Journal Of Beckett Studies 6:

Journal of Beckett Studies James Knowlson, 1977-07 **Journal of Beckett Studies**, 1998 *Journal of Beckett Studies*, 1979 **Beckett's Dantes** Daniela Caselli, 2013-07-19 Beckett's Dantes Intertextuality in the Fiction and Criticism is the first study in English on the literary relation between Beckett and Dante. It is an innovative reading of Samuel Beckett and Dante's works and a critical engagement with contemporary theories of intertextuality. It is an informative intertextual reading of Beckett's work detecting previously unknown quotations, allusions to, and parodies of Dante in Beckett's fiction and criticism. The volume interprets Dante in the original Italian as it appears in Beckett translating into English all Italian quotations. It benefits from a multilingual approach based on Beckett's published works in English and French and on manuscripts which use English, French, German, and Italian. Through a close reading of Beckett's fiction and criticism, the book will argue that Dante is both assumed as an external source of literary and cultural authority in Beckett's work and also participates in Beckett's texts, sceptical undermining of authority. Moreover, the book demonstrates that the many references to various Dantes produce Mr Beckett as the figure of the author responsible for such a remarkably interconnected oeuvre. The book is aimed at the scholarly communities interested in literatures in English, literary and critical theory, comparative literature and theory, French literature and theory, and Italian studies. Its jargon-free style will also attract third-year or advanced undergraduate students and postgraduate students as well as those readers interested in the unusual relationship between one of the greatest writers of the twentieth century and the medieval author who stands for the very idea of the Western canon. The Dramatic Works of Samuel Beckett Charles A. Carpenter, 2011-10-13 A selectively comprehensive bibliography of the vast literature about Samuel Beckett's dramatic works arranged for the efficient and convenient use of scholars on all levels. Sex and Aesthetics in Samuel Beckett's Work P. Stewart, 2011-08-15 This book places sex and sexuality firmly at the heart of Beckett. From the earliest prose to the late plays, Paul Stewart uncovers a profound mistrust of procreation which nevertheless allows for a surprising variety of non-reproductive forms of sex which challenge established notions of sexual propriety and identity politics. Samuel Beckett's 'Philosophy Notes' Steven Matthews, Matthew Feldman, 2023-08-25 The Irish writer and Nobel Prize winner Samuel Beckett assembled for himself a history of western philosophy during the 1930s just at the point at which his first novel *Murphy* was coming together. The *Philosophy Notes* together with related notes taken at that time about St Augustine thereafter provided Beckett with a store of knowledge but also with phrases and images which he took up in the major work that won him international and enduring fame from the dramas *Waiting for Godot* and *Endgame* through to the late prose works *Worstward Ho* and *Stirrings Still*. This edition presents for the first time Beckett's full *Philosophy Notes* which constitute his most extensive unpublished text. The Notes display Beckett's own interests and emphases within the history of western philosophy from the pre-Socratic Greeks onwards together with more familiar figures in the study of his work such as Descartes, Leibniz, and Geulincx. Here we see Beckett's

original thoughts on all of these figures for the first time The Notes also tellingly and often comically display Beckett's impatience with many aspects of philosophy such as its anthropological or anthropomorphic bias or the idealism of the Enlightenment and Kant The Edition contains an extensive Introduction outlining the origin of Beckett's Notes his major sources and approach to them the historical context for his view of philosophy and the significance of Beckett's Philosophy Notes within his mature writings The many footnotes then suggest ways in which particular aspects of the philosophy narrated here by Beckett suggest fresh insights into those later writings the images but also the creative impulses behind some of his most famous texts This Edition further raises larger questions about and perspectives upon the relation between philosophy and literature in the twentieth century and beyond *The Bicycle — Towards a Global History* P. Smethurst, 2015-05-22 This is the first history of the bicycle to trace not only the technical background to its invention but also to contrast its social and cultural impact in different parts of the world and assess its future as a continuing global phenomenon **Comparative Criticism: Volume 13, Literature and Science** E. S. Shaffer, 1992-02-13 Topics covered in this volume include literary Chinese as a language for science the history and principles of scientific translation in Europe the theatrical panorama in the 19th century and its roots in optical theory and experiment and an alternative perspective on Gerard Manley Hopkins Unwording the World Carla Locatelli, 2016-11-11 This comprehensive study of Beckett's art proposes a doubly contextualized reading of his later works Carla Locatelli reads late Beckett through his previous writings and relates them to the literary philosophical and critical community which surrounds him To appreciate his contribution as an epistemological rhetorician she proposes a multidisciplinary approach that draws upon a remarkably wide range of theorists including Kierkegaard Husserl Heidegger Peirce Jakobson Deleuze Lacan and Derrida In Part One of this study Locatelli traces the evolution of Beckett's writing proposing that his principal concern devolves more and more upon the essential character of representation and its role in the constitution and signification of the subject Part One also provides a history of this thematic showing how Beckett's writing effects a radical displacement of representation from function to object of discourse In Part Two Locatelli focuses on Beckett's fiction after the Nobel Prize of 1969 and on the epistemological and aesthetic issues in *Company* 1980 *Ill Seen Ill Said* 1981 and *Worstward Ho* 1983 She examines his unwording in this Second Trilogy and defines it as a process of subtraction that probes into the most basic mode of our being in the world Here Beckett proposes as Locatelli suggests a very real hermeneutics of experience beyond the schools of suspicion which are still influencing some postmodernist thinking This volume will be of particular value to scholars and students of twentieth century English literature French literature and literary theory Samuel Beckett's Italian Modernisms Michela Bariselli, Davide Crosara, Antonio Gambacorta, Mario Martino, 2024-12-03 In the wake of both Joycean and Dantean celebrations this volume aims to investigate the fecund influence of Italian culture on Samuel Beckett's work with a specific focus on the twentieth century Located at the intersection of historical avant garde movements and a renewed interest in tradition Italian

modernism reimagined Italy and its culture projecting it beyond the shadow of fascism Following in Joyce's footsteps Samuel Beckett soon became an attentive reader of Italian modernist authors These had a profound effect on his early work shaping his artistic identity The influence of his early readings found its way also into Beckett's postwar writing and most poignantly in his theatre The contributions in this collection rekindle the debate around Beckett as modernist author through the lenses of Italian culture This study will be of particular interest to students and scholars in theatre and performance studies Italian studies English studies and comparative literature

