Journal Of Mary Hervey Russell:

"The" Iournal of Mary Hervey Russell Storm Jameson, 1965 The Journal of Mary Hervey Russell Storm The Journal of Mary Hervey Russell - Primary Source Edition Storm Jameson, 2013-10 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book **British Experimental Women's** Fiction, 1945—1975 Andrew Radford, Hannah Van Hove, 2021-08-23 This book scrutinizes a range of relatively overlooked post WWII British women writers who sought to demonstrate that narrative prose fiction offered rich possibilities for aesthetic innovation What unites all the primary authors in this volume is a commitment to challenging the tenets of British mimetic realism as a literary and historical phenomenon This collection reassesses how British female novelists operated in relation to transnational vanguard networking clusters debates and tendencies both political and artistic The chapters collected in this volume enquire for example whether there is something fundamentally different or politically dissident about female experimental procedures and perspectives This book also investigates the processes of canon formation asking why in one way or another these authors have been sidelined or misconstrued by recent scholarship Ultimately it seeks to refine a new research archive on mid century British fiction by female novelists at least as diverse as recent and longer established work in the domain of modernist studies Modern British Women Writers Vicki K. Janik, Del Ivan Janik, 2002-11-30 The 20th century witnessed several major cultural movements including modernism anti modernism and postmodernism These and other means of understanding and perceiving the world shaped the literature of that era and with the rise of feminism resulted in a particularly rich body of literature by women writers This reference includes alphabetically arranged entries on 58 British women writers of the 20th century Some of these writers were born in England while others such as Katherine Mansfield and Doris Lessing came from countries of the former Empire or Commonwealth The volume also includes entries for women of color such as Kamala Markandaya and Buchi Emecheta Each entry is written by an expert contributor and includes an overview of the writer's background an analysis of her works an assessment of her achievements and lists of primary and secondary sources The volume closes with a selected general bibliography Writing against War Charles Andrews, 2017-05-15 In Writing against War Charles Andrews integrates literary analysis and peace studies to create innovative new ways to view experimental British fiction in the interwar period The cataclysm of the First World War gave rise to the British Peace Movement a spectrum of pacifist internationalist and antiwar organizations and individuals Antiwar sentiments found expression not only in editorials criticism and journalism but also in novels and other works of literature

Writing against War examines the work of Aldous Huxley Storm Jameson Siegfried Sassoon Rose Macaulay and Virginia Woolf to analyze the effects of their attempts to employ fiction in the service of peace activism. It further traces how Huxley Woolf and others sought to reconcile their antiwar beliefs with implacable military violence. The British Peace Movement s failure to halt the rise of fascism and the Second World War continues to cast a shadow over contemporary pacifist movements. Writing about War will fascinate scholars of peace studies and literature and offers valuable insights for current day peace activists and artists who seek to integrate creativity with activism. *Intermodernism** Kristin Bluemel, 2011-05-27* This collection of original critical essays newly available in paperback launches an ambitious long term project marking out a new period and style in twentieth century literary history. *Yet One More Spring** Don W. King, 2015-07-16** Joy Davidman 1915-1960** is probably best known today as the woman that C.S. Lewis married in the last decade of his life But she was also an accomplished writer in her own right an award winning poet and a prolific book theatre and film reviewer during the late 1930s and early 1940s. This title provides a comprehensive critical study of Joy Davidman's poetry nonfiction and fiction.

