American neighbors from a sociocultural political and literary perspective Second how did his perception of the modern  
nation impact his own concepts of race capital punishment poetics and nation building for Cuba The overarching endeavor of  
this project is to view and read Mart with the same critical or modern eye with which he viewed and read Spain Cuba Latin  
America and the United States This volume combining many of the most relevant experts in the field of Mart studies attempts  
to answer those questions It hopes to broaden the understanding and extend the influence of one of Americas speaking of the  
collective Americas most prolific and important writers particularly within the very nation where his chronicles poetry and

relevancy is crucial to bridging the gap between these nations
