John's Thought And Theology An Introduction Good News Studies:

John's Thought and Theology Daniel J. Harrington, 1990-01-01 **John's Apologetic Christology** James F. McGrath, 2001-09-06 The Gospel according to John presents Jesus in a unique way as compared with other New Testament writings. Scholars have long puzzled and pondered over why this should be. In this book James McGrath offers a convincing explanation of how and why the author of the Fourth Gospel arrived at a christological portrait of Jesus that is so different from that of other New Testament authors and yet at the same time clearly has its roots in earlier tradition. McGrath suggests that as the author of this Gospel sought to defend his beliefs about Jesus against the objections brought by opponents, he developed and drew out further implications from the beliefs he inherited. The book studies this process using insights from the field of sociology which helps to bring methodological clarity to the important issue of the development of Johannine Christology. *Introduction to the New Testament* Helmut Koester, 1995 This work has established itself as a classical text in the field of New Testament studies. Written in a readable non technical style, it has become an indispensable textbook and reference for teachers, students, clergy, and the educated layperson interested in a scholarly treatment of the New Testament and its background in the Judaic and Greco Roman world. **Divine Providence in the Bible** John H. Wright, 2010-11 Presents a thoughtful, masterly well organized investigation of Divine Providence as seen by the authors of the New Testament. Advances the claim that the NT authors do not support Augustine's highly influential predestinarian view of Providence. **A Marginal Jew: Rethinking the Historical Jesus, Volume IV** John P. Meier, 2009-06-02 John Meier's previous volumes in the acclaimed series *A Marginal Jew* are founded upon the notion that while solid historical information about Jesus is quite limited, people of different faiths can nevertheless arrive at a consensus on fundamental historical facts of his life. In this eagerly anticipated fourth volume in the series, Meier approaches a fresh topic: the teachings of the historical Jesus concerning Mosaic Law and morality, with the same rigor, thoroughness, accuracy, and insightfulness on display in his earlier works. **The Claims of Christ** Barry L. Davis, 2001-07-27 Who is Jesus Christ? What did He stand for? What was His purpose in coming to earth? How does He want us to relate to Him today? All these questions were answered over 2,000 years ago by the Christ Himself. Jesus very clearly explained exactly who He was and why He came. In the Gospel accounts, this volume explores Jesus' claims and what they mean to us today. It invites us to sit in on Jesus' teachings by both examining the cultural setting in which they were made and how they still speak to our contemporary culture with amazing relevance. **Courting Betrayal** Helen Orchard, 1998-05-01 This study explores the dynamics of violence within John's Gospel, focusing on the portrayal of the character of Jesus. It offers an understanding of the Johannine Jesus that counters the traditional model of a serene figure who maintains sovereign control over his environment. Establishing the prevalence of material indicating opposition to Jesus, it argues that his experience and perception of victimization are key to his identity. Furthermore, it is suggested that Jesus colludes with his victimizers, raising the issue of who is responsible for his betrayal.

and death Drawing on the disciplines of victimology literary criticism and liberation theology the work comprises targeted exegesis of substantial portions of the Gospel revealing the prominence of the theme of violence and raising a number of christological questions "Il Verbo di Dio è vivo" José Enrique Aguilar Chiu,2007 I trentasei studi sul Nuovo Testamento qui raccolti sono espressione di gratitudine al Cardinal Albert Vanhoye S I esempio di una vita totalmente spesa a servizio della Chiesa di Cristo nell insegnamento competente della sacra Scrittura nella ricerca instancabile e nella zelante predicazione del Verbo di Dio nonche nella sua attivita di consigliere saggio e discreto presso vari dicasteri della Curia Romana E un omaggio ad un uomo di fede che ha infaticabilmente indagato la Sacra Scrittura sia per trovarvi il fondamento della propria esistenza che per annunciare agli altri la parola di vita Fil 2 16 Il libro intende essere uno strumento per proseguirne la medesima indagine e lo stesso annuncio Journal of Biblical Literature ,1991 John's Thought and Theology Daniel J Harrington, S.J., PH.D.,Daniel J. Harrington,1990-02-01 **Relation Analysis of the Fourth Gospel** Philip B. Harner,1993 The Catholic Biblical Quarterly Wendell Stephen Reilly,1990 Includes various reports of the Association **New Testament Abstracts** ,1990 An Introduction to World Methodism Kenneth Cracknell,Susan J. White,2005-05-05 The world Methodist community now numbers over 75 million people in more than 130 countries The story of Methodism is fascinating and multi faceted because there are so many distinct traditions within it some stemming directly from Britain and some arising in the United States In this book the authors address the issue of what holds all Methodists together and examine the strengths and diversity of an influential major form of Christian life and witness They look at the ways in which Methodism has become established throughout the world examining historical and theological developments and patterns of worship and spirituality in their various cultural contexts The book reflects both the lasting contributions of John and Charles Wesley and the on going contribution of Methodism to the ecumenical movement and inter religious relations It offers both analysis and abundant resources for further study **God, Evolution, and Animal Suffering** Bethany N. Sollereder,2018-10-29 After the publication of On the Origin of Species in 1859 theologians were faced with the dilemma of God creating through evolution Suddenly pain suffering untimely death and extinction appeared to be the very tools of creation and not a result of the sin of humanity Despite this paradigm shift the question of non human suffering has been largely overlooked within theodicy debates overwhelmed by the extreme human suffering of the twentieth century This book redresses this imbalance by offering a rigorous academic treatment of the questions surrounding God and the suffering of non human animals Combining theological philosophical and biblical perspectives this book explores the relationship between God and Creation within Christian theology First it dismantles the popular theological view that roots violence and suffering in the animal kingdom in the fall of humanity Then through an exploration of the nature of love it affirms that there are multiple reasons to suggest that God and creation can both be good even with the presence of violence and suffering This is an innovative exploration of an under examined subject that encompasses issues of theology science morality and human

