Joseph And His Family A Literary Study:

Joseph and His Family W. Lee Humphreys, 1988 The Book of Genesis Craig A. Evans, Joel N. Lohr, David L. Petersen, 2012-03-20 Drawing on the latest in Genesis scholarship this volume offers twenty nine essays on a wide range of topics related to Genesis written by leading experts in the field Topics include its formation reception textual history and translation themes theologies and place within Judaism Christianity and Islam The Yahwist John Van Seters, 2013-10-21 This book on the Yahwist comes at the end of a long career of research on the Pentateuch in general and the Yahwist in particular Van Seters's interest in the Yahwist was stimulated by the 1964 presidential address of the Society of Biblical Literature given by Professor Fredrick Winnett Rethinking the Foundations which focused on the Yahwist in Genesis This interest followed a path of work on issues surrounding the Yahwist that culminated in three volumes Prologue to History The Yahwist as Historian in Genesis 1992 The Life of Moses The Yahwist as Historian in Exodus Numbers 1994 and A Law Book for the Diaspora Revision in the Study of the Covenant Code 2003 Over the last few years it has become clear to Van Seters that readers of the three volumes on the Yahwist which total more than 1 000 pages easily lose sight of the Yahwist's work as a whole and the way in which it provides a historical prologue and framework for D and the DtrH In this book Van Seters seeks to provide a summary sketch of the J history and to make clear how the Priestly corpus has been composed as a supplement to the Yahwist with a radically different form and point of view that has obscured the Yahwist's historical narrative and theological perspective Part one lays out in simple terms the basic form structure and theological perspective of the Yahwist's history where it has been interrupted by the inclusions of P and how it is integrated into DtrH The essays in part two are intended to bring the scholarly discussion of Van Seters's earlier books on the Yahwist more up to date and their order corresponds roughly to the order of the narrative in the first part of the book Some of these articles have been published previously but others are new and quite recent including The Yahwist as Historian **Victim and Victimizer** Yiu-Wing Fung, 2000-06-01 This book attempts an interesting exercise in character analysis It scrutinizes the speeches of Joseph in such a way as to expose the problematic nature of his claims to know God's intentions While Judah is forced by Joseph's test to choose slavery for the sake of his father's survival the ironic reversal of Judah's role from victimizer to victim is undercut by the rationale by which he had Joseph sold in order to save him Unwittingly Joseph mistakes this rationale as a divine principle that undergirds his suffering and he dreams of domination for the same purpose of survival He is unaware of Judah's real predicament and this double blindness calls into doubt the coalescence of perspectives of Joseph and the narrator Biblical Figures in the Islamic Faith Stephen J. Vicchio, 2008-07-01 Vicchio believes that by understanding how much Muslim tradition overlaps with the biblical traditions of Judaism and Christianity we might begin to expose a wedge of common ground on which understanding and respect might begin to be built Vicchio begins with a brief introduction sketching some fundamentals of Muslim history and culture and clearing away some common misconceptions His main goal

however is to give us a detailed look at the treatment of biblical figures in the literature of Islam. The broad range of his research and presentation is startling. He begins with the Qur'an but continues on to the collected writing of the roughly two hundred years after Mohammed. Hadith, Sunnah, Akhbar that came to be regarded as authoritative in the various traditions that developed in early Islam. He then traces the interest in these biblical figures on into modern treatments of the role of these figures in Muslim scholarship and how these figures are understood and used in the traditions of Islam yet today. The result of Vicchio's scholarship and presentation will be a revelation to most Christian and Jewish readers. It has become somewhat commonplace to refer to Judaism, Christianity and Islam as the three Abrahamic faiths. This shows a beginning awareness of the beginnings of each of these three great religions birthed in the Middle East in a common ancestor Abraham. Ibrahim, Abraham's faithfulness and his closeness to God make him a revered figure in each of these three great faiths and for each Abraham is a beginning of the story of the particular relationship between God and the people of each of these religions from the Foreword.

Introduction to Reading the Pentateuch Jean Louis Ska, 2006. When Jean Louis Ska's *Introduzione alla lettura del Pentateuco* was first published in Italy it was quickly hailed as the most attractive and usable introduction to the Pentateuch to appear in modern times. Because of its strengths it was soon translated into French. The English translation published by Eisenbrauns has been completely reviewed and updated including the bibliography by Ska. Among the book's many strengths are its close attention to the ways in which modern cultural history has affected Pentateuchal interpretation, attention to providing the kinds of examples that are helpful to students, presentation of a good balance between the history of interpretation and the data of the text and the clarity of Ska's writing. For both students and scholars many consider this book the best contemporary introduction to the Pentateuch.
