Hot California Graphics:

Hot California Graphics Alan Fletcher, 2000 Bold and innovative West Coast designers define what's new in this exciting new title on graphic style and design in California. The pressure on today's designers is ever changing and ever increasing in this hyper fast cyber spaced world. See how thirty seven of the top designers from Baja to the Golden Gate charge through problems with the panache and invention we've come to expect from the land of sunshine and dreams. The thirty seven firms selected to appear in this 304 page full color volume provide a statement of purpose to accompany their designs. Through this statement and by viewing their fresh new solutions readers will explore all aspects of the design experience. Some of the design firms in this volume are recognized giants in the field some are hot new houses all are top notch. The firms showcased in this book have a complete grasp of today's marketplace with its more difficult requirements and demands. In their designs the firms exhibit the visionary spirit bold excitement and bold sensuality of California. Their fresh approaches and cutting edge solutions to age old design assignments display for the viewer the beginnings of a major design revolution born in the California Milieu. Every aspect of graphic design can be found in this volume: annual reports, logos, package design, exhibits, book and editorial design, signage and corporate identity. **Hot Graphics USA 2** Visual Reference Publications, 2003-10-01

Today more than ever books, magazines, television, movies and the internet deliver a high percentage of information in visual rather than verbal form. *Hot Graphics USA No 2* illustrates how powerful graphic design can communicate a strong message without relying on words. Culled from the work of dozens of cutting edge design firms across the United States, each section of this book demonstrates the visionary spirit, bold excitement and that special warm sensuality that is quintessentially American. Contributing graphic design firms include Alexander Isley, Cahan Associates, Frankfurt Balkind Partners, Kor Group, Larson Design, Interactive, Supon Design and many more. **Hot California Graphics 2** Madison Square Press, 2003-02-20

The West Coast's most innovative designers have again shown their true colors in the bold and exciting pages of this magnificent follow up to the best selling book *Hot California Graphics*. The extreme pressure on today's designers is constantly increasing in the hyper fast world of cyberspace. See for yourself how firms from San Diego to San Francisco have excelled in solving their visual assignments with the inventiveness we have come to expect from designers working in the Golden State. Some of the design firms showcased in this full color volume are the biggest and best in California while others are newly emerging cutting edge shops willing to exhibit their design solutions for all to see and appreciate. All of these top notch firms exhibit every aspect of graphic design in over 600 color images including annual reports, logos, package design, corporate identity, exhibit design, environmental graphics and editorial and book design. The various firms in this volume have supplied their own statements of purpose and individual philosophies of graphic design. Readers will be inspired by the fine examples showing how these guiding principles are put into practice. In each section of *Hot California Graphics 2* readers will be treated to the visionary spirit and bold approach of these hot West Coast designers. **Hot California** JTK, 2019-05-15