animal interactions As such it will be of keen interest to scholars and academics of religion and science the philosophy of religion theodicy and biblical studies Elenchus of Biblica ,1995 *A Theology of John's Gospel and Letters* Andreas J. Kostenberger,2015-04-28 A Theology of John s Gospel and Letters introduces the first volume in the BTNT series Building on many years of research and study in Johannine literature Andreas K stenberger not only furnishes an exhaustive theology of John s Gospel and letters but also provides a detailed study of major themes and relates them to the Synoptic Gospels and other New Testament books Readers will gain an in depth and holistic grasp of Johannine theology in the larger context of the Bible D A Carson Trinity Evangelical Divinity School says about K stenberger s volume that for the comprehensiveness of its coverage in the field of Johannine theology Gospel and Letters there is nothing to compare to this work I Howard Marshall University of Aberdeen writes This book is a first in many ways the first volume that sets the pattern for the quality and style of the new Biblical Theology of the New Testament series published by Zondervan the first major volume to be devoted specifically to the theology of John s Gospel and Letters at a high academic level and the first volume to do so on the basis that here we have an interpretation of John s theology composed by an eyewitness of the life and passion of Jesus The Biblical Theology of the New Testament Series The Biblical Theology of the New Testament BTNT series provides upper college and seminary level textbooks for students of New Testament theology interpretation and exegesis Pastors and discerning theology readers alike will also benefit from this series Written at the highest level of academic excellence by recognized experts in the field the BTNT series not only offers a comprehensive exploration of the theology of every book of the New Testament including introductory issues and major themes but also shows how each book relates to the broad picture of New Testament theology God, Purpose, and Reality John Christopher Bishop,Kenneth J. Perszyk,2023 John Bishop and Ken Perszyk argue that it is reasonable to reject the standard conception of a personal omniGod They present an alternative view euteleology reality is inherently purposive and the universe exists ultimately because its overall end which is the supreme good is made concretely real within it *The Wiley Blackwell Companion to World Christianity* Lamin Sanneh,Michael McClymond,2016-03-24 The Wiley Blackwell Companion to World Christianity presents a collection of essays that explore a range of topics relating to the rise spread and influence of Christianity throughout the world Features contributions from renowned scholars of history and religion from around the world Addresses the origins and global expansion of Christianity over the course of two millennia Covers a wide range of themes relating to Christianity including women worship sacraments music visual arts architecture and many more Explores the development of Christian traditions over the past two centuries across several continents and the rise in secularization **Union with God in Christ** Matthew Friedman,2017-10-26 A significant number of Muslim communities throughout the world reflect varying degrees of involvement in Islamic mysticism What bridges are present in this context that will facilitate not only evangelism but also discipleship and community formation Matthew Friedman guides the reader on a journey examining the response of the early Christian community to the

challenges of ancient Jewish and Hellenic mysticism focusing on the central idea of union with God in Christ Far from finding this to be a leftover from the early Church he discovers that this theme remained crucial into the Reformation particularly in the writing and work of eighteenth century figures John and Charles Wesley Join Friedman as he explores resources for discipleship and community building that will be relevant to both scholars and practitioners alike and will be effective for witness within modern contexts of Islamic mysticism worldwide
