Hostages Of The Nervous Stranger:

Hostages of the Nervous Stranger Ruth Johnson Jay,1980 **Killing Strangers** T. K. Wilson,2020-09-02 A bewildering feature of so much contemporary political violence is its stunning impersonality Every major city centre becomes a potential shooting gallery and every metro system a potential bomb alley Victims just happen as the saying goes to be in the wrong place at the wrong time We accept this contemporary reality at least to some degree But we rarely ask where has it come from historically Killing Strangers tackles this question head on It examines how such violence became unchained from inter personal relationships It traces the rise of such impersonal violence by examining violence in conjunction with changing social and political realities In particular it traces both push and pull the ability of modern states to force the violence of their challengers into niche forms and the disturbing new opportunities that technological changes offer to cause mayhem in fresh and original ways Killing Strangers therefore aims to highlight the very strangeness of contemporary experience when it is viewed against a long term perspective Atrocities regularly capture media attention and just as quickly fade from public view That is both tragic and utterly predictable Deep down we expect no different And that is why such atrocities must be repeated if our attention is to be re engaged Deep down we expect that too So Killing Strangers deliberately asks the very simplest of questions How on earth did we get here **A Stranger Comes to Town** Abra SW,2015-01-05 An aetheric chain reaction sends a wave of death rolling around the world warping living beings and aether based technology alike In one afternoon trains go from being the power that pushed civilization out to the frontier to being very expensive sheds of scrap metal filled with rotting produce and dying cattle Cities go hungry The farmers are in hardly better shape than their former customers in the city Some trees bear withered fruit while gobbets of exploded fruit flesh drape the limbs of others One wheat stalk might be strong and firm but its neighbor disintegrates to dust at a touch Harvesting crops takes more work but yields less food People try not to starve using a variety of tactics The Loyale traveling circus survives the aether storm mostly unscathed When the circus comes to Seppanen Town all seems well until a ragged fugitive plunges into their camp and begs for sanctuary **Strange Chemistry** Steven Farmer,2017-06-14 This book opens the audience s eyes to the extraordinary scientific secrets hiding in everyday objects Helping readers increase chemistry knowledge in a fun and entertaining way the book is perfect as a supplementary textbook or gift to curious professionals and novices Appeals to a modern audience of science lovers by discussing multiple examples of chemistry in everyday life Addresses compounds that affect everyone in one way or another poisons pharmaceuticals foods and illicit drugs thereby evoking a powerful emotional response which increases interest in the topic at hand Focuses on edgy types of stories that chemists generally tend to avoid so as not to paint chemistry in a bad light however these are the stories that people find interesting Provides detailed and sophisticated stories that increase the reader s fundamental scientific knowledge Discusses complex topics in an engaging and accessible manner providing the how and why that takes readers deeper into the stories **Hostage** Cheryl Headford,2015-09-17

Six Years a Hostage Stephen McGown, 2021-07-29 THE EXTRAORDINARY STORY OF THE LONGEST HELD AL QAEDA CAPTIVE IN THE WORLD Stephen McGown was en route from London to South Africa on a once in a lifetime trip by motorbike returning home to Johannesburg He had reached Timbuktu in Mali when he was captured along with a Dutch and a Swedish national by Al Qaeda Islamist militants Steve was taken because he held a British passport He was subsequently held hostage at various camps in the Sahara Desert in the north west of Africa for nearly six years before eventually being released Life as Steve had known it changed in that instant that he was taken at gunpoint He had nothing to bargain with and everything to lose For the next six years he reluctantly engaged in what he came to call the greatest chess game of his life Thousands of kilometres to the south in Johannesburg the

shock of Stephen's capture struck the McGown family and his wife Cath with whom he had until recently been living in London. They immediately began efforts to secure Steve's release through diplomatic channels and in every other way they felt might have a chance of seeing Stephen freed. But as the months of captivity became years, Steve was compelled to go to extraordinary lengths to survive. Making it back home alive became his sole aim. To accomplish this, he realised that he would have to do everything he could to raise his status in the eyes of his captors. To this end, he taught himself Arabic and French and also converted to Islam, accepting a new name, Lot. To this day, Steve retains the unenviable record of being the longest held surviving prisoner of Al Qaeda. While he was undoubtedly always Al Qaeda's captive through the long years he spent in intimate proximity to his captors, Steve got to see the Islamist militants as few other Westerners have ever seen them. Six Years a Hostage is not only a remarkable story of mental strength, physical endurance and the resilience of the human spirit, but also significantly, a unique and nuanced perspective on one of the world's most feared terrorist groups. Steve did not merely survive his terrible ordeal; he emerged from the desert a changed, stronger, more positive human being. This is Stephen McGown's remarkable story as told to Tudor Caradoc Davies, a freelance writer, editor and author based in Cape Town, South Africa. After seven years spent working for glossy magazines such as Men's Health, GQ, Best Life and Women's Health, he now contributes to a range of publications. He also writes for the South African Sunday Times and Red Bulletin.
