Johnny Gomas, Voice of the Working Class Doreen Musson, 1989      *Anarchism and Syndicalism in the Colonial and Postcolonial World, 1870-1940* ,2010-11-11 Narratives of anarchist and syndicalist history during the era of the first globalization and imperialism 1870 1930 have overwhelmingly been constructed around a Western European tradition centered on discrete national cases This parochial perspective typically ignores transnational connections and the contemporaneous existence of large and influential libertarian movements in Africa Asia Latin America and Eastern Europe Yet anarchism and syndicalism from their very inception at the First International were conceived and developed as international movements By focusing on the neglected cases of the colonial and postcolonial world this volume underscores the worldwide dimension of these movements and their centrality in anti colonial and anti imperialist struggles Drawing on in depth historical analyses of the ideology structure and praxis of anarchism syndicalism it also provides fresh perspectives and lessons for those interested in understanding their resurgence today Contributors are Luigi Biondi Arif Dirlik Anthony Gorman Steven Hirsch Dongyoun Hwang Geoffroy de Laforcade Emmet O Connor Kirk Shaffer Aleksandr Shubin Edilene Toledo and Lucien van der Walt With a foreword by Benedict Anderson      **From the Barrel of a Gun** Gerald Horne, 2001 Explores how the American government's relationship with the country of Zimbabwe formerly Rhodesia between 1965 and 1980 affected the interracial dynamics in the United States      S. P. Bunting, a Political Biography Edward Roux, 1993

**South Africa and the Communist International: Socialist pilgrims to Bolshevik footsoldiers, 1919-1930** Apollon Borisovich Davidson, 2003 This publication is a comprehensive selection of unique documents pertaining to the Communist Party of South Africa CPSA from the formerly closed archives of the Communist International      **South Africa and the Communist International** Apollon B. Davidson, Irina Filatova, Valentin P. Gorodnov, Sheridan Johns, 2015-12-22 This is a comprehensive selection of documents pertaining to the Communist Party of South Africa from the formerly closed archives of the Communist International      **The Communist Party in South Africa** Mia Roth, 2016-01-20 Why is the history of communism in a country at the bottom of the African continent still important enough to warrant this book South Africa is one of the few countries in the world that still has a strong communist party whose views are not only taken into account by the government but whose members hold important positions in both the cabinet and in government offices This is the first account of the history of the Communist Party of South Africa based on archival sources The initial accounts were written by party members and had very little to do with reality The months that Mia Roth spent in the newly opened Russian and South African Archives in 1998 and the number of years she spent in writing it revealed to her not only the racism in the South African party but also the role it played in destroying the ICU the only genuine African mass movement of that time Its depiction of the part played by African communists was only a facade      *Red Road to Freedom* Tom Lodge, 2022 Definitive and gripping narrative history of the Communist Party of South Africa      **New Dictionary of South African Biography** E.

J. Verwey, 1995 This series of publications aims to fill the gaps in our history highlighting in particular the significant roles played by black leaders from all walks of life

**Discordant Comrades** Allison Drew, 2019-07-12 This title was first published in 2000 This book considers the fortunes of socialism in South Africa from the doctrine's arrival around 1900 to its legal suppression in 1950 Socialism's universal claims had to come to terms with South Africa's singular national experience in which a racial ideology and a racial division of the working class played a far greater role than in any other country The left in South Africa had to deal with all the complexities of ideology and strategy that faced their counterparts in Europe and North America but in South Africa it was further vexed by challenges of profound racial and national inequalities and a white labour movement which sought protection through racial segregation Communism rather than Social Democracy prevailed hence the reverberations of the splits in the Communist International were far more debilitating in South Africa than anywhere else In the years after World War II African nationalism became the dominant influence on the South African left chiefly through the relationship between the ANC and the Communist Party *Discordant Comrades* draws on a wide range of primary sources from inside and outside South Africa including the archives of the Communist International in Moscow The result is a scholarly and challenging analysis of the South African left

Martin, Fanon Che Wilkins, 2009 Transcending geographic and cultural lines *From Toussaint to Tupac* is an ambitious collection of essays exploring black internationalism and its implications for a black consciousness At its core black internationalism is a struggle against oppression

*The Marcus Garvey and Universal Negro Improvement Association Papers, Vol. X* Marcus Garvey, 2006-08-23 Africa for the Africans was the name given to the extraordinary movement led by Jamaican Marcus Mosiah Garvey 1887-1940 Volumes I-VII of the Marcus Garvey and Universal Negro Improvement Association Papers chronicled the Garvey movement that flourished in the United States during the 1920s Now the long-awaited African volumes of this edition demonstrate clearly the central role Africans played in the development of the Garvey phenomenon The African volumes provide the first authoritative account of how Africans transformed Garveyism into an African social movement The most extensive collection of documents ever gathered on the early African nationalism of the interwar period Volume X provides a detailed chronicle of the spread of Garvey's call for African redemption throughout Africa

*After Freedom* Katherine S. Newman, Ariane De Lannoy, 2015-03-24 Twenty years after the end of apartheid a new generation is building a multiracial democracy in South Africa but remains mired in economic inequality and political conflict The death of Nelson Mandela in 2013 arrived just short of the twentieth anniversary of South Africa's first free election reminding the world of the promise he represented as the nation's first Black president Despite significant

progress since the early days of this new democracy frustration is growing as inequalities that once divided the races now grow within them as well In After Freedom award winning sociologist Katherine S Newman and South African expert Ariane De Lannoy bring alive the voices of the freedom generation who came of age after the end of apartheid Through the stories of seven ordinary individuals who will inherit the richest and yet most unequal country in Africa Newman and De Lannoy explore how young South Africans whether Black White mixed race or immigrant confront the lingering consequences of racial oppression These intimate portraits illuminate the erosion of old loyalties the eruption of class divides and the heated debate over policies designed to redress the evils of apartheid Even so the freedom generation remains committed to a united South Africa and is struggling to find its way toward that vision **South Africa and the Communist**