The Bibliography of Regional Fiction in Britain and Ireland, 1800-2000 Keith D. M. Snell, 2017-03-02 Pioneering and interdisciplinary in nature this bibliography constitutes a comprehensive list of regional fiction for every county of Ireland Scotland Wales and England over the past two centuries In addition other regions of a usually topographical or urban nature have been used such as Birmingham and the Black Country London The Fens the Brecklands the Highlands the Hebrides or the Welsh border Each entry lists the author title and date of first publication The geographical coverage is encompassing and complete from the Channel Islands to the Shetlands An original introduction discusses such matters as definition bibliographical method popular readerships trends in output and the scholarly literature on regional fiction Europe between the Wars Angela Kimyongür, 2017-11-30 The central aim of this interdisciplinary book is to make visible the intentionality behind the forgetting of European women's contributions during the period between the two world wars in the context of politics culture and society It also seeks to record and analyse women s agency in the construction and reconstruction of Europe and its nation states after the First World War and thus to articulate ways in which the writing of women's history necessarily entails the rewriting of everyone's history By showing that the erasure of women's texts from literary and cultural history was not accidental but was ideologically motivated the essays explicitly and implicitly contribute to debates surrounding canon formation Other important topics are women s political activism during the period antifascism the contributions made by female journalists the politics of literary production genre women s relationship with and contributions to the avant garde women's professional lives and women's involvement in voluntary associations In bringing together the work of scholars whose fields of expertise are diverse but whose interests converge on the inter war period the volume invites readers to make connections and comparisons across the whole spectrum of women's political social and cultural activities throughout Europe Handbook of British Literature and Culture of the First World War Ralf

Schneider, Jane Potter, 2021-09-20 The First World War has given rise to a multifaceted cultural production like no other historical event This handbook surveys British literature and film about the war from 1914 until today The continuing interest in World War I highlights the interdependence of war experience the imaginative re creation of that experience in writing and individual as well as collective memory In the first part of the handbook the major genres of war writing and film are addressed including of course poetry and the novel but also the short story furthermore it is shown how our conception of the Great War is broadened when looked at from the perspective of gender studies and post colonial criticism The chapters in the second part present close readings of important contributions to the literary and filmic representation of World War I in Great Britain All in all the contributions demonstrate how the opposing forces of focusing and canon formation on the one hand and broadening and revision of the canon on the other have characterised British literature and culture of the First World War **Olivia Manning** Deirdre David, 2013-01-10 Olivia Manning A Woman at War is the first literary biography of the twentieth century novelist Olivia Manning It tells the story of a writer whose life and work were shaped by her own fierce ambition and like many of her generation the events and aftermath of the Second World War From the time she left Portsmouth for London in the mid 1930s determined to become a famous writer through her wartime years in the Balkans and the Middle East and until her death in London in 1980 Olivia Manning was a dedicated and hard working author Married to a British Council lecturer stationed in Bucharest Olivia Manning arrived in Romania on the 3rd September 1939 the fateful day when Allied forces declared war on Germany For the duration of World War Two she kept one step ahead of invading German forces as she and her husband fled Romania for Greece and then Greece for the Middle East where they stayed until the end of the war These tumultuous wartime years are the subject of her best known and most transparently autobiographical novels The Balkan Trilogy and The Levant Trilogy Olivia Manning refused to be labelled a feminist but her novels depict with cutting insight and sardonic wit the marginal position of women striving for independent identity in arenas frequently controlled by men whether on the frontlines of war or in the publishing world of the 1950s However she did not just write about World War Two and women s lives Amongst other things Manning published fiction about making do in Britain's post war Age of Austerity about desecration of the environment through uncontrolled development and about the painful adjustment to post war British life for young men As the author of thirteen published novels two volumes of short stories several works of non fiction and a regular reviewer of contemporary fiction she was a visible presence on the British literary scene throughout her life and her work provides a detailed insight into the period Grounded in thorough research and enriched by discussion of previously unexamined manuscripts and letters Olivia Manning A Woman at War is a timely study of Olivia Manning s remarkable life Deirdre David integrates incisive critical analysis of Manning s writing with extensive discussion of the historical contexts of her fiction <u>Life in the Writings of Storm Jameson</u> Elizabeth Maslen, 2014-09-30 Margaret Storm Jameson 1891 1986 is primarily known as a compelling essayist her stature as a novelist

