Host Societies And The Reception Of Immigrants:

Host Societies and the Reception of Immigrants Jeffrey G. Reitz, 2002 Host Societies and the Reception of Immigrants Jeffrey G. Reitz, 2003 Focuses on the features of immigrant receiving societies as determinants of successful incorporation of immigrants These features include preexisting ethnic and race relations in the host societies labor markets and related institutions government programs and policies and changing international boundaries associated with the process of globalization **Research Handbook on the Sociology of Migration** Giuseppe Sciortino, Martina Cvajner, Peter J. Kivisto, 2024-01-18 Adeptly navigating one of the most pressing issues on the current global agenda this topical Research Handbook provides a comprehensive and research based exploration of the sociology of migration As well as highlighting the field s achievements and current challenges it explores key concepts used in current research methods employed and the spheres and contexts in which migrants participate **Crossing Over** Holger Henke, 2005-01-01 Although migration by the very virtue of its transnational nature seems to invite comparisons relatively few books provide these in explicit form In this collection of essays the authors deliberately juxtapose the experience of different locations and or immigrant populations in order to systematically compare them **Research Handbook on the Future of Work and Employment Relations** Keith Townsend, Adrian Wilkinson, 2011-01-01 This is an enlightening text on the subject of employment and work relations that will be useful for students in economics specifically those studying labor relations Lucy Heckman American Reference Books Annual 2012 The broad field of employment relations is diverse and complex and is under constant development and reinvention This Research Handbook discusses fundamental theories and approaches to work and employment relations and their connection to broader political and societal changes occurring throughout the world It provides comprehensive coverage of work and employment relations theory and practice This up to date research compendium has drawn together a range of international authors from diverse disciplinary backgrounds There are chapters from labour historians theoreticians more mainstream industrial relations scholars sociologists organizational psychologists geographers policy advisors economists and lawyers At the heart of each chapter is the notion that the world of work and employment relations has changed substantially since the halcyon days of IR throughout the Dunlop Era of the 1950s However many areas of enquiry remain and more questions have developed with society and technology This Handbook reflects this view As the field of study and practice continues to evolve throughout the twenty first century what lessons have we learnt from the past and what can we expect in the future Academics and postgraduate students researching industrial relations human resource management employment relations industrial sociology and sociology of work will find this important resource invaluable **Integration, Identity and Language Maintenance in Young Immigrants** Ludmila Isurin, Claudia Maria Riehl, 2017-04-12 The volume presents a selection of contributions related to integration adaptation language attitudes and language change among young Russian speaking immigrants in Germany At the turn of the century

Germany which defined itself as a mono ethnic and mono racial society has become a country integrating various immigrant groups Among those there are three different types of Russian immigrants Russian Germans Russian Jews and ethnic Russians all three often perceived as Russians by the host country The three groups have the same linguistic background but a different ethnicity known as nationality a separate entry in Russian official documents This defined the immigration paths and the subsequent integration into German society where each group strives to position itself in relation to two other groups in the same migrant space The book discusses the complexities of belonging and self other assignment to groups as well as the attitude to language maintenance among young Russian speaking immigrants Strangers and Neighbors Andrea M. Voyer, 2013-10-21 In *Strangers and Neighbors* Andrea M Voyer shares five years of observations in the city of Lewiston She shows how long time city residents and immigrant newcomers worked to develop an understanding of the inclusive and caring community in which they could all take part Yet the sense of community developed in Lewiston was built on the appreciation of diversity in the abstract rather than by fostering close and caring relationships across the boundaries of class race culture and religion Through her sensitive depictions of the experiences of Somalis Lewiston city leadership anti racism activists and even racists Voyer reveals both the promise of and the obstacles to achieving community in the face of diversity

Migrants or Expatriates? Amanda Klekowski von Koppenfels, 2014-02-07 This book examines the migration integration and transnational activity of overseas Americans American migrants in France Germany and the UK It examines the reasons for their migration introduces the concept of accidental migrant and explores the question of overseas Americans integration and identity formation **The African Diaspora in the United States and Canada at the Dawn of the 21st Century**

