Houses And Buildings:

The Language of Houses Alison Lurie, 2014-08-19 In 1981 Pulitzer Prize winning novelist Alison Lurie published *The Language of Clothes* a meditation on costume and fashion as an expression of history social status and individual psychology Amusing enlightening and full of literary allusion the book was highly praised and widely anthologized Now Lurie has returned with a companion book *The Language of Houses* a lucid provocative and entertaining look at how the architecture of buildings and the spaces within them both reflect and affect the people who inhabit them Schools churches government buildings museums prisons hospitals restaurants and of course houses and apartments all of them speak to human experience in vital and varied ways *The Language of Houses* discusses historical and regional styles and the use of materials such as stone and wood and concrete as well as contemplating the roles of stairs and mirrors windows and doors tiny rooms and cathedral like expanses illustrating its conclusions with illuminating literary references as well as the comments of experts in the field This book which is accompanied by light hearted original drawings by Karen Sung is an essential and highly entertaining new contribution to the literature of modern architecture

New Houses in Old Buildings Arian Mostaedi, 1998 *The House* Daniel Harrison Jacques, 1866 **New Orleans Houses** Lloyd Vogt, 1985 More than 100 sketches of common house types and styles maps of the city showing the architectural development in each period and a glossary of architectural terms

American Country Building Design Donald J. Berg, 2005 Provides an excellent introduction as well as suggestions for using these plans to add architectural detail to your own home an excellent bibliography Victorian Homes The best home barn and landscape designs in a charming book It contains numerous original illustrations showing a wealth of construction details site plans and plantings *Fine Homebuilding* This classic bestseller contains the finest collection of architectural designs from a bygone era and it's a boon for anyone hoping to construct that dream house or add charming touches to a modern one Hundreds of illustrations from actual 19th century building plans feature architects blueprints and drawings full color photos and more The buildings range from humble farmers cabins to summer getaway cottages for the rich and there's plenty of detail work including built in shelves dormers and turned balusters With this information an architect could easily create anything shown on the pages

Building The Dream Gwendolyn Wright, 2012-05-09 For Gwendolyn Wright the houses of America are the diaries of the American people They create a fascinating chronicle of the way we have lived and a reflection of every political economic or social issue we have been concerned with Why did plantation owners build uniform cabins for their slaves Why were all the walls in nineteenth century tenements painted white Why did the parlor suddenly disappear from middle class houses at the turn of the century How did the federal highway system change the way millions of Americans raised their families *Building the Dream* introduces the parade of people policies and ideologies that have shaped the course of our daily lives by shaping the rooms we have grown up in In the row houses of colonial Philadelphia the luxury apartments of New York City the prefab houses of Levittown and the public

housing towers of Chicago Wright discovers revealing clues to our past and a new way of looking at such contemporary issues as integration sustainable energy the needs of the elderly and how we define family **Smaller Houses of the 1920s** Ethel B. Power,2007-08-31 From a peak era in domestic architecture comes this survey of modern and traditional buildings Its 130 captioned illustrations offer a full perspective on the buildings architectural ingenuity and originality

Small Houses Erica Van Horn,2007 With age Tom Browne has given up his building jobs Now he works on small houses in his shed He uses real building materials whenever possible as these are the correct materials for houses The houses he makes are builders houses made by a builder **Stone Houses of Jefferson County** Maureen Hubbard Barros,Brian W. Gorman,Robert A. Uhlig,2015-05-11 Jefferson County New York has one of the richest concentrations of stone houses in America As many as 500 stone houses churches and commercial buildings were built there before 1860 Some of the buildings are beautiful mansions built by early entrepreneurs others are small vernacular farmhouses Some are clustered together others dot the countryside near stone outcroppings Embedded in the fabric of each building are the stories of its location its maker and its inhabitants over time Lavishly illustrated with almost 300 photographs this volume highlights eighty five stone houses in the region The editors explore both the beauty and permanence of the stonework and the courage and ambition of the early dwellers They detail the ways in which skilled masons utilized local limestone and sandstone crafting double faced stone walls to protect against fire and harsh winters The book includes discussions of the geology of the region the stone buildings that have been lost and the preservation and care of existing structures Stone Houses of Jefferson County provides a fascinating look at the intrinsic beauty of these buildings and the historical links they provide to our early settlement

The Production of Houses Christopher Alexander,Howard Davis,1985 As an innovative thinker about building and planning Christopher Alexander has attracted a devoted following His seminal books The Timeless Way of Building A Pattern Language the Oregon Experiment and The Linz Cafe defined a radical and fundamentally new process of environmental design Alexander now gives us the latest book in his series a book that puts his theories to the test and shows what sort of production system can create the kind of environment he has envisioned The Production of Houses centers around a group of buildings which Alexander and his associates built in 1976 in northern Mexico Each house is different and the book explains how each family helped to lay out and construct its own home according to the family s own needs and in the framework of the pattern language Numerous diagrams and tables as well as a variety of anecdotes make the day today process clear The Mexican project however is only the starting point for a comprehensive theory of housing production The Production of Houses describes seven principles which apply to any system of production in any part of the world for housing of any cost in any climate or culture or at any density In the last part of the book The Shift of Paradigm Alexander describes in detail the devastating nature of the revolution in world view which is contained in his proposal for housing construction and its overall implications for deep seated cultural change Converted Into Houses Charles A. Fracchia,1976 *A Collection of*