The Habit of Lying John Vignaux Smyth, 2002-03-18 An investigation of deceit and concealment that proposes a new theory of fiction both as a new genre of literature and as a strategy in the social world

The Ideal Real Paul Davies, 1994 In *The Ideal Real* Paul Davies argues that Beckett saw this potential self emerging in the world of imagination and symbol especially in this age where language alone has come to be seen as the vehicle of education and the determiner of identity

The Broken Window Jane Alison Hale, 1987 The author defines and analyzes the new type of theatrical perspective invented by Samuel Beckett She begins with an overview of the changes of the definition of twentieth century knowledge e.g. art science philosophy and psychology then discusses the concepts of time space and movement which underlie Beckett's notion and use of perspective in the theater *The Broken Window* shows how Beckett translates a number of twentieth century aesthetic and philosophical concerns the impossibility of separating subject and object the indeterminacy of time and space the inevitability of movement and change into specific dramatic techniques and traces their evolution through close textual analyses of six plays Hale is the first critic to define Beckett's theatrical techniques in terms of the notion of perspective and to link them to similar innovations in the plastic arts In addition no critic has so exhaustively elaborated Beckett's premises of indeterminacy the inevitability of perception and the breakdown of the subject-object relationship

The Bloomsbury Handbook of Modernist Archives Jamie Callison, Matthew Feldman, Anna Svendsen, Erik Tønning, 2024-06-13 Providing a broad definitive account of how the archival turn in humanities scholarship has shaped modernist studies this book also functions as an ongoing practitioner's toolkit including useful bibliographical resources and a guide to avenues for future work Archival work in modernist studies has revolutionised the discipline in the past two decades fuelled by innovative and ambitious scholarly editing projects and a growing interest in fresh types of archival sources and evidence that can re-contextualise modernist writing Several theoretical trends have prompted this development including the focus on compositional process within genetic manuscript studies the emphasis on book history little magazines and wider publishing contexts and the emphasis on new material evidence and global and non-canonical authors and networks within the New Modernist Studies This book provides a guide to the variety of new archival research that will point to fresh avenues and connect the methodologies and resources being developed across modernist studies Offering a variety of single author case studies on recent archival developments and editing projects including Samuel Beckett Hart Crane H.D. Still: Samuel Beckett's Quietism Wimbush Andy, 2020-06-18 In the 1930s a young Samuel Beckett confessed to a friend that he had been living his life according to an abject self-referring quietism Andy Wimbush argues that quietism a philosophical and religious attitude of renunciation and will-lessness is a key to understanding Beckett's artistic vision and the development of his career as a fiction writer from his early novels *Dream of Fair to Middling Women* and *Murphy* to late short prose texts such as *Stirrings Still* and *Company* Using Beckett's published and archival material *Still* Samuel Beckett's *Quietism* shows how Beckett distilled an understanding of quietism from the work of Arthur Schopenhauer E M Cioran Thomas Kempis Fyodor Dostoevsky and Andr Gide before turning it into an aesthetic that would liberate him from the powerful literary traditions of nineteenth-century realism and early twentieth-century high modernism *Quietism* argues Andy Wimbush was for Beckett a lifelong preoccupation that shaped his perspectives on art relationships ethics and even notions of salvation But most of all it showed Beckett a way to renounce authorial power and write from a position of impotence ignorance and incoherence so as to produce a new kind of fiction that had in Molloy's words the tranquility of decomposition

Irish Writers and Religion Robert Welch, 1992-01-01 Irish writing has been influenced by religion from the beginning indeed it was the arrival of Christianity which brought Latin orthography which men of learning adopted Pagan beliefs were assimilated into Christianity but not entirely so a theme which is dealt with in the essay on writing in early Ireland The relationship between the various Irish Churches and writers in the 18th and 19th centuries is examined as is the influence of folk religion in modern Irish literature There follow essays on ghosts Yeats Synge Joyce and Beckett and on the poets Macneice Kavanagh and Desmond Egan Contributors Lance St John Butler Peter Denman Desmond Egan Ruth Fleischmann A M Gibbs Barbara Hayley Eamonn Hughes Anne McCartney Seamus MacMathuna Joseph McMin Nuala ni Dhomhnaill Mitsuko Ohno Daithi O Hogain Alan Peacock Patricia Rafroidi and Robert Welch Irish Literary Studies Series No 37

Trapped in Thought Eric P. Levy, 2007-04-17 Eric P Levy's book investigates the mentality or attitude of cognitive apprehension expressed in Beckettian texts Primary areas of concern include how the Beckettian attitude began what concepts it invents or transforms to sustain its mode of thought how the mentality wards off factors which would refute or heal it and most paradoxical of all why this mentality ultimately reduces the mind to an estranged source of thought continuously repudiated by its own awareness The study uncovers the strategies by which experience is evacuated of all content but that consistent with the attitude registering it