John W. Frazier, Joe T. Darden, Norah F. Henry, 2010-09-01 Drawing on the work of social scientists from geographic historical sociological and political science perspectives this volume offers new perspectives on the African Diaspora in the United States and Canada It has been approximately four centuries since the first Africans set foot in North America and although it is impossible for any text to capture the complete Black experience on the continent the persistent legacy of Black inequality and the winds of dramatic change are inseparable parts of the current African Diaspora experience In addition to comparing and contrasting the experiences and geographic patterns of the African Diaspora in the United States and Canada the book also explores important distinctions between the experiences of African Americans and those of more recent African and Afro Caribbean immigrants *Transforming America* Michael C. LeMay, 2012-12-10 Utilizing multiple perspectives of related academic disciplines this three volume set of contributed essays enables readers to understand the complexity of immigration to the United States and grasp how our history of immigration has made this nation what it is today *Transforming America Perspectives on U S Immigration* covers immigration to the United States from the founding of America to the present

Comprising 3 volumes of 31 original scholarly essays the work is the first of its kind to explore immigration and immigration policy in the United States throughout its history These essays provide a variety of interdisciplinary perspectives from

experts in cultural anthropology history political science economics and education The book will provide readers with a critical understanding of the historical precedents to today's mass migration Viewing the immigration issue from the perspectives of the contributors various relevant disciplines enables a better grasp of the complex conundrum presented by legal and illegal immigration policy **Immigration Worldwide** Uma A. Segal, Doreen Elliott, Nazneen S. Mayadas, 2010-01-19 The ease of transportation the opening of international immigration policies the growing refugee movements and the increasing size of unauthorized immigrant populations suggest that immigration worldwide is a phenomenon of utmost importance to professionals who develop policies and programs for or provide services to immigrants Immigration occurs in both the wealthy nations of the global North and the poorer countries of the global South it involves individuals who arrive with substantial human capital and those with little It has far reaching implications for a nation's economy public policies social and health services and culture The purpose of this volume therefore is to explore current patterns and policies of immigration in key countries and regions across the globe and analyze the implications for these countries and their immigrant populations Each of its chapters written by an international and interdisciplinary group of experts explores how country conditions policies values politics and attitudes influence the process of immigration and subsequently affect immigrants migration and the nation itself No other volume explores the landscape of worldwide immigration as broadly as this does with sweeping coverage of countries and empirical research together with an analytic framework that sets the context of human migration against a wide backdrop of experiential factors that take shape long before an immigrant enters a host country At once a sourcebook and an applied model of immigration studies Immigration Worldwide is a valuable reference for scholars and students seeking a wide ranging yet nuanced survey of the key issues salient to debates about the programs and policies that best serve immigrant populations and their host countries **New Perspectives on Gender and Migration** Nicola Piper, 2013-09-13 This book discusses recent theoretical and empirical developments in international migration from a gender perspective Its main objective is to analyse the diversification and stratification of gendered migratory streams with regard to skill level labour market integration and legal status In turn a migrant's position in relation to these axes influences access to entitlements and rights Conceptually the book builds upon the recent shift in scholarly research on migration with women centred research shifting more toward the analysis of gender Migration is now viewed as a gendered phenomenon that requires more sophisticated theoretical and analytical tools than sex as a dichotomous variable Theoretical formulations of gender as relational and as spatially and temporally contextual have begun to inform gendered analyses of migration The contributions to this book elaborate in more detail the broader social factors that influence migrating women's and men's roles access to resources facilities and services Empirically all major regions are discussed pointing to common trends such as the increasing significance of the regionalization of migration flows as well as some noteworthy differences **Diasporic Homecomings** Takeyuki Tsuda, 2009-07-22 In recent decades increasing numbers of

diasporic peoples have returned to their ethnic homelands whether because of economic pressures a desire to rediscover ancestral roots or the homeland government's preferential immigration and nationality policies Although the returnees may initially be welcomed back their homecomings often prove to be ambivalent or negative experiences Despite their ethnic affinity to the host populace they are frequently excluded as cultural foreigners and relegated to low status jobs shunned by the host society's populace Diasporic Homecomings the first book to provide a comparative overview of the major ethnic return groups in Europe and East Asia reveals how the sociocultural characteristics and national origins of the migrants influence their levels of marginalization in their ethnic homelands forcing many of them to redefine the meanings of home and homeland

