Journey Through the Ice Age Paul G. Bahn,Paul G.. Bahn,Jean Vertut,1997-01-01 Some of the oldest art in the world is the subject of this riveting and beautiful book Paul Bahn and Jean Vertut explore carved objects and wall art discoveries from the Ice Age covering the period from 300 000 B P to 10 000 B P and their collaboration marks a signal event for archaeologists and lay readers alike Utilizing the most modern analytical techniques in archaeology Bahn presents new accounts of Russian caves only recently opened to foreign specialists the latest discoveries from China and Brazil European cave finds at Cosquer Chauvet and Covaciella and the recently discovered sites in Australia He also studies sites in Africa India and the Far East Included are the only photographic images of many caves that are now closed to protect their fragile environments A separate chapter in the book examines art fakes and forgeries and relates how such deceptions have been exposed The beliefs and preoccupations of Paleolithic peoples resonate throughout this book the importance of the hunt and the magic and shamanism surrounding it the recording of the seasons the rituals of sex and fertility the cosmology and associated myths Yet enigmas and mysteries emerge as well particularly as new analytical techniques raise new questions and cast doubt on our earlier suppositions A comprehensive up to date analysis of all that has been discovered about Ice Age art Bahn and Vertut s book offers a visually rich link with the past

Writing Journeys across Cultural Borders Elena V. Shabliy,Kimarie Engerman,2021-10-13 Narratives of journeys voyages and pilgrimages often guide readers to questions about humanism and humanity from a holistic perspective The chapters in this volume explore narratives of both real and imagined journeys and examine their religious psychological psychoanalytical philosophical educational and historical implications What emerges is an understanding of narratives of journeys across cultural borders as

powerful educational tools that can model and contribute to meaningful dialogue with other states cultures and civilizations

A Sense of Place Annie Davy,2019-02-07 Tried and tested accessible strategies that support the wellbeing and learning journey of children through mindfulness with a focus on learning outdoors and connecting with the world Being outside and connecting with nature is key to young children s learning and wellbeing especially in a busy fast changing and digitalised world Outdoors children can more easily connect to their bodies and learn about themselves and others and how to be in the world They use their senses to explore understand and become mindful of the earth and the people around them But how can Early Years practitioners best support young children as they engage with nature while also passing on the values about the future of the planet A Sense of Place is an easily accessible guide that will make outdoor learning more interesting and fun while also supporting children s development of resilience and resourcefulness so that they can survive and thrive in the world as they grow

Imagination and Fantasy in the Middle Ages and Early Modern Time Albrecht Classen,2020-08-24 The notions of other peoples cultures and natural conditions have always been determined by the epistemology of imagination and fantasy providing much freedom and creativity and yet have also created much fear anxiety and horror In this regard the pre modern world demonstrates striking parallels with our own insofar as the projections of alterity might be different by degrees but they are fundamentally the same by content Dreams illusions projections concepts hopes utopias dystopias desires and emotional attachments are as specific and impactful as the physical environment This volume thus sheds important light on the various lenses used by people in the Middle Ages and the early modern age as to how they came to terms with their perceptions images and notions Previous scholarship focused heavily on the history of mentality and history of emotions whereas here the history of pre modern imagination and fantasy assumes center position Imaginary things are taken seriously because medieval and early modern writers and artists clearly reveal their great significance in their works and their daily lives This approach facilitates a new deep structure analysis of pre modern culture

Handbook of Research and Policy in Art Education Elliot W. Eisner,Michael D. Day,2004-04-12 This work provides an overview of the progress that has characterized the field of research and policy in art education It profiles and integrates history policy learning curriculum and instruction assessment and competing perspectives
