core of their beliefs about duty honor and the true cost of rendering justice in a world of shadows From the cramped briefing rooms of military bases to the unforgiving battlefields of Syria this pulse pounding military thriller explores the price of being a pioneer the bonds forged in elite combat units and the sometimes impossible choices faced by those who serve With authenticity drawn from deep research into special operations and modern warfare this story asks In the pursuit of justice where do we draw the line And who gets to draw it A remarkable book that will leave readers questioning their own beliefs about right and wrong duty and justice while delivering an unforgettable portrait of those who willingly step into the darkness to protect others Bowker's Complete Video Directory 2001 ,2001 **Bowker's Complete Video Directory** ,2000 *History Behind the Headlines* ,2002 Provides background information on long term ethnic religious political territorial and economic conflicts between nations today Centennial ,1997 **Page One** New York Times,New York Times Staff,1992-10 *The Publishers Weekly* ,2001 **Newsweek** ,1971 *Our Man in Tehran* Robert Wright,2011-01-11 For the true story behind Argo read *Our Man in Tehran* The world watched with fear in November 1979 when Iranian students infiltrated and occupied the American embassy in Tehran The Americans were caught entirely by surprise and what began as a swift and seemingly short lived takeover evolved into a crisis that would see fifty four embassy personnel held hostage most for 444 days As Tehran exploded in a fury of revolution six American diplomats secretly escaped For three months Ken Taylor the Canadian ambassador to Iran along with his wife and embassy staffers concealed the Americans in their homes always with the prospect that the revolutionary government of Ayatollah Khomeini would exact deadly consequences The United States found itself handcuffed by a fractured fundamentalist government it could not understand and had completely underestimated With limited intelligence resources available on the ground and anti American sentiment growing President Carter turned to Taylor to work with the CIA in developing their exfiltration plans Until now the true story behind Taylor s involvement in the escape of the six diplomats and the Eagle Claw commando raid has remained classified In *Our Man in Tehran* Robert Wright takes us back to a major historical flashpoint and unfolds a story of cloak and dagger intrigue that brings a new understanding of the strained relationship between the United States and Iran With the world once again focused on these two countries this book is the stuff of John le Carr and Daniel Silva made real **444 Days** Sidney C. 444 Days Margarite German,2020-06 Many books have been written about the Iran Hostage Crisis some by the hostages themselves others by journalists who got involved in the daily announcements of current events This book is written from a different perspective that of a wife of a hostage who was not a diplomat and was just a wife and mother of three children On the morning of November 4th 1979 militants stormed the embassy and took all personnel hostage including my husband It is my story that describes the daily tensions worries and stamina needed to survive I had no idea that a world event could affect me personally I learned soon enough that the crisis involved the whole world This is my experience of the crisis and how it affected my children and me in our daily lives and still does so many years later In the Shadow of the Ayatollah William Daugherty,2016-08-15 Still vivid in many Americans memories are the 444 days of 1979 when Islamic militants held U S diplomatic personnel hostage in Iran Though their story has been told before never has it been related from such a perspective Unique among the hostages the author was an officer for the Central Intelligence Agency serving at the U S embassy in Tehran Once his CIA connection was discovered Bill Daugherty became a special target of his captors and was subjected to extraordinarily harsh treatment He managed to survive the ordeal by relying upon his Marine Corps training and combat experience and his remarkable inner reserve of fortitude Ultimately he was awarded the State Department Medal of Valor and the CIA Exceptional Service Medal Drawing on intelligence information not readily available to previous writers recently declassified materials interviews with such key government officials as former national security adviser Zbigniew Brzezinski and former CIA director and ambassador to Iran Richard Helms and to his own firsthand knowledge Daugherty sheds light on this disturbing event particularly with respect to the decision making process in the White House Among his revelations is the involvement of the Soviet Union Despite his personal involvement Daugherty has produced an impressively objective account of the tragedies and triumphs that marked this black time in U S history It is both a harrowing adventure story and a serious look at U S Iran relations The pivotal event continues to evoke emotions and begs careful analysis for potential lessons learned Argo Antonio J. Mendez,Matt Baglio,2012 The true declassified account of CIA operative Tony Mendez s daring rescue of American hostages from Iran that inspired the critically acclaimed film directed by and starring Ben Affleck and co starring John Goodman Alan Arkin and Bryan Cranston On November 4 1979 Iranian militants stormed the American embassy in Tehran and captured dozens of American hostages sparking a 444 day ordeal and a quake in global politics still reverberating today But there is a little known drama connected to the crisis six Americans escaped And a top level CIA officer named Antonio Mendez devised an ingenious yet incredibly risky plan to rescue them before they were detected Disguising himself as a Hollywood producer and supported by a cast of expert forgers deep cover CIA operatives

foreign agents and Hollywood special effects artists Mendez traveled to Tehran under the guise of scouting locations for a fake science fiction film called Argo While pretending to find the perfect film backdrops Mendez and a colleague succeeded in contacting the escapees and smuggling them out of Iran Antonio Mendez finally details the extraordinarily complex and dangerous operation he led more than three decades ago A riveting story of secret identities and international intrigue Argo is the gripping account of the history making collusion between Hollywood and high stakes espionage
