**Gunmen and Gangsters** Michael Schlossheimer, 2018-08-03 Gangsters such as Al Capone and Lucky Luciano were considered by many people to be the most exciting personalities of the 1920s and 1930s. The public was hungry for press coverage about these mysterious and dangerous men. Most reports about them were sketchy as the reporters did not want to get on the bad side of the racket bosses. Hollywood's response to the public's fascination was to portray the lives of gangsters on the movie screen using actors such as Humphrey Bogart, James Cagney, and Edward G. Robinson. Perhaps surprisingly, these men received not so favorable reviews from the Academy Award voters and as their popularity grew with the public, censorship dictated other actors be brought in to play the roles. That's what this book is about: the personal and professional lives of William Bendix, Charles Bickford, Ward Bond, Broderick Crawford, Brian Donlevy, Paul Douglas, William Gargan, Barton MacLane, and Lloyd Nolan, second string actors who replaced the big names and did a memorable job. A filmography is supplied for each actor.

**Hollywood Beauty** Ronald L. Davis, 2001-04-01 At fifteen, Linda Darnell left her Texas home and normal adolescence to live the Hollywood dream promoted by fan magazine and studio publicity offices. She appeared in dozens of films and won international acclaim for *Blood and Sand* playing opposite Tyrone Power, *Forever Amber*, *A Letter to Three Wives*, and the original version of *Unfaithfully Yours*. Driven by a stage mother to become rich and famous but unable to cope with the career she had longed for as a child, Darnell soon was caught in a downward spiral of drinking, failed marriages, and exploitive relationships. By her early twenties, she was an alcoholic, hardened by a life in which beautiful women were chattel, and by the time of her death at age forty-one, she was struggling for recognition in the industry that once had called her its glory girl. *Hollywood Beauty* begins in the Southwest during the Depression when Pearl Darnell became obsessed by the glitter of the movie world that would dominate her children's lives. We follow Linda's path from her Texas childhood and first public success during the state centennial in 1936 through her contract work with Twentieth Century Fox in the heyday of the big studio system. Film historian Ronald L. Davis documents Darnell's discovery and marriages, the adoption of her daughter, the marking of many well-known films, and her emotional difficulties leading up to her tragic death by fire. This is the story of a native teenager from a dysfunctional middle-class family thrust into the golden age of Hollywood. *Hollywood Beauty* examines America's public worship of movie stars and superficial success, its motives and consequences, and the addiction to escapism that this worship represents.

**American Gangster Cinema** F. Mason,2002-11-28 Much analysis of gangster movies has been based upon a study of the gangster as a malign figuration of the American Dream originally set in the era of the Depression This text extends previous analysis of the genre by examining the evolution of gangster movies from the 1930s to the contemporary period and by placing them in the context of cultural and cinematic issues such as masculinity consumerism and technology With a close examination of many films from Scarface and Public Enemy to Reservoir Dogs and Pulp Fiction this book provides a fascinating insight into a topical and popular subject

*Dan Duryea* Mike Peros,2016-10-11 Dan Duryea 1907 1968 made a vivid impression on moviegoers with his first major screen appearance as the conniving Leo Hubbard in 1941 s classic melodrama The Little Foxes His subsequent film and television career would span from 1941 until his death Duryea remains best known for the nasty scheming villains he portrayed in such noir masterpieces as Scarlet Street Criss Cross and The Woman in the Window In each of these he wielded a blend of menace sleaze confidence and surface charm This winning combination led him to stardom and garnered him the adoration of female fans even though Duryea s onscreen brutality so often targeted female characters Yet this biography s close examination of Duryea s oeuvre finds him excelling in various roles in many genres war films westerns crime dramas and even the occasional comedy Dan Duryea Heel with a Heart is a full scale comprehensive biography that examines the tension between Duryea s villainous screen image and his Samaritan personal life At home he proved to be one of Hollywood s most honorable and decent men Duryea remained married to the former Helen Bryan from 1931 until her death in 1967 A dedicated family man he and Helen took an active role in raising their children and in the community In his career Duryea knew villainous roles were what the public wanted there would be a public backlash if fans read an article depicting what a decent guy he was Frustrated that he couldn t completely shake his screen image and public persona he wrestled with this restriction throughout his career Producers and the public did not care to follow any new directions he hoped to pursue This book written with Duryea s surviving son Richard s cooperation fully explores the life and legacy of a Hollywood icon ready for rediscovery

**Somewhere in the Night** Nicholas Christopher,2010-05-11 Film noir is more than a cinematic genre It is an essential aspect of American culture Along with the cowboy of the Wild West the denizen of the film noir city is at the very center of our mythological iconography Described as the style of an anxious victor film noir began during the post war period a strange time of hope and optimism mixed with fear and even paranoia The shadow of this rich and powerful cinematic style can now be seen in virtually every artistic medium The spectacular success of recent neo film noirs is only the tip of an

iceberg In the dead on nocturnal jazz of Charlie Parker and Miles Davis the chilled urban landscapes of Edward Hopper and postwar literary fiction from Nelson Algren and William S Burroughs to pulp masters like Horace McCoy we find an unsettling recognition of the dark hollowness beneath the surface of the American Dream Acclaimed novelist and poet Nicholas Christopher explores the cultural identity of film noir in a seamless elegant and enchanting work of literary prose Examining virtually the entire catalogue of film noir Christopher identifies the central motif as the urban labyrinth a place infested with psychosis anxiety and existential dread in which the noir hero embarks on a dangerously illuminating quest With acute sensitivity he shows how technical devices such as lighting voice over and editing tempo are deployed to create the film noir world Somewhere in the Night guides us through the architecture of this imaginary world be it shot in New York or Los Angeles relating its elements to the ancient cultural archetypes that prefigure it Finally Christopher builds an explanation of why film noir not only lives on but is currently enjoying a renaissance Somewhere in the Night can be appreciated as a lucid introduction to a fundamental style of American culture and also as a guide to film noir s heyday Ultimately though as the work of a bold talent adeptly manipulating poetic cadence and metaphor it is itself a superb aesthetic artifact