and champion of the dispossessed is largely forgotten In Life in the Writings of Storm Jameson Elizabeth Maslen reveals a figure who held her own beside fellow British women writers including Virginia Woolf anticipated the Angry Young Women such as Doris Lessing and was an early champion of such European writers as Arthur Koestler and Czes aw Mi osz Jameson was a complex character whose politics were grounded in social justice she was passionately antifascist her novel In the Second Year 1936 raised the alarm about Nazism but always wary of communism An eloquent polemicist Jameson was as president of the British P E N during the 1930s and 1940s of invaluable assistance to refugee writers Elizabeth Maslen s biography introduces a true twentieth century hedgehog whose essays and subtly experimental fiction were admired in Europe and the States Margaret Storm Jameson Jennifer Birkett, 2009-03-19 The life story of Margaret Storm Jameson 1891 1986 prolific novelist and political activist In her time Jameson gained international recognition for her writing and for her wartime work as President of PEN fighting for freedom and social justice while rescuing refugees from Nazi Europe and British internment camps The Novelist in the Novel Elizabeth King, 2023-11-14 Why do writers so often write about writers This book offers the first comprehensive account of the phenomenon of the fictional novelist as a character in literature arguing that our notions of literary genius and what it means to be an author are implicitly shaped by and explicitly challenged in novels about novelists a genre that has been critically underexamined Employing both close and distant reading techniques to analyse a large corpus of author stories The Novelist in the Novel explores the forms and functions of author stories and the characters within them offering a new theory that frames these works as textual sites at which questions of literary value and the cultural conceptions around authorship are constantly being negotiated and revised in a form of covert criticism aimed directly at readers While nineteenth century novels about novelists reveal a pervasive frustration with the market a starving artist vs commercial sell out dichotomy modernist examples of the genre focus on the development of the individual author as artist entirely aloof from the marketplace and from the literary sphere at large Yet each of these dynamics is gendered with women denigrated to commercial producers and men elevated to artists and while the canon has largely supported the male view of authorship a closer look at the work of women writers from this period reveals concerted attempts to counteract it Silly Lady Novelists are pitted against serious male modernists in a battle to define what it means to be a literary genius Poetry and Displacement Stan Smith, 2007-01-01 The last hundred years have been an era of unprecedented displacements the accelerated drift of rural populations to the metropolis the spread of these cities into successive empires and the resulting diasporas that have forged the modern United States and any number of smaller nations These processes have fostered a poetry of exile and expatriation intimately bound up with the experience and culture of modernity Poetry and Displacement is a thought provoking and challenging examination of globalized displacement in the work of some of our most critically acclaimed poets including Christopher Middleton Philip Larkin and Derek Walcott Domestic Modernism, the Interwar Novel, and E.H. Young Chiara Briganti, 2006 This book provides an

analytical model for reading a large body of modernist works by women The authors document the publication and reception history of E H Young s novels make a significant contribution to the field of homeculture and show that the fictional embodiment of home in Young Virginia Woolf Elizabeth Bowen Ivy Compton Burnett Lettice Cooper E M Delafield Stella Gibbons Storm Jameson and E Arnot Robertson epitomizes the symbiosis between architecture and literature or between the house and the novel **Sequels** Janet G. Husband, Jonathan F. Husband, 2009-07-30 A guide to series fiction lists popular series identifies novels by character and offers guidance on the order in which to read unnumbered series <u>British Women Writers of World War II</u> P. Lassner, 1998-03-01 In British Women Writers of World War II Phyllis Lassner offers a challenging analysis of politicized literature in which such British women writers as Virginia Woolf Elizabeth Bowen Stevie Smith and Storm Jameson debated the justness of World War II Lassner questions prevailing approaches to women s war writing by exploring the complex range of pacifist and activist literary forms of women who redefined such pieties as patriotism and duty and heroism and victimization *Writers Directory* NA NA, 2016-03-05
