## **Hotel Tacloban:**

**Hotel Tacloban** Douglas Valentine, John Kelly, Jeff McConnell, 1984-04-01      **The Wolves of Samar** Pasquale De Marco, In the annals of human history the name Hotel Tacloban evokes a shudder of horror This notorious Japanese prisoner of war camp during World War II was a place of unimaginable suffering where inmates were subjected to systematic brutality torture and death Within these walls of despair a group of indomitable souls found themselves trapped in a living nightmare They were men from all walks of life united by their shared experience of unspeakable cruelty Stripped of their dignity and identities they were reduced to mere numbers their individuality erased by the merciless regime This book is their story a testament to the resilience of the human spirit in the face of unimaginable adversity Through the eyes of these prisoners we witness the horrors of Hotel Tacloban firsthand the starvation the disease the relentless abuse We feel their despair their anger and their indomitable will to survive But amidst the darkness there were also glimmers of hope Acts of kindness and compassion though rare illuminated the abyss Prisoners risked their own lives to help their fellow inmates sharing meager rations and words of encouragement These small acts of defiance these flickerings of humanity served as a beacon of hope in a world gone mad This book is a tribute to the indomitable spirit of those who endured the horrors of Hotel Tacloban It is a testament to the power of hope the strength of the human spirit and the resilience of the human soul Their stories must never be forgotten lest we repeat the mistakes of the past This book is a must read for anyone interested in World War II history the resilience of the human spirit and the darkest corners of the human experience It is a powerful reminder of the importance of empathy compassion and the fight against tyranny If you like this book write a review      *100 Resorts in the Philippines* Dominique Grele, Lily Yousry-Jouve, 2004-01-15 The book features full details and descriptions of resorts hotels or guesthouses that the authors regard as memorable The description of each place is not just factual but emotional in that it reveals impressions It is more as though a friend is making a word of mouth recommendation rather than the bland copy of a brochure Details of the overall size the facilities rates service local tours and attractions are fully covered      *Narrative, Identity, and the City* Raul P. Lejano, Alicia P. Lejano, Josefina D. Constantino, Aaron J.P. Almadro, Mikaella Evaristo, 2018-02-16 Raul P Lejano offers a boldly original synthesis of narratology psychology and human geography This helps him articulate his two main insights that our identity as individuals though not completely determined by sociocultural factors nevertheless profoundly reflects our embeddedness in particular places and that the way we think of or would like to think of our own identity is most readily captured in the stories we tell about ourselves Most revealing of all he suggests are our stories about coming to grips with an entire city especially when our experience of it is actually one of dislocation or relocation when we in some sense or other lose a city to which we have hitherto belonged or when we find a new one By way of illustration the book includes four specially commissioned autobiographical stories by writers of Filipino origin which Lejano s analytical chapters compare and contrast with each other within his interdisciplinary frame of reference At once

learnedly sophisticated and readably empathetic his commentaries are underpinned by a basically phenomenological orientation which leads him to view human individuals as essentially relational beings naturally inclined to enter into dialogue with both their fellow creatures and the larger environment      The Hotel Tacloban Douglas Valentine,2019-07-30 A very dramatic and compelling World War II story of murder mutiny and a military cover up from the author of The Phoenix Program The New York Times Captured by the Japanese while on patrol in the fetid jungles of New Guinea Douglas Valentine's father who enlisted in the US Army at age sixteen was sent to a prison camp in the Philippines where he was interned with Australian and British soldiers The events that followed make up this well told chilling story of betrayal and brutality a powerful tale of a son uncovering the traumatic events that shaped the rest of his father's life Los Angeles Times Book Review Not just a searing picture of life in a terrible POW camp it is also a significant historical document about a place that the U S military says never existed Publishers Weekly      **The Philippines in World War II, 1941-1945** Walter F. Bell,1999-12-30 Because of their strategic location the Philippines exercised a profound influence in the thinking of both Japanese and American strategists before and during World War II A number of controversies surrounding the preparations for war the initial defense of the islands the Japanese occupation the conduct of guerrilla operations and the 1944 1945 American campaign to retake the islands still draw the interest of students and scholars This work provides a finding aid for individuals seeking to deal with these issues A bibliographic overview of available periodical and book literature in English this book is multidimensional encompassing all aspects military political economic and social of the Pacific War as it relates to developments in the archipelago The book is an essential source for those looking for insights into the war's impact on Philippine society and also into military operations in and around the islands With a chronological summary of wartime events in the islands as well as the bibliography the work constitutes a major contribution to the furtherance of historical inquiry on World War II in the Philippines      The 13th Juror Mlk the Truth LLC,2009-04-21 Beginning on November 15th 1999 the civil wrongful death trial of Martin Luther King was held in Division IV of the Circuit Court of Shelby County Tennessee in Memphis This is the actual unedited transcript of the trial regarding one of the most infamous days in American history Judge James Swearngen Circuit Court Judge presided over the trial with an impaneled jury of twelve people from the Memphis area Introduction      **Special Bibliography Series** United States Air Force Academy. Library,2000      Shadow Masters Daniel Estulin,2010-02-01 This investigation examines how behind the scenes collaboration between governments intelligence services and drug traffickers has lined the pockets of big business and Western banks Beginning with a last minute request from ex governor Jesse Ventura the narrative winds between the author's own story of covering deep politics and the facts he has uncovered The ongoing campaign against Victor Bout the Merchant of Death is revealed as move countermove in a game of geopolitics set against the background of a crumbling Soviet Union a nascent Russia bizarre assassinations wars and smuggling      **Official Gazette** Philippines,1912      *A Memoir of Injustice* Jerry Ray,Tamara

