House On The Borderland The:

The House on the Borderland William Hope Hodgson, 2020-11-03 William Hope Hodgson's cosmic horror classic continues the Haunted Library of Horror Classics series. In a ruined house at the edge of an abyss lies the diary of a madman. Two friends on a fishing trip make an unsettling discovery when the river they've been following abruptly ends and reappears some 100 feet below the edge of an abyss. If that wasn't unnerving enough, the river runs along the remains of an oddly shaped house half swallowed by the pit. Within the ruins, they discover the moldering journal of an unidentified man, the Recluse, who had lived in the house years ago. Its pages reveal the man's apparent descent into madness: why else would he chronicle haunted visions, trips to other dimensions, and attacks by swine-like creatures that have followed him home? After a horrific vision in which he witnesses the end of the earth and time itself, the Recluse awakens in his study to find nothing has changed except that his dog has dissolved into a pile of dust. And then the swine things return. Introduced by modern horror master Ramsey Campbell as an enduring classic of cosmic terror, *The House on the Borderland* has inspired dozens of other classic horror novels and indelibly changed the genre. Influencing writers from H. P. Lovecraft to Terry Pratchett, this 1908 masterpiece shucks the conventions of Gothic horror and presents an eerie mix of sci-fi, fantasy, and the supernatural.

The House on the Borderland William Hope Hodgson, Anton Rivas, 2017-10-18 Hodgson wrote a trilogy consisting of *Date 1965*, *Modern Warfare*, *The House on the Borderland*, and *The Ghost Pirates*. He then sees his house in an alternate space-time plain that is isolated from the rest of his world. This haunting tale conveys intense isolation and loneliness.

Right away in the west of Ireland lies a tiny hamlet called Kraithe It is situated alone at the base of a low hill Far around there spreads a waste of bleak and totally inhospitable country where here and there at great intervals one may come upon the ruins of some long desolate cottage unthatched and stark The whole land is bare and unpeopled the very earth scarcely covering the rock that lies beneath it and with which the country abounds in places rising out of the soil in wave shaped ridges Yet in spite of its desolation my friend Tonnison and I had elected to spend our vacation there He had stumbled on the place by mere chance the year previously during the course of a long walking tour and discovered the possibilities for the angler in a small and unnamed river that runs past the outskirts of the little village I have said that the river is without name I may add that no map that I have hitherto consulted has shown either village or stream They seem to have entirely escaped observation indeed they might never exist for all that the average guide tells one Possibly this can be partly accounted for by the fact that the nearest railway station Ardahan is some forty miles distant It was early one warm evening when my friend and I arrived in Kraithe We had reached Ardahan the previous night sleeping there in rooms hired at the village post office and leaving in good time on the following morning clinging insecurely to one of the typical jaunting cars

The House on the Borderland William Hope Hodgson Classic Supernatural Horror

The House on the Borderland is a supernatural horror novel by British fantasist William Hope Hodgson In 1877 two gentlemen Messrs Tonnison and Berreggnog head into

Ireland to spend a week fishing in the village of Kraithe. Whilst there they discover in the ruins of a very curious house a diary of the man who had once owned it. Its torn pages seem to hint at an evil beyond anything that existed on this side of the curtains of impossibility. This is a classic novel that worked to slowly bridge the gap between the British fantastic and supernatural authors of the later 19th century and modern horror fiction. Noted American horror writer H. P. Lovecraft lists this and other works by Hodgson among his greatest influences. Two good friends, Tonnison and Berreggnog, travel to the remote village of Kraithe in rural Ireland. On the third day of their trip they stumble upon the ruins of a strangely shaped house bordering a large lake. They discover the mouldering journal of the Recluse, an unidentified man who recorded his last days in the house before its destruction.

The House on the Borderland (Heathen Edition) William Hodgson, 2019-03-03

William Hope Hodgson (1877–1918) was an English author best known for *The Night Land* (1912) and this his second novel, *The House on the Borderland*. Noted by H. P. Lovecraft as a classic of the first water, it is considered a literary milestone that signaled a radical departure from the typical Gothic fiction of the late 19th century, ushering in a newer, more realistic and scientific cosmic horror that left a marked impression on those who would become the great writers of weird tales of the mid-twentieth century. The story within the story is a hallucinatory account of an old recluse and his very strange house in which he experiences attacks by supernatural swine beasts, travels to otherworldly dimensions, and bears witness to the destruction of the solar system. It is galactic adventure, prophetic fantasy, macabre romance, and drugless trip, and brilliantly unites its many disturbing elements easily equalling if not surpassing all predecessors and contemporaries.
