Hostile City Or Bust:

City of Kings Rob J. Hayes, 2018-11-12 War makes monsters and corpses of us all For generations the blooded have ruled the Wilds cultivating a lawless frontier and bleeding the good folk dry The Black Thorn once the most wanted outlaw the world has ever seen is set on stopping them and bringing an end to the great game that oppresses them all Crucible is the only blooded fortress left but not for nothing is it called the City of Kings Its defences are unbreakable its walls unassailable all built so one hundred can hold back a thousand Worse yet the Black Thorn is running out of time and there are darker things hiding underground looking to turn the city into a tomb

Seek the Welfare of the City Bruce W. Winter, 1994 This is a print on demand book and is therefore non returnable The first Christians were members of households possibly associations and certainly cities in the first century Graeco Roman world before they embraced the preaching of the gospel This new six volume series which gathers contributors who are specialists in the intersection of the New Testament with the Graeco Roman world seeks for the first time to describe systematically the challenges difficulties and necessary adjustments involved in being a Christian to Graeco Roman society in the various spheres of life In this first volume Seek the Welfare of the City Bruce W Winter maps out the role of obligations of Christians as benefactors and citizens in their society Winter s scholarly insight is enhanced through the selective use of important ancient literary and nonliterary sources Contrary to the popular perception that early Christians withdrew from society and sought to maintain a low profile this outstanding study explores the complexities of the positive commitments made by Christians in Gentile regions of the Roman Empire

Evanston: A Tour Through the City's History Margery Blair Perkins, 2013 Local historian Margery Blair Perkins 1907 1981 provides a detailed narrative charting the growth and development of the North Shore city of Evanston Illinois a place boasting a rich and multi layered history Perkins brings the city's past to life through stories of its residents architecture and growth over the years She charts the development of the city from its earliest days when it was known as the settlement of Grosse Pointe and later Ridgeville to its modern manifestation as a bustling city just outside of Chicago Within a larger historical narrative Perkins provides biographies of noted residents as she documents the evolution of the city's organizations cultural life and institutions such as Northwestern University

Women and the City Sarah Deutsch, 2000 A penetrating analysis of how women shaped public and private space in Boston and how space shaped women s lives in turn during a period of dramatic change in American cities

Yes to the City Max Holleran, 2024-05-07 A fascinating account of the growing Yes in My Backyard urban movement The exorbitant costs of urban housing and the widening gap in income inequality are fueling a combative new movement in cities around the world A growing number of influential activists aren t waiting for new public housing to be built Instead they re calling for more construction and denser cities in order to increase affordability Yes to the City offers an in depth look at the Yes in My Backyard YIMBY movement From its origins in San Francisco to its current cadre of activists pushing for new apartment towers in places like Boulder Austin and London Max

Holleran explores how urban density once maligned for its association with overpopulated slums has become a rallying cry for millennial activists locked out of housing markets and unable to pay high rents Holleran provides a detailed account of YIMBY activists campaigning for construction new zoning rules better public transit and even candidates for local and state office YIMBY groups draw together an unlikely coalition from developers and real estate agents to environmentalists and Holleran looks at the increasingly contentious battles between market driven pragmatists and rent control idealists Arguing that advocates for more housing must carefully weigh their demands for supply with the continuing damage of gentrification he shows that these individuals see high density urbanism and walkable urban spaces as progressive statements about the kind of society they would like to create Chronicling a major shift in housing activism during the past twenty years Yes to the City considers how one movement has reframed conversations about urban growth

The Anti-Black City Jaime Amparo Alves, 2018-02-13 An important new ethnographic study of S o Paulo s favelas revealing the widespread use of race based police repression in Brazil While Black Lives Matter still resonates in the United States the movement has also become a potent rallying call worldwide with harsh police tactics and repressive state policies often breaking racial lines In The Anti Black City Jaime Amparo Alves delves into the dynamics of racial violence in Brazil where poverty unemployment residential segregation and a biased criminal justice system create urban conditions of racial precarity The Anti Black City provocatively offers race as a vital new lens through which to view violence and marginalization in the supposedly raceless S o Paulo Ironically in a context in which racial ambiguity makes it difficult to identify who is black and who is white racialized access to opportunities and violent police tactics establish hard racial boundaries through subjugation and death Drawing on two years of ethnographic research in prisons and neighborhoods on the periphery of this mega city Alves documents the brutality of police tactics and the complexity of responses deployed by black residents including self help initiatives public campaigns against police violence ruthless gangs and self policing of communities The Anti Black City reveals the violent and racist ideologies that underlie state fantasies of order and urban peace in modern Brazil Illustrating how governing through death has become the dominant means for managing and controlling ethnic populations in the neoliberal state Alves shows that these tactics only lead to more marginalization criminality and violence Ultimately Alves s work points to a need for a new approach to an intractable problem how to govern populations and territories historically seen as ungovernable