Carter,2011-02-19 Including previously undisclosed information on one of the most significant and mysterious events in modern American history this account debunks the myth that James Earl Ray was a racist and documents his actual location on one of the critical days leading up to the assassination of Martin Luther King Jr The memoir also reveals photographs of James Earl Ray when he was ill in prison and gives the key to a code used by the brothers in planning a prison break Presenting a mesmerizing perspective on the manipulation of the media in reporting on race relations the working middle class and the U S criminal justice system this account broadcasts an urgent call to action to correct some of the many injustices that surround these events such as the U S government s refusal to rigorously test the alleged murder weapon and encourages support for new federal legislation      *The World within War* Gerald Linderman,2013-10-16 Gerald Linderman has created a seamless and highly original social history authoritatively recapturing the full experience of combat in World War II Drawing on letters and diaries memoirs and surveys Linderman explores how ordinary frontline American soldiers prepared for battle related to one another conceived of the enemy thought of home and reacted to battle itself He argues that the grim logic of protracted combat threatened soldiers not only with the loss of limbs and lives but with growing isolation from country and commanders and ultimately with psychological disintegration      **The CIA as Organized Crime** Douglas Valentine,2016-11-28 This book provides insight into the paradigmatic approaches evolved by CIA decades ago in Vietnam which remain operational practices today in Afghanistan El Salvador Iraq Syria Yemen and elsewhere Valentine s research into CIA activities began when CIA Director William Colby gave him free access to interview CIA officials who had been involved in various aspects of the Phoenix program in South Vietnam The CIA would rescind it making every effort to impede publication of *The Phoenix Program* which documented the CIA s elaborate system of population surveillance control entrapment imprisonment torture and assassination in Vietnam While researching Phoenix Valentine learned that the CIA allowed opium and heroin to flow from its secret bases in Laos to generals and politicians on its payroll in South Vietnam His investigations into this illegal activity focused on the CIA s relationship with the federal drugs agencies mandated by Congress to stop illegal drugs from entering the United States Based on interviews with senior officials Valentine wrote two subsequent books *The Strength of the Wolf* and *The Strength of the Pack* showing how the CIA infiltrated federal drug law enforcement agencies and commandeered their executive management intelligence and foreign operations staffs in order to ensure that the flow of drugs continues unimpeded to traffickers and foreign officials in its employ Ultimately portions of his research materials would be archived at the National Security Archive Texas Tech University s Vietnam Center and John Jay College This book includes excerpts from the above titles along with updated articles and transcripts of interviews on a range of current topics with a view to shedding light on the systemic dimensions of the CIA s ongoing illegal and extra legal activities These terrorism and drug law enforcement articles and interviews illustrate how the CIA s activities impact social and political movements abroad and in the United States A common theme is the CIA s ability to deceive and propagandize

the American public through its impenetrable government sanctioned shield of official secrecy and plausible deniability Though investigated by the Church Committee in 1975 CIA praxis then continues to inform CIA praxis now Valentine tracks its steady infiltration into practices targeting the last population to be subjected to the exigencies of the American empire the American people

**A Sniper's Journey** Gary D. Mitchell, Michael Hirsh, 2007-01-02 A Vietnam sniper tells his story and reveals the battles he fought even after the war was over In 1968 Gary Mitchell enlisted in the Army and was sent to Vietnam where he earned a reputation for keeping his head in extreme situations This caught the eye of his superiors who trained him in long distance shooting setting him on the path to becoming a sniper Over a twenty four year career Mitchell had twenty four confirmed kills most of these in Vietnam where intelligence agents borrowed him from his Army unit This is not just the story of a man at war it s also about the war within the man because the memories of his sniper missions followed him home throughout his career and into civilian life And as the years went by the full realization of what he d done in the line of duty came back to haunt Mitchell s scarred conscience With the love and support of his wife Ellen he struggled to understand what had happened to him and what his actions revealed about him And though the immediate horror of Vietnam was long past he found himself facing a different kind battle one that nearly destroyed him

Pisces Moon Douglas Valentine, 2023-05-15 Pisces Moon The Dark Arts of Empire is a non fiction book about what writer William Burroughs called the backlash and bad karma of empire Set against the author s month long trip to London Vietnam and Thailand in early 1991 it tells how the American empire was created by rapacious businessmen backed by a murderous military establishment media moguls who designed a relentless psychological warfare campaign that glorifies warriors who are programmed to kill on command and clerics who contrived a religious justification for imperialism the subordination of women and the establishment of chattel slavery Pisces Moon shows how these mythmakers led by CIA drug traffickers after World War Two destroyed much of Southeast Asia It also tells how the myth of American greatness has come home to roost and is now manifest as the vainglorious militant Christian nationalist movement that wishes to establish a right wing dictatorship Pisces Moon argues that the survival of American democracy and the world depends upon people being able to distinguish between material evidence and substantiated facts on the one hand and conspiracy theories religious beliefs and supremacist myths on the other

**A Certain Arrogance** George Michael Evica, 2011-02-01 Providing the first global cultural context for the assassination of John F Kennedy this investigation into how United States intelligence agencies and other entities manipulated liberal religious groups and educational institutions for ideological political and economic gain during the Cold War exposes numerous previously misunderstood political operations Including assassinations these projects include those facilitated by Allen Dulles John Foster Dulles the U S State Department the Office of Strategic Services and its successor the CIA and other individuals and groups Focusing on the manipulations of key individuals in the American Unitarian Association the Unitarian Service Committee and the Unitarian supported Albert Schweitzer College by covert American interests during