The Immigrant-Food Nexus Julian Agyeman, Sydney Giacalone, 2020-04-07 The intersection of food and immigration in North America from the macroscale of national policy to the microscale of immigrants' lived daily foodways This volume considers the intersection of food and immigration at both the macroscale of national policy and the microscale of immigrant foodways the intimate daily performances of identity culture and community through food Taken together the chapters which range from an account of the militarization of the agricultural borderlands of Yuma Arizona to a case study of Food Policy Council in Vancouver Canada demonstrate not only that we cannot talk about immigration without talking about food but also that we cannot talk about food without talking about immigration The book investigates these questions through the construct of the immigrant food nexus which encompasses the constantly shifting relationships of food systems immigration policy and immigrant foodways The contributors many of whom are members of the immigrant communities they study write from a range of disciplines Three guiding themes organize the chapters borders cultural physical and geopolitical labor connecting agribusiness and immigrant lived experience and identity narratives and politics from local food to dietary acculturation Contributors Julian Agyeman Alison Hope Alkon Fernando J. Transnational Identities and Practices in Canada Vic Satzewich, Lloyd Wong, 2011-11-01 With contributions from some of Canada's leading historians political scientists geographers anthropologists and sociologists this collection examines the transnational practices and identities of immigrant and ethnic communities in Canada It looks at why members of these groups maintain ties with their homelands whether real or imagined and how those connections shape individual identities and community organizations How does transnationalism establish or transform geographical social and ideological borders Do homeland ties affect what it means to be Canadian Do they reflect Canada's commitment to multiculturalism Through analysis of the complex forces driving transnationalism this comprehensive study focuses attention on an important and arguably growing dimension of Canadian social life This is the first collection in Canada to provide a comprehensive and interdisciplinary

examination of transnationalism It will appeal to scholars and students interested in issues of immigration multiculturalism ethnicity and settlement *Constructing Borders/Crossing Boundaries* , **Public Policy and Immigrant Settlement** Deborah A. Cobb-Clark,Siew-Ean Khoo,2006-08-29 The Entrepreneurial Culture highlights the subtle yet powerful influence of national cultural heritage on entrepreneurship ventures using an alternative and fresh approach to explore the entrepreneurial culture of Chinese and Irish software firms This book presents a unique analysis of entrepreneurship theory development along with a single industry cross national study of entrepreneurship illustrating the impact of values from contrasting cultures **Constructing Borders/Crossing Boundaries** Caroline Brettell,2008-01-01 The essays in this volume tackle the construction and significance of race and ethnicity as boundary making processes among diverse immigrant populations in the United States Race and ethnicity can both unite and divide The individual scholars contributing to this volume model deploy and explain notions of borders and boundaries in various ways but collectively they emphasize the fluidity of racial and ethnic identities that are shaped negotiated and contested in specific contexts and situations *Constructing Borders Crossing Boundaries* also captures the range of spaces in which ethnicity and race become salient the university the immigrant enclave the detention center the work place the nightclub and even the trans Atlantic passage This interdisciplinary work features essays on a diverse range of immigrant populations from past to present and will interest scholars from across disciplines **Walls, Borders, Boundaries** Marc Silberman,Janet Ward,Karen E. Till,2012 How is it that walls borders boundaries and their material and symbolic architectures of division and exclusion engender their very opposite This edited volume explores the crossings permeations and constructions of cultural and political borders between peoples and territories examining how walls borders and boundaries signify both interdependence and contact within sites of conflict and separation Topics addressed range from the geopolitics of Europe s historical and contemporary city walls to conceptual reflections on the intersection of human rights and separating walls the memory politics generated in historically disputed border areas theatrical explorations of border crossings and the mapping of boundaries within migrant communities **Creating Social Cohesion in an Interdependent World** Tetsuo Mizukami,2016-04-08 *Creating Social Cohesion in an Interdependent World* examines the ways in which two very different societies Australia and Japan have dealt with challenges to their cultural and institutional fabric as well as the social cohesion arising from the acceleration of global interdependence during recent decades Deepening globalization has generated great social dislocation and uncertainty about collective identity and to anxiety about how to accommodate apparently unstoppable external influences The studies in this volume explore areas which have experienced significant impact from globalization including immigration policy ethnic and racial intermarriage attitudes towards ethnic and racial minorities national and cultural identity education policy and labor relations The approach used is innovative in juxtaposing two societies which although developed are contrasting in their historical origins and contemporary cultural legacies