Sport, Leisure and Culture in the Postmodern City Stephen Wagg, 2016-04-01 The widespread concept of the postmodern city is frequently linked to the decline of traditional manufacturing industries and a corresponding wane of white working class culture In place of these appear flexible working practices a diversified workforce and a greater emphasis on consumption leisure and tourism Illustrated by an interdisciplinary study of Leeds a typical postmodern city this volume examines how such cities have reinvented themselves commercially politically and spatially over the past two decades The work addresses issues like cultural policy city centre development sport leisure and identity and explores different urban

processes in relation to changing configuration of class gender and ethnicity in the postmodern city God So Loves the City Charles E. Van Engen, Jude Tiersma, 2009-08-01 From the explosive contexts of Nairobi Mexico City Los Angeles and Madras burst fresh insights on the mission of the church for the city Jude Tiersma and Charles Van Engen worked closely with an international team of experienced urban practitioners to explore the most urgent issues facing those who minister in today's cities From each particular urban setting a team member contributed a story from ministry in the city Each story uniquely illustrates a different challenge of urban ministry in the face of injustice marginalization and urban structures This book brings you these stories then retells them in light of Scripture introducing new hope to each one From these stories emerge new ideas about the nature of cities and how to practice ministry in them The new methodology employed by Van Engen and Tiersma's team leads us in the first steps toward a theology of mission for the city God So Loves the City is a must for pastors seminary students missiologists congregation members and all who are concerned about urban ministry

All-Change in the City Margaret Reid, 1988-06-18 An analysis placing London in its global setting and tracing with new detail the origins of the Big Bang It attempts to analyze the less familiar evolution of city institutions including the big banks whose business is examined with particular emphasis on the Bank of England

Performing the jumbled city Olivia Casagrande, 2022-08-30 Performing the jumbled city is a complex artefact beyond its own materiality Linked to a dedicated website hosting additional audio visual materials the book acts as a connecting device allowing an exchange between texts audio visual materials and original artworks situating it in the emerging field of multi modal ethnography From this stance and as an edited collection co authored with urban indigenous artists and activists it interrogates the ways in which knowledge is built and shared The book is constructed as a particular kind of edited collection shifting between different authorships The resulting interaction between individual and collective essays draws together scholars and activists perspectives in a rich exchange between textual visual and dramatic sections for the book is organised around the original script of the site specific performance Santiago Waria and the related exhibition MapsUrbe Making a claim for creation rather than recuperation the essays contained in the book put forward alternative imaginations that disrupt the social and material landscape of the post colonial city defying the spatialities usually assigned to colonised bodies and subjects As such and actively engaging with current debates through collective writing by indigenous people raising questions in terms of decolonisation the book stands as both an academic and a political project interrogating the relationship between activism and academia and issues of representation authorship and knowledge production

The Living City Roberta Brandes Gratz, 1995-07-19 THE LIVING CITY An intelligent analysis Sensible undogmatic evengood humored An appealing mixture of passion and clinical dispassion Washington Post Book World The best antidote I've read to the doom and gloom prophecies concerning the future of urban America Bill Moyers This is fresh and fascinating material it is essential for understanding not only how to avoid repeating

terrible mistakes of the past but also how to recover from them Jane Jacobs author of *The Death and Life of Great American Cities* From coast to coast across America there are countless urban success stories about rejuvenated neighborhoods and resurgent business districts Roberta Brandes Gratz defines the phenomenon as urban husbandry the care management and preservation of the built environment nurtured by genuine participatory planning efforts of government urban planners and average citizens

