Bell-Villada, 2010 Gabriel Garcia Marguez is one of the most influential writers of our time with a unique literary creativity rooted in the history of his native Colombia This is the first book of criticism to consider in detail the totality of Garcia Marquez s oeuvre Tension, 2 Volume Set Douglas D. Webster, 2012-08-13 If you have picked up this book chances are you are a committed follower of Christ Like many searching Christians you are tired of religious busywork and showy piety You long for authentic worship and meaningful service You came to Christ with deep expectations of transformation and service but those passions have been starved by shallow theology and superficial relationships You are looking for something more You are ready to sink your mind into what the Bible says about the call of God the priesthood of all believers and what it means to live for Christ and his kingdom The two volume Living in Tension offers in depth spiritual direction on the crucial issues shaping a theology of ministry This is not a book for pastors only Webster intentionally blurs the distinction between pastor and congregation This book is for all believers who take God's call to salvation service sacrifice and simplicity seriously Living in Tension provides need to know insights for every congregation Pastors will find that this passionate and practical theology translates well into their own lives and into the life of the church An Ambazonian Liberation Theology? Daniel J. Pratt Morris-Chapman, 2022-12-31 The last 6 years have witnessed a period of considerable unrest in Cameroun In 2016 protests within the minority Anglophone regions against the obligatory use of French in court rooms and schools were violently suppressed This combined with decades of marginalisation by successive Francophone governments led to calls for secession

the creation of an independent nation of Ambazonia This book offers a theological reflection on this escalating crisis examining whether nationalism might be considered a tool of liberation in this particular African context and Living the Sacramental Life Fr. Philip-Michael Tangorra, 2017 Just outside the realm of visibility the sacraments of the Church lie ready to effect real change in our lives We need only to let them in In Holiness and Living the Sacramental Life Fr Philip Michael Tangorra lays out the mystical and invisible realities that are present during the celebration of the sacraments and explains how they can lead us to living ever more in tune with God Read how the sacraments aren t empty ceremonies but rather powerful effective signs that bring grace crashing through the cosmos and into our world See how beauty expressed in art music and architecture can bring us deeper into the mysteries of God Fr Tangorra teaches the average Catholic how to abandon a lukewarm spirituality and start living a sacramental existence allowing God to imbue life with a constant sense of union and communion with the divine Echoes from S.
