Houdini Bernard C. Meyer, 1976 **Houdini** Tom Lalicki, 2014-04-01 Originally published as SPELLBINDER The Life of Harry Houdini He was born Ehrich Weiss but at an early age he chose another name for himself He wanted a name to suit his career of magic and entertainment and he chose a name that paid homage to one of the legendary magicians of all time Robert Houdin His illusions and escapes were more astonishing and more challenging than anyone had ever done before and he eclipsed the names of all other magicians as his fame reached around the world made him famous and made him the most famous illusionist ever Houdini disappeared through brick walls He escaped from straitjackets and then straitjackets immersed in water He performed escapes in public places and from jail cells in major cities and the crowds flocked to his performances Tom Lalicki tells Houdini's story with a fascinating mix of text and images revealing the facts and juxtaposing them with startling images of a master entertainer performing masterfully and mysteriously mesmerizing his audiences and mystifying experts with his skill and his invention *Houdini* Adam Begley, 2020-03-17 From the prizewinning Jewish Lives series an exuberant biography of the world's greatest escape artist In 1916 the war in Europe having prevented a tour abroad Harry Houdini wrote a film treatment for a rollicking motion picture Though the movie was never made its title The Marvelous Adventures of Houdini The Justly Celebrated Elusive American provides a succinct summary of the Master Mystifier's life Born Erik Weisz in Budapest in 1874 Houdini grew up an impoverished Jewish immigrant in the Midwest and became world famous thanks to talent industry and ferocious determination He concealed as a matter of temperament and professional ethics the secrets of his sensational success Nobody knows how Houdini performed some of his dazzling death-defying tricks and nobody knows finally why he felt compelled to punish and imprison himself over and over again Must a self-liberator also be a self-torturer Tracking the restless Houdini's wide-ranging exploits acclaimed biographer Adam Begley asks the essential question What kind of man was this *Holland's Guide to Psychoanalytic Psychology and Literature-and-psychology* Norman Norwood Holland, 1990 As psychoanalysis becomes more and more important to literary studies and the accompanying literature bulks larger and larger students often feel overwhelmed not knowing where to turn for readings that will open up the subject Holland's Guide to Psychoanalytic Psychology and Literature and Psychology offers an ingenious solution to this problem It provides concise outlines of all types of psychoanalytic theory and shows how they apply to literary criticism The outlines point in turn to further more specific readings articles essays and books which can then be located by two extensive bibliographies that follow the discussion These offer materials that range from the earliest Freud to the latest cognitive science and include dozens of bibliographic aids Holland integrates these suggested readings with lively detailed comments on various psychologies as they relate to literature He is thus able to guide students easily to the precise subject they wish to study be it Jungian criticism ego psychology feminist psychoanalysis psychoanalytic film theory or interpretation of some specific text Holland also offers a bracing discussion of reader response criticism and a lucid

guide to the work of Jacques Lacan A trenchant epilogue defends the psychological approach suggesting which points in psychoanalytic theory will work for literary critics and which will not The only such guidebook for students of psychoanalytic literary theory and literary criticism Holland's Guide will also prove an invaluable aid for those studying psychoanalysis and psychology

Comprehensive Dictionary of Psychoanalysis Salman Akhtar, 2018-05-01 This book provides easy to read concise and clinically useful explanations of over 1800 terms and concepts from the field of psychoanalysis A history of each term is included in its definition and so is the name of its originator The attempt is made to demonstrate how the meanings of the term under consideration might have changed with new connotations accruing with the passage of time and with growth of knowledge Where indicated and possible the glossary includes diverse perspectives on a given idea and highlights how different analysts have used the same term for different purposes and with different theoretical aims in mind *Houdini, Tarzan, and the Perfect Man* John F. Kasson, 2002-07-02 A remarkable new work from one of our premier historians In his exciting new book John F. Kasson examines the signs of crisis in American life a century ago signs that new forces of modernity were affecting men's sense of who and what they really were When the Prussian born Eugene Sandow an international vaudeville star and bodybuilder toured the United States in the 1890s Florenz Ziegfeld cannily presented him as the Perfect Man representing both an ancient ideal of manhood and a modern commodity extolling self development and self fulfillment Then when Edgar Rice Burroughs's Tarzan swung down a vine into the public eye in 1912 the fantasy of a perfect white Anglo Saxon male was taken further escaping the confines of civilization but reasserting its values beating his chest and bellowing his triumph to the world With Harry Houdini the dream of escape was literally embodied in spectacular performances in which he triumphed over every kind of threat to masculine integrity bondage imprisonment insanity and death Kasson's liberally illustrated and persuasively argued study analyzes the themes linking these figures and places them in their rich historical and cultural context Concern with the white male body with exhibiting it and with the perils to it reached a climax in World War I he suggests and continues with us today Performing Dark Arts Michael Mangan, 2007-08-01 Magic and conjuring inhabit the boundaries and the borderlands of performance The conjuror's act of demonstrating the apparently impossible the uncanny the marvellous or the grotesque challenges the spectator's sense of reality It brings him or her up against their own assumptions about how the world works at its most extreme it asks the spectator to re evaluate his or her sense of the limits of the human Performing Dark Arts is an exploration of the paradox of the conjuror the actor who pretends to be a magician It aims to illuminate the history of conjuring by examining it in the context of performance studies and to throw light on aspects of performance studies by testing them against the art of conjuring The book examines not only the performances of individual magicians from Dedi to David Blaine but also the broader cultural contexts in which their performances were received and the meanings which they have attracted The Psychoanalytic Quarterly Dorian Feigenbaum, Bertram David Lewin, Gregory Zilboorg, Frankwood Earl Williams, 1979
