Hot and Bothered Wendy Dennis, 1993 *Violence and the Pornographic Imaginary* Natalie J. Purcell, 2012 No cultural product reveals our collective fascination with sexual violence more candidly than pornography Popular heterosexual pornographies showcase scenes of intense sexual aggression and cruelty that are gendered in repetitive patterned configurations configurations that are designed to arouse Purcell uses comparative critical readings of popular U S pornographies to illuminate the changing psychosocial foundations of sexually aggressive fantasies By examining how depictions of violence in pornography have changed over the past forty years she investigates the evolving desires and anxieties of the genre's growing U S audience Adopting a thick descriptive approach she moves beyond the mere observation and recording of instances of sexism and violence elucidating the changing aesthetics themes and conventions of depicted sexual aggression and showing how they have emerged in specific socio historical contexts Finally she draws from a range of industry publications and fan forums to examine the fabric and function of misogyny and violence in people's fantasies and everyday lives

Splitting Up Larry Frolick, 2014-06-09 A guide to the new social landscape and a serious search for personal meaning in an age of rapidly shifting cultural values *Pornography and Sexual Representation* Joseph W. Slade, 2001 A three volume reference guide to the available literature concerning pornography and sexual representation in America **Padres y madres en serie** Visa Barbosa, Mariona (coord.), 2016-09-02 La tercera edad de oro de la ficción televisiva ha favorecido la proliferación de series de gran despliegue técnico y a la vez de narrativas que describen la intimidad y la rutina cotidiana de los protagonistas Son obras que nos presentan personajes alejados de la heroicidad representados a menudo dentro del espacio doméstico que ha pasado a ser un lugar clave para la descripción y evolución de los personajes Partiendo de la premisa que la ficción televisiva desarrolla una clara función de referencia y legitimación social creando estereotipos y modelos en los que los espectadores se identifican este libro analiza veinte de las series contemporáneas más populares reflexionando sobre el rol paternal y maternal de sus protagonistas En algunas series se encuentran ejemplos que se alejan de la descripción de la familia patriarcal convencional Destacamos a la pluralidad de discursos que se están ofreciendo aunque también observamos que muchas de ellas a pesar de un envoltorio transgresor siguen reproduciendo roles que alimentan los valores familiares tradicionales *Adolescent Psychiatry, V. 30* Lois T. Flaherty, 2013-03-01 The period of adolescence can be a time of great creativity as new intellectual capacities emerge and as the individual adolescent attempts to make sense out of inner and outer experience Volume 30 of *Adolescent Psychiatry* addresses the ways in which adolescent experience is transmuted into creative artistic production as well as focuses on the relationship between creativity and psychopathology and treatment for troubled adolescents With the links between adolescence and creativity in

mind the volume opens with an in depth examination of a young boy s creation of his own story of Polyphemus This is followed by a fresh look at the adolescent influences behind Austrian Symbolist painter Gustav Klimt The next ten chapters comprise a special section devoted to creative solutions to some of the most challenging facing adolescent psychiatry Here numerous relevant studies are presented and conclusions drawn as a whole addressing topics such as an innovative residential treatment program for gifted adolescents who have failed academically and rejected previous attempts at treatment motivational interviewing a technique employed in the effort to find common ground between the therapist and patient the importance of understanding adolescent sexuality and how to approach the topic with patients in an appropriate manner and a discussion of the registration commitment and assessment of juvenile sex offenders A final section investigates problematic examples of reactive attachment disorder as well as treatment refractory adolescent schizophrenia when the medication doesn t work Volume 30 of Adolescent Psychiatry continues the wide ranging scholarship and analytic sensibility that has been the hallmark of the series Literary and artistic criticism reside comfortably between empirical research and case studies all working together to broaden the horizon of research and application of psychiatric technique and theory for adolescence

Hot and Bothered Judith A HOUCK, Judith A Houck, 2009-06-30 How did menopause change from being a natural and often welcome end to a woman s childbearing years to a deficiency disease in need of medical and pharmacological intervention By examining the history of menopause over the course of the twentieth century Houck shows how the experience and representation of menopause has been profoundly influenced by biomedical developments and by changing roles for women and the changing definition of womanhood

What No Baby? Leslie Cannold, 2005-01-01 What No Baby takes us on a journey into the lives of contemporary women who plan to have it all marriage motherhood and work yet have been derailed by reluctant men insatiably demanding jobs and ever climbing expectations of what it takes to be a good mother The Australian Bureau of Statistics predicts that 25% of Australian women who are currently in their reproductive years will never have children Yet respected researcher and ethicist Leslie Cannold argues that women want to mother as much as they ever did What has changed is their willingness to sacrifice everything they ve built everything they are to do so Drawing on demographic data social research and insights gained from interviews with women in their 20s 30s and 40s Cannold shows that the easier society makes it for women to combine parenthood and paid work the closer women get to having the number of children they want At the end of the 21st century it is women s freedom to mother that is most at risk Guaranteed to reshape the current debate around declining fertility What No Baby is a must read for everyone concerned about Australia s fertility decline and for women who want to better understand and to solve the social problems keeping them from fulfilling lives in which children play a part
