kemble had singular opportunities for unprejudiced observation and the result is a condemnation of slavery more severe than any in which professed philanthropists would venture to indulge It is a system based upon human misery and degradation having no end save the owner's profit no bulwark except incessant terror Miss Kemble it will be remembered was on a well managed plantation held by merciful owners where punishment by a rule of the estate was strictly limited and where the head man was himself a grave intelligent Negro On this property she found the Negroes lodged in wretched huts with one room twelve feet square and two little side cabins like those of a ship Two families sometimes eight or ten in number lived in each sleeping on mattresses of strewn forest moss and covered with a pestilential blanket It was the women to whom Miss Kemble chiefly attended among them the forms of suffering were manifold and terrible for besides every kind of pain to which free laborers are liable there is one peculiar to the slave women and of which Miss Kemble's book is full till it is sickening to read Slave breeding pays well and as a consequence the women transferred to one husband after another and at the mercy of every overseer headman Frank's wife was quietly taken away while the authoress was there kept a year by the overseer and then returned perished of childbearing The women are stimulated by the pride of being valuable to the estate and wretched creatures worn out with labor still exultingly told their mistress that they would yield plenty of little nigs for massa They have frequently ten or eleven children are flogged when pregnant and three weeks after confinement driven back to work in the cotton field The consequence is an illness not often mentioned out of a medical journal pain in the back and every conceivable form of uterine disease The one petition of these poor women was for a longer period of rest and they were flogged for petitioning flogged Miss Kemble found that the laws against teaching slaves to read were strictly enforced she was told by her own overseer that her mere presence among the slaves was full of danger to the institution her husband forbade her to present petitions and she was finally compelled to leave the South utterly unable to endure the sense of her own powerlessness And this is an inevitable incident of slavery and prohibits even the influence of voluntary benevolence from above The Living Age *Journal of a Residence on a Georgian Plantation in*