City Songs and American Life, 1900-1950 Michael L. Lasser, 2019 Nothing defines the songs of the great American songbook more richly and persuasively than their urban sensibility During the first half of the twentieth century songwriter such as Harold Arlen Irving Berlin Dorothy Fields George and Ira Gershwin and Thomas Fats Waller flourished in New York City the home of Tin Pan Alley Broadway and Harlem Many of these remarkably deft and forceful creators were native New Yorkers Others got to Gotham as fast as they could Either way it was as if from their vantage point on the West Side of Manhattan these artists were describing America not its geography of politics but its heart to Americans and to the world at large In *City songs and American life 1900 1950* renowned author and broadcaster Michael Lasser offers an evocative and probing account of the popular songs including some written originally for the stage or screen that America heard and sang and danced to during the turbulent first half of the twentieth century Lasser demonstrates how the spirit of the teeming city pervaded these wildly diverse songs Often that spirit took form overtly in songs that portrayed the glamor of Broadway of the energy and jazz age culture of Harlem But a city bred spirit or even a specifically New York City way of feeling and talking also infused many other widely known and loved songs stretching from the early decades of the century to the twenties the age of the flapper bathtub gin and women's right to vote the Great Depression and finally World War II Throughout this remarkable book Lasser emphasizes how the soul of city life as echoes in the nation's songs developed and changed in tandem with economic social and political currents in America as a whole

Dust jacket flap The City of God Books 1-10 Saint Augustine, The City in the Roman West, c.250 BC-c.AD 250 Ray Laurence, Simon Esmonde Cleary, Gareth Sears, 2011-07-14 The city is widely regarded as the most characteristic expression of the social cultural and economic formations of the Roman Empire This was especially true in the Latin speaking West where urbanism was much less deeply ingrained than in the Greek speaking East but where networks of cities grew up during the centuries following conquest and occupation This well illustrated synthesis provides students and specialists with an overview of the development of the city in Italy Gaul Britain Germany Spain and North Africa whether their interests lie in ancient history Roman archaeology or the wider history of urbanism It accounts not only for the city's geographical and temporal spread and its associated monuments such as amphitheatres and baths but also for its importance to the rulers of the Empire as well as the provincials and locals

From Chaos to Restoration Dan G. Johnson, 1988-01-01 The Sacred City of the Hindus Matthew Atmore Sherring, 1868 Sanctuary in Pieces Laura Madokoro, 2024-10-15 Over the past two decades the Sanctuary City movement has resulted in hundreds of jurisdictions declaring themselves safe spaces for undocumented

migrants and people without status Although they often draw on historical precedent public sanctuary efforts amongst settler societies are markedly different from how refuge was conceptualized in the past To explore these broad shifts Sanctuary in Pieces looks at the history of protection and hospitality in Montreal Mooniyaang Tiohti ke over two hundred years Laura Madokoro traces the movements and experiences of fugitives from slavery wanted criminals internationally renowned anarchists and war resisters before turning to instances of public sanctuary practices since the 1970s As people sought and forged refuge they navigated a web of social connections political agendas and economic realities testing the notion of the city and whom it was for Even as those in search of sanctuary imagined and often enacted possible futures in the city sanctuary was far from easy it lay in an underground marked by refusal and denial selective compassion and solidarity and sometimes outright animosity This contested and tumultuous history offers a profound challenge to the symbolism and substance of contemporary sanctuary city efforts Conceptually innovative Sanctuary in Pieces speaks to activist and policy considerations in the present the making and unmaking of community and how historical practice can accommodate silence in studies of intimate experiences of mobility and on occasion refuge

Legal Aspects of Sports Miller, Kristi Schoepfer, 2017-02-15 Written for courses within Sports Law Legal Aspects of Sports Second Edition provides a modern case based approach to this changing area of sports management and administration The text provides a breadth of coverage that is specifically written for Sport Management majors who need to understand the relationship between sport administration and the law and as such provides an accessible level of detail It urges students to think critically about course material and apply material to an in depth study of legal aspects of sport through the use of cases to real world scenarios and questions at the end of each chapter The Second Edition has been reorganized to improve the flow of content and all case studies have been added to Navigate 2 to help students stay organized and prepare for class The topic of discrimination in sports has been updated and expanded to include age race religion and gender discrimination
