curriculum for their children Moreau discovered however that American history while grand has never been unified Delving into more than 100 history books from the last 150 years the author reveals that the efforts of pressure groups to influence the history curriculum are nearly as old as the mustiest textbook For those who would influence textbooks and teaching Protestant elites in the 1870s Irish Americans in the 1920s and conservative politicians today the sky has always been falling according to Moreau Schoolbook Nation offers a history lesson of its own when the story of the past is written or rewritten truth is often a victim With its comprehensive treatment of the subjects of honesty and politics in the teaching of history this is an essential book on the side of truth in a complex debate      El-Hi Textbooks & Serials in Print, 2000 ,2000
